**Time:**

**Course Length:** Two days, 16 hours. Students must attend all days to receive credit for the course.

### **Course Description:**

This course provides training for local communities to prepare for and manage the Mass Care/Emergency Assistance (MC/EA) functions effectively. The goal is to prepare community agencies, organizations, and businesses to work together in coordination with Emergency Management and traditional MC providers to plan and provide MC/EA services to those affected by disaster.

### **Course Objectives:**

Define the four primary MC/EA services as discussed in this course. Describe how to determine their community's MC/EA service resource requirements. Identify providers that exist in their community or can be called upon from a nearby community to meet the requirements for MC/EA. Name planning and operational actions that can affect how services will be provided. List action items to use resources and providers to meet MC/EA requirements in their community.

### **Target Audience:**

This course is intended for MC coordinators, management staff, non-governmental organization leaders, private sector, and other emergency management staff that are a part of the team and have a responsibility for effective MC/EA preparedness and response.
