There are 88 municipalities in parts of 7 counties in the NJ Highlands region. Aligning certain local planning and regulatory documents with the Highlands RMP (conformance) is required by law in the Preservation Area and is optional in the Planning Area. This is achieved through a petition process. Regardless of conformance status, all municipalities are located in the NJ Highlands Region and subject to the Highlands Act (N.J.S.A. 13:20-1 et seq.) and the NJDEP Highlands Rules (N.J.A.C. 7:38).
