CRIME

IN NEW JERSEY

FOR THE YEAR ENDING DECEMBER 31, 2009

New Jersey State Police
Uniform Crime Reporting Unit

***UNIFORM
CRIME
REPORT
State of New Jersey
2009***

Honorable Paula T. Dow
Attorney General
State of New Jersey

Colonel Joseph R. Fuentes
Superintendent
New Jersey State Police

Major James S. Beshada
Commanding Officer
Identification & Information Technology Section
New Jersey State Police

Chief Eric Mason
Cranford Township Police Department
President
New Jersey Association of Chiefs of Police

Prepared and Issued by:
State of New Jersey, Division of State Police
Uniform Crime Reporting Unit
P.O. Box 7068

OFFICE OF THE ATTORNEY GENERAL
DEPARTMENT OF LAW AND PUBLIC SAFETY
P.O. Box 080
TRENTON, NJ 08625-0080

CHRIS CHRISTIE
Governor

KIM GUADAGNO
Lt. Governor

PAULA T. DOW
Attorney General

The Honorable Chris Christie
Governor of the State of New Jersey

Honorable Members of the Senate and
Assembly of the State of New Jersey

Dear Governor and Members of the Legislature:

Pursuant to N.J.S.A. 52:17B-5.5, I am submitting the forty-third annual report of crime in New Jersey. The annual report is based on crime statistics submitted to the New Jersey Uniform Crime Reporting System by every New Jersey law enforcement agency for the year 2009.

Effective law enforcement requires accurate crime statistics in order to identify the extent, type, and location of criminal activity. Criminal Justice administrators and planners have long recognized the Uniform Crime Reporting Program as the vehicle to accomplish this objective.

The success of the Uniform Crime Reporting System during 2009 could not have been realized without the cooperation extended by each of the 545 law enforcement agencies of the State, the New Jersey Chiefs of Police Association, and the County Prosecutors Association.

It is in the interest of more effective law enforcement to the eight million residents of New Jersey that the forty-third annual report is submitted.

Respectfully,

A handwritten signature in black ink, appearing to read "Paula T. Dow".

Paula T. Dow
Attorney General of New Jersey

Section One

SYNOPSIS: UNIFORM CRIME REPORTING PROGRAM

THE NEW JERSEY UNIFORM CRIME REPORTING SYSTEM

DEFINITION

The New Jersey Uniform Crime Reporting System is based upon the compilation, classification, and analysis of crime data reported by all New Jersey police agencies in accordance with the regulations prescribed by law.

DEVELOPMENT

The New Jersey Uniform Crime Reporting Law (N.J.S.A. 52:17 B-5.1 et. seq.) was enacted on May 16, 1966, and became effective January 1, 1967. Responsibility for the establishment, direction, control, and supervision of the Uniform Crime Reporting System was assigned to the State's Attorney General. The Attorney General authorized the New Jersey State Police to collect and collate the crime data received from law enforcement agencies within the state.

At the request of the Attorney General, the New Jersey State Police researched crime systems in operation throughout the nation in order to establish a firm foundation from which to grow. The most logical approach was the paralleling of the federal crime reporting system. There was a distinct need for a compatibility feature that would enhance both the state and federal systems through the data entry at both levels.

This compatibility has, as its nucleus, the standard classification of offenses established by the Federal Bureau of Investigation. Regardless of the label placed on a particular offense in the various states' systems, *i.e.*, felony, misdemeanor, disorderly persons, if the incident meets the federal standard it will be reported as an offense.

The terms "crime" and "offense" are used interchangeably in this publication, and refer to an act committed in violation of a law which is reportable under the guidelines of the Uniform Crime Reporting Program.

The New Jersey State Chiefs of Police Association has served the program in an advisory capacity since 1966. The contributions of this association have proved valuable to the success of the program. This association works in close harmony with the State Police as a means of improving the quality of reporting through recommended program standards, policies and procedures.

COLLECTION OF CRIME DATA

As required by statute, all law enforcement agencies in the state submit monthly and annual summary crime reports to the program. During the year 2009, offense and arrest data were received from 473 full-time municipal police departments, one (1) part-time municipal police department, and the New Jersey State Police (acting as the reporting agent for the 76 municipalities without local police services). In addition to the 473 full-time municipal police departments there are 17 police departments contracted by other municipalities.

In addition to the above agencies, arrest data was received from the state's 21 prosecutors, sheriffs' departments, one (1) county police department, and three (3) county park police departments. In order to incorporate all New Jersey law enforcement agencies under the system, the ten (10) other state agencies with law enforcement responsibilities, excluding state police, as well as 14 college campus police departments were incorporated within the program. Collectively, a total of 545 law enforcement agencies submit the reports to the New Jersey State Police.

METHOD

A State of New Jersey Uniform Crime Reporting Guide has been distributed to all contributors. It outlines reporting procedures in detail, and is complete to the extent of providing examples and illustrations. Field representatives provide additional instruction and clarification when required.

All reported offenses are related to the municipality in which they occur rather than to the agency which may conduct the investigation. The clearance is credited to the municipality in which the offense occurred. Each contributing agency is responsible for compiling its own reports. Law enforcement agencies report the number of known offenses according to the following categories: Homicide (Murder and Manslaughter), Rape, Robbery, Aggravated Assault, Burglary, Larceny-Theft, Motor Vehicle Theft, and Arson. The "Crime in New Jersey," and the Federal Bureau of Investigation's "Crime in the United States" publications exclude manslaughters, simple assaults, and arsons from the "Index" offenses. These are further referred to as "violent" and "nonviolent" crimes as

graphically illustrated in Section VII under “Municipal and County Offenses and Demographic Data,” and Section II, “State Summary and Offense Analysis.”

All reported offenses are compiled from a record of all criminal complaints received by police from victims or other sources, or discovered by the police during routine operations. Complaints determined to be unfounded are eliminated from this count. Analytical data pertaining to specific crime categories are also reported, *i.e.* total adult and juvenile arrests made during the month. Police killed or assaulted and arson data are also collected monthly. Police personnel information is submitted on an annual basis.

FLOW CHART OF UCR REPORTS

VERIFICATION PROCESSES

The uniformity and accuracy of data gathered from contributors must be safeguarded through various ways. Although guidelines and instructions are provided to each contributor, they are not the panaceas for the accuracy being sought.

The reports received by the Uniform Crime Reporting Unit are recorded and examined for mathematical accuracy and reasonableness of the interpretation of the offense classifications. Improper classifications, changes in reporting procedures, or actual change are identified in this manner. Errors of a minor nature are corrected by direct telephone contact with the contributors, while all other errors are resolved through a personal visit by a field representative to the reporting agency.

Further verification is accomplished through the analysis of statistical data accrued from the reports submitted. Fluctuations in crime rates noted from previous submissions are verified by the field representatives through their municipal counterpart.

FUNCTION

Police executives make use of this data in administrative, planning, and operational determinations for their respective jurisdictions. The State Police Uniform Crime Reporting Unit provides assistance to municipal police agencies through the individual analysis of statistics as they relate to specific crime problems within their jurisdiction. Police executives also use this data for identifying personnel and equipment needs. The Uniform Crime Reporting Program requirements not only have increased police efficiency in reporting and record keeping areas, but have helped police in their day to day operations.

Although the data collected on the offenses of manslaughter and simple assault are not presented in the annual report, they are required for the federal system. Data for these offenses is processed and provided for research purposes.

PROFILE OF NEW JERSEY

New Jersey is situated between the major industrial markets of New York and Philadelphia. The geographic location of the state has been a major factor in its growth and development. The many miles of interstate roadways within the state connect New Jersey directly with the neighboring states of New York, Pennsylvania, and Delaware. Additionally, New Jersey roadways accommodate large volumes of traffic as a corridor for commerce and travelers from throughout the United States.

The state is geographically composed of 21 counties which contain 567 incorporated municipalities. Nationally, New Jersey, although 46th in size, ranks tenth in population and first as the most densely populated state in the country. In addition to this density of 1,158.8 persons per square mile, New Jersey still has many miles of rural areas and sparsely settled communities. The areas of density are concentrated around the major urban centers and those venues most accessible for commuting.

Area in Square Miles	2008 Estimated Population	2000 Census Population	2008/2000 Percent Change	2008 Density per Square Mile	2000 Density per Square Mile
7,495.73	8,682,661	8,414,350	3.2	1,158.3	1,122.6

STATE, COUNTY AND MUNICIPAL PROFILES

The presentation of state, county and municipal profiles in this section is offered for the purpose of projecting, for the consideration of the reader, a group of recognizable factors which may affect the amount and type of crime that occurs from community to community. Selection of the areas of information to be related to individual municipalities was based on the immediacy and completeness of data available.

Population statistics presented here, and throughout this publication, were obtained from the Department of Labor, Division of Labor Market and Demographic Research.

Character of municipalities by urban, suburban and rural classifications, and square miles, were initially compiled by the Department of Community Affairs, Division of State and Regional Planning, Bureau of Statewide Planning, and will continue to be used for comparative purposes. Following is a list of categories used and a description of each category.

- URBAN CENTER Densely populated with extensive development.
- URBAN SUBURBAN Near an urban center but not as extremely developed and more residential areas.
- SUBURBAN Predominantly single family residential, within a short distance of an urban area.
- RURAL Scattered small communities and isolated single family dwellings.
- RURAL CENTER High density core area with surrounding rural municipalities.

Certain other socioeconomic factors present in varying degrees in all communities may have an influence on resulting crime rates. Obvious difficulties in the identification, documentation and measurement of these factors, however, precluded their application in this report.

Those factors presented were listed to affirm their existence within the county and community and to provide a base for consideration in the evaluation of that community's crime experience.

RESORT MUNICIPALITY CRIME RATES

On July 10, 1998, section 4 of P.L. 1966, c37(C.52:17B-5.4) was amended to require the Uniform Crime Report to include, in addition to the regular statistics, an alternative calculation that takes into account the seasonal population of resort municipalities.

The Department of Labor has been mandated to determine which municipalities qualify as resort municipalities and certify their annual mean population (which includes seasonal population estimates.)

CRIME FACTORS

In order to provide a meaningful statistical profile of crime within the State of New Jersey, each law enforcement agency must provide the Uniform Crime Reporting Unit with data that depicts specific crimes that are occurring within their jurisdiction. There is a need for compatibility with the National Uniform Crime Reporting System and, therefore, categories of offense classifications used within the state are identical with those of the National System. This results in equitable conclusions being drawn from the data submitted.

Reported Part 1 offenses and arrests are recorded in the municipality where they occurred, regardless of the outside investigative agency which may investigate, arrest, or otherwise dispose of the case.

The factors which influence crime rates are dependent upon characteristics of the community. When attempting to interpret the crime statistics presented herein, one should be aware of the social structure and factors that lead to or cause criminal behavior.

Crime rates in this publication are based on the stable population of the municipality. Municipalities that experience high population increases due to special events or commuters or with high seasonal populations, may indicate a higher crime rate per one thousand than may be normal for a municipality their size. A separate section provides statistics for resort municipalities using crime rates which include seasonal populations.

Set forth below are some factors which, by type and volume, will affect the crime rate that occurs from place to place:

- Density and size of the community population and the metropolitan areas of which it is a part.
- Composition of the population with reference particularly to age, sex and race.
- Economic status, including job availability, and mores of the population.
- Relative stability of population, including commuter, seasonal, and other transient types.
- Climate, including seasonal weather conditions.
- Cultural conditions, such as educational, recreational, and religious characteristics.
- Effective strength of law enforcement agencies.
- Administrative and investigative emphases of law enforcement.
- Policies of other components of the criminal justice system (*i.e.*, prosecutorial, judicial, correctional, and probational).
- Crime reporting practices of the general citizenry.
- Attitudes of the public toward crime reporting.
- The administrative and investigative efficiency of the local law enforcement agency, including the degree of adherence to crime reporting standards.
- Cooperation of adjoining and overlapping police agencies.

THE POLICE POINT OF VIEW

The New Jersey State Police Uniform Crime Reporting Unit surveyed various police agencies of the state, attempting to ascertain their opinion concerning factors contributing to the increase or decrease of specific crimes in their municipality. One of the goals of the Uniform Crime Reporting Unit is to assist police in reducing crime by first identifying its extent, type and location. The following viewpoints are offered with the expectation of reaching this goal.

ROBBERY

Decreases:

- More stringent sentencing requirements under the State Criminal Code.
- Advanced technology in communications has led to increased exchanges of information between police departments.
- Highly visible foot patrols being deployed in commercial areas and densely populated residential areas.
- Use of Anti-crime Unit in high robbery areas.

Increases:

- Resort areas have shown an increasing seasonal population.
- Our highly mobile society provides easy access to areas which were previously difficult to reach.

BURGLARY

Decreases:

- Better deployment of police personnel, such as highly visible foot patrols in high density crime areas, and increased patrols during probable time and at probable locations of burglaries.
- More stringent sentencing requirements under the State's Criminal Code have been a deterrent.
- Crime Prevention Programs are being stressed in many communities and citizens have been taking a more active part by reporting suspicious persons or circumstances.

Increases:

- Extreme increases in population in certain areas have led to new housing in suburban and rural areas.
- Husband and wife are both working; leaving homes frequently unoccupied for long periods of time.

LARCENY

Decreases:

- Public awareness programs contribute to the decrease in thefts from parked vehicles.
- Improved or additional lighting deters criminal acts from occurring in parking areas.
- "Safe Streets" Programs and Anti-crime Units have been established in many communities.

Increases:

- Shoplifting is a theft that police have little or no control over. Store security forces are under the control of the store administration, and their policies vary from strict enforcement, arrest and prosecution, to only a warning. Policy change has been directed toward prosecuting the offenders rather than warning them, causing to some extent an increase in the number of shoplifting offenses reported to the police.
- Certain types of property such as CD players, radar detectors and radios are popular and present resale opportunities.
- Youth gang activity on the increase resulting in thefts from motor vehicles.

MOTOR VEHICLE THEFT**Decreases:**

- Stronger sentencing of career criminals has been effective.
- Modern ignition systems and anti-theft devices act as a deterrent.
- Better lighting in parking lots has helped decrease motor vehicle thefts.

Increases:

- The tremendous replacement cost of auto parts has contributed significantly to the increase in motor vehicle thefts for the purpose of auto parts resale.

STATEWIDE CRIME SUMMARY - 2009

CRIME INDEX - VOLUME/RATE

- There were 207,841 Index offenses in 2009, a 9 percent decrease compared to 2008.
- The crime rate of the state is 23.9 victims for every 1,000 permanent inhabitants, a decrease of 9 percent compared to 2008.

ADDITIONAL ANALYSIS

- July with 20,598 offenses reported, recorded the highest incidence of Crime Index offenses while February was the lowest with 13,717 offenses.
- The total value of property stolen amounted to \$347.8 million in 2009, a decrease of 14 percent from 2008.
- Value of property recovered was \$97.8 million, resulting in a recovery rate of 28 percent.
- Stolen motor vehicles accounted for 41 percent of stolen property and 85 percent of the recovered property value.

CRIME INDEX ARRESTS/CLEARANCES

- A total of 48,595 persons were arrested for Index offenses, which represents a 2 percent decrease compared to 2008.
- Adult Index arrests decreased 1 percent and juvenile Index arrests decreased 3 percent.
- Crime Index arrests accounted for 12 percent of the total arrests in 2009.
- Males accounted for 68 percent of the Crime Index arrests and females accounted for 32 percent.
- Fifty-nine percent of the Index arrests were white, 39 percent were black and 2 percent were other races.
- Hispanics accounted for 19 percent of the arrests for Index offenses.
- Police cleared 21 percent of the Index offenses and juveniles accounted for 17 percent of those clearances.

Violent Crime Summary

This category consists of the following index offenses: Murder, Rape, Robbery, Aggravated Assault.

VOLUME/RATE/TREND

- There were 27,108 violent crimes reported in 2009, a 4 percent decrease compared to the violent crimes reported in 2008.
- Violent crimes accounted for 13 percent of the total Crime Index.
- The violent crime rate decreased with 3.1 victims for every 1,000 permanent inhabitants.

ADDITIONAL ANALYSIS

- The highest number of violent crimes were reported in July with 2,733 offenses while the lowest number was reported in February with 1,772 offenses.
- The total value of property stolen as a result of violent crime was \$12.7 million in 2009 an increase of 10 percent from 2008.

ARRESTS/CLEARANCES

- There were 13,831 violent crime arrests, a decrease of 3 percent compared to 2008.
- Violent crime arrests accounted for 28 percent of the Index arrests and 4 percent of the total arrests during the year.
- Adult arrests for violent crime decreased 2 percent and juvenile arrests decreased 6 percent.
- Adults accounted for 79 percent of the violent crime arrests while the remaining 21 percent were juveniles.
- Males accounted for 81 percent of the Crime Index arrests and females accounted for 19 percent.
- Forty-seven percent of those arrests were white, 51 percent were black and 1 percent were other races.
- Hispanics accounted for 22 percent of the arrests for violent crimes.
- Forty-four percent of violent crimes were cleared and juveniles accounted for 17 percent of those clearances.

NONVIOLENT CRIME SUMMARY

This category consists of the following Index offenses: Burglary, Larceny-Theft, Motor Vehicle Theft.

VOLUME/RATE/TREND

- There were 180,733 nonviolent crimes reported in 2009, a 9 percent decrease compared to nonviolent crimes reported in 2008.
- Nonviolent crimes accounted for 87 percent of the total Crime Index.
- The nonviolent crime rate decreased 9 percent to 20.8 victims for every 1,000 inhabitants in 2009.

ADDITIONAL ANALYSIS

- The highest number of nonviolent crimes were reported in August with 17,977 offenses while the lowest number was reported in February with 11,945 offenses.
- The total value of property stolen as a result of nonviolent crime was \$335.1 million in 2009 a decrease of 14 percent from 2008.

ARRESTS/CLEARANCES

- There were 34,764 nonviolent crime arrests, a decrease of 1 percent when compared to 2008.
- Nonviolent crime arrests accounted for 72 percent of the Index arrests and 9 percent of the total arrests during the year.
- Juveniles were responsible for 23 percent of the nonviolent crime arrests and adults 77 percent.
- Adult arrests for nonviolent crimes decreased 1 percent and juvenile arrests decreased 3 percent.

- Males represented 63 percent and females 37 percent of persons arrested for nonviolent crime.
- Sixty-three percent of all persons arrested for nonviolent crimes were white, 35 percent were black and 2 percent were other races.
- Hispanics accounted for 18 percent of the arrests for nonviolent crimes.
- Eighteen percent of all nonviolent crimes reported were cleared in 2009, and juveniles accounted for 18 percent of those clearances.

TOTAL ARREST SUMMARY

- There were 394,945 persons arrested in 2009, which represents a 4 percent decrease compared to 2008.
- The arrest rate for 2009 decreased 3.9 percent with 45.5 persons arrested per every 1,000 inhabitants.
- Adult arrests decreased 3 percent to 346,022 and juvenile arrests decreased 7 percent to 48,923 in 2009.
- Adults accounted for 88 percent and juveniles 12 percent of the total state arrests.
- Persons under 21 years of age accounted for 25 percent of the total state arrests.
- Males accounted for 75 percent and females 25 percent of the total persons arrested during the year.
- Fifty-seven percent of total persons arrested in 2009 were white, 41 percent were black and 1 percent were other races.
- Hispanics accounted for 17 percent of the arrests.

POLICE OFFICERS KILLED AND ASSAULTED SUMMARY

- In 2009, the number of police officers that were feloniously killed in the line of duty was 1.
- In 2009, New Jersey reported 2,504 police officers assaulted in the line of duty.

MURDER

Definition:

Murder is defined as the unlawful killing of a human being with malice aforethought. Any death due to a fight, argument, quarrel, assault, or commission of a crime is included. This Index offense is counted by police on the basis of their investigation without regard to findings of a court, jury or the decision of a prosecutor. Attempts to kill, are scored as aggravated assaults and not as murder. Suicides, accidental deaths, negligent manslaughters, and justifiable homicides are not counted, nor reflected in the murder classification.

VOLUME/RATE/TREND

- There were 320 murders reported to law enforcement agencies of the state in 2009, a 15 percent decrease compared to the 376 murders reported in 2008.
- Murders accounted for 0.15 percent of the reported Index offenses, and 1 percent of the violent crime.

ADDITIONAL ANALYSIS

- The age group of 25-29 accounted for 22 percent of all murder victims.
- Firearms were used in 68 percent of the murders, knives or cutting instruments in 14 percent, physical force in 6 percent, and blunt objects in 4 percent.
- Twenty-four percent of the offenders were friends or acquaintances of the victim, while 15 percent were strangers, and 4 percent were relatives.
- Felony murders accounted for 21 percent of all murder circumstances. Robbery was the motive in 47 percent of the 68 felony murders.
- Fifty-six murders were recorded on Monday for the high, while Thursday was the lowest, with 35.
- May recorded the highest number of murders 34, while February recorded the lowest 18.
- Forty-nine percent of the murders occurred on highways or streets, 17 percent in single family dwellings, and 13 percent in multi-family apartment dwellings.
- Thirty-nine domestic violence murders were recorded in 2009.
- Drug-related and/or gang related circumstances accounted for 5 percent (15) of all murders.

ARRESTS/CLEARANCES

- A total of 229 persons were arrested for murder in 2009, a 19 percent decrease compared to 2008 .
- Adult murder arrests decreased 21 percent (from 256 to 201) while juvenile arrests increased 8 percent (from 26 to 28).
- Seventy-two percent of persons arrested for murder were black and 27 percent were white.
- Hispanics accounted for 16 percent of the arrests.

- Fifty-three percent of the murders were cleared in 2009 (171 out of 320). Juveniles accounted for 8 percent of those cases cleared.
- Males accounted for 92 percent and females 8 percent of those arrested for murder.

ROBBERY

Definition

Robbery is defined as the felonious and forcible taking of the property of another, against his will, by violence or by putting him in fear. The element of personal confrontation is always present in this crime. Under the program, all assaults or attempts to rob are included.

VOLUME/RATE/TREND

- There were 11,637 robbery offenses in 2009, a decrease of 8 percent compared to 2008.
- Robbery accounted for 6 percent of the total Crime Index and 43 percent of all violent crimes.
- The robbery rate was 1.3 victims per 1,000 population.

ADDITIONAL ANALYSIS

- Highway robberies accounted for 63 percent of all reported robberies.
- Convenience store robberies decreased 22 percent, while highway robberies decreased 9 percent.
- The total value of property stolen during robberies amounted to \$12,609,241.

ARRESTS/CLEARANCES

- A total of 4,423 persons were arrested for robbery in 2009, no percentage change compared to 2008.
- Adult robbery arrests increased 1 percent and juvenile robbery arrests decreased 2 percent.
- Males accounted for 87 percent and females 13 percent of the robbery arrests during 2009.
- Sixty-three percent of all persons arrested for robbery were black, 36 percent were white, and 1 percent were other races.
- Hispanics accounted for 20 percent of the robbery arrests.
- Twenty-eight percent of robbery cases were cleared and juveniles accounted for 26 percent of those clearances.

CARJACKING HIGHLIGHTS

Highlights of carjacking offense statistics for 2009 are listed below:

- There were 240 carjacking offenses reported to the police; 4 were determined to be unfounded, leaving a total of 236 carjackings, involving 268 victims, including passengers.
- Carjackings increased 1% when comparing 2009 to 2008.
- Twenty-six of the 566 municipalities in New Jersey reported carjackings.
- Firearms were involved in 67% (157) of all carjackings. One percent (2) of the firearms used were assault firearms. Shootings were involved in 2 percent (4) of all carjackings.
- New Jersey registered vehicles represented 84% (198) of all carjackings. Honda and Nissan, with 19% (46), was the most frequently carjacked vehicle make, while the most frequently targeted vehicle year was 2000 with 11% (27).
- Sixty-four percent (151) of all carjacked vehicles were recovered. The average value of a carjacked motor vehicle was \$10,099.
- Carjackings occurred in a residential area 70% (166) of the time. The hours of darkness (6:00 p.m. to 6:00 a.m.) accounted for 68% (160) of all carjackings.
- Seventeen percent (40) of all carjackings were witnessed.
- The most frequent victim age group was 20-24, which accounted for 22% (60) of the victim total (268). Seventy-five percent (202) of all victims were male. Fifty-one percent (137) of all victims were black.
- The total number of offenders was 452. Insufficient analysis information was supplied on 36% (164) of the offenders. Of all known offenders (288), 20-24 was the most frequent offender age group and accounted for 61% (177). Ninety-eight percent (283) of all known offenders were male. Eighty-six percent (248) of all known offenders were black.
- Juveniles accounted for 6% (1) of the total arrests for carjacking (17), while adults accounted for 94% (16).
- July had the highest number of offenses with 33, accounting for 14% of all carjacking offenses.
- Sunday recorded the highest number of offenses, accounting for 19% (44) of all carjackings.
- Region I, which consists of Essex, Hudson, and Union counties, accounted for 73% (173) of all carjackings.
- No murders were reported in 2009 as the result of carjacking.
- Five percent (11) of all carjackings (236) were cleared by arrest.

AGGRAVATED ASSAULT

Definition

Aggravated assault, as defined under the New Jersey Uniform Crime Reporting System, is an attempt or offer, with unlawful force or violence, to do serious physical injury to another. Attempts are included since it is not necessary that an injury result when a firearm, knife, or other weapon is used which could result in serious personal injury if the crime was successfully completed.

VOLUME/RATE/TREND

- There were 14,110 reported aggravated assaults in 2009, a decrease of less than one-half of one percent when compared to 2008.
- Aggravated assault accounted for 7 percent of the total Crime Index and 52 percent of all violent crimes.
- The rate for aggravated assault in 2009 remained 1.6 victims per 1000 population when compared to 2008.

ADDITIONAL ANALYSIS

- The categories of physical force (i.e. hands, fists, and feet) and other dangerous weapons (i.e. clubs, bricks, tire irons, etc.) were used in 64 percent of all reported aggravated assaults.
- Firearms were used in 14 percent of all aggravated assaults committed.

ARRESTS/CLEARANCES

- There were 8,814 persons arrested for aggravated assault in 2009, a 3 percent decrease compared to 2008.
- Adult arrests decreased 2 percent, and juvenile arrests decreased 11 percent.
- Males accounted for 77 percent and females 23 percent of the aggravated assault arrests.
- Fifty-three percent of all persons arrested for aggravated assaults were white, 45 percent were black, and the remaining 2 percent were other races.
- Hispanics accounted for 24 percent of the arrests.
- Fifty-eight percent of aggravated assault cases were cleared; juveniles accounted for 13 percent of those clearances.

BURGLARY

Definition

Under this program, burglary is defined as an unlawful entry or attempted entry of any structure to commit a felony or larceny. Data collection for this offense is further categorized as forcible entry, unlawful entry (where no force is used) and attempted forcible entry.

VOLUME/RATE/TREND

- There were 36,928 reported burglary offenses in 2009, an 8 percent decrease when compared to 2008.
- Burglary accounted for 18 percent of the total Crime Index and 20 percent of all nonviolent crimes.
- The burglary rate was 4.3 victims per 1,000 population.

ADDITIONAL ANALYSIS

- Fifty-seven percent of all burglaries involved forcible entry, 32 percent were unlawful entry where no force was used and attempts to forcibly enter accounted for 11 percent in 2008.
- Residences were targets in 75 percent of the reported burglaries.
- Forty-nine percent of nonresidential burglaries are known to have occurred between the hours of 6:00 p.m. and 6:00 a.m.
- Stolen property as a result of burglary statewide, amounted to \$79.5 million, for an average loss of \$2,152.
- The average loss as a result of residential burglaries was \$2,191 and of nonresidential burglaries was \$2,038.

ARRESTS/CLEARANCES

- Burglary arrests decreased 8 percent with 6,177 persons arrested.
- Adult arrests decreased 7 percent, and juvenile arrests decreased 11 percent.
- Males accounted for 86 percent, and females 14 percent of the burglary arrests.
- Juveniles accounted for 23 percent of all burglary arrests.
- Sixty-five percent of burglary arrests were white, 34 percent were black, and the remaining 1 percent were other races.
- Hispanics accounted for 17 percent of the arrests.
- Thirteen percent of the burglaries statewide were cleared and juveniles accounted for 15 percent of those clearances.

LARCENY-THEFT

Definition

The definition of larceny-theft, as provided under this program, is the taking of the property of another with intent to deprive him of ownership. All larcenies and thefts resulting from pocketpicking, purse-snatching, shoplifting, larcenies from motor vehicles, thefts or motor vehicle parts and accessories, bicycle thefts, etc., are included here. Embezzlement, unlawful conversions, larceny by bailee, frauds or bad checks are not included.

VOLUME/RATE/TREND

- There were 128,304 larcenies reported in 2009 a decrease of 7 percent compared to 2008.
- Larceny accounted for 62 percent of the total Crime Index and 71 percent of all nonviolent crimes.
- The rate for larceny was 15 victims per 1,000 population.

ADDITIONAL ANALYSIS

- Theft of motor vehicle parts and accessories and thefts from motor vehicles collectively accounted for 32 percent of all larceny-theft reported.
- Shoplifting offenses increased 4 percent when compared to 2008.
- Theft from buildings accounted for 17 percent of all larceny-thefts reported.

ARRESTS/CLEARANCES

- Larceny arrests increased 1.1 percent in 2009 with 27,785 persons arrested.
- Adult arrests increased 2 percent, and juvenile arrests did not change significantly (no percentage change).
- Males accounted for 57 percent, and females 43 percent of the larceny arrests.
- Sixty-three percent of larceny arrests were white, 34 percent were black, and the remaining 3 percent were other races.
- Hispanics accounted for 18 percent of the arrests.
- Twenty-one percent of the larcenies were cleared with juveniles accounting for 18 percent of those clearances.

MOTOR VEHICLE THEFT

Definition

In Uniform Crime Reporting, motor vehicle theft includes all thefts and attempted thefts of a motor vehicle. This includes the theft or attempted theft of a motor vehicle which is defined as a self-propelled vehicle that runs on the surface and not on the rails. This definition excludes taking a motor vehicle for temporary use, such as family situation, or unauthorized use by others having lawful access to the vehicle. The motor vehicle theft category includes the subheadings of autos, trucks and buses, and other vehicles (motorcycles, mopeds, etc.)

VOLUME/RATE/TREND

- There were 15,501 motor vehicle thefts reported in 2009, a 23 percent decrease when compared to 2008.
- Motor vehicle theft accounted for 7 percent of the total Crime Index and 9 percent of all nonviolent crimes.
- The motor vehicle theft rate was 1.8 victims per 1000 population.

DISTRIBUTION BY TYPE

Type	Number	Percent Distribution
Auto	13,466	87
Trucks and Buses	930	6
Other Vehicles	1,105	7

ADDITIONAL ANALYSIS

- Motor vehicles represented 41 percent of the total value of property stolen during 2008.
- Total value of stolen motor vehicles amounted to \$141 million during the year.
- The average value of a stolen motor vehicle was \$8,935.
- Recovered vehicle values totaling \$83 million represent 85 percent of the total value of recovered property.

ARRESTS/CLEARANCES

- A total of 802 persons arrested for Motor Vehicle Theft, this represents 16 percent decreased compared to 2008.
- Adult arrests decreased 18 percent, and juvenile arrests decreased 8 percent.
- Males accounted for 79 percent, and females 21 percent of the motor vehicle theft arrests.
- Fifty-eight percent of all persons arrested for motor vehicle theft were white, 41 percent were black, and the remaining 1 percent were other races.
- Hispanics accounted for 17 percent of the arrests.
- Six percent of motor vehicle thefts were cleared in 2009; juveniles accounted for 16 percent of those clearances.

- Males accounted for 85 percent and females 15 percent of the arrests.
- Seventy-four percent of total persons arrested in 2009 were white, 24 percent were black, and 2 percent were other races.
- The Hispanic ethnic origin accounted for 17 percent of the arrests and 83 percent were non-Hispanic.

Percent distribution may not add to 100 due to rounding.

FORGERY AND COUNTERFEITING

Definition

The definition of forgery and counterfeiting is the making, altering, uttering or possessing or attempting to make, alter, utter or possess, with intent to defraud, anything false which is made to appear true.

- There were 1,780 arrests reported by law enforcement agencies for forgery and counterfeiting during this year, a decrease of 5 percent when compared to 2008.
- Adults accounted for 97 percent and juveniles accounted for 3 percent of the arrests.
- Males accounted for 63 percent and females 37 percent of the arrests.
- Sixty-three percent of total persons arrested in 2009 were white, 35 percent were black, and 2 percent were other races.
- The Hispanic ethnic origin accounted for 24 percent of the arrests and 76 percent were non-Hispanic.

FRAUD

Definition

In Uniform Crime Reporting, fraud is the fraudulent conversion and obtaining money or property by false pretenses. This includes bad checks, confidence games, etc., except forgeries and counterfeiting.

- There were 5,108 arrests reported by law enforcement agencies for fraud during this year, a decrease of 1 percent when compared to 2008.
- Adults accounted for 98 percent and juveniles accounted for 2 percent of the arrests.
- Males accounted for 69 percent and females 31 percent of the arrests.
- Fifty-nine percent of total persons arrested in 2009 were white, 38 percent were black, and 3 percent were other races.
- The Hispanic ethnic origin accounted for 15 percent of the arrests and 85 percent were non-Hispanic.

EMBEZZLEMENT

Definition

The definition of embezzlement is the misappropriation or misapplication of money or property entrusted to one's care, custody or control.

- There were 147 arrests reported by law enforcement agencies for embezzlement during this year, a decrease of 9 percent when compared to 2008.
- Adults accounted for 96 percent and juveniles accounted for 4 percent of the arrests.
- Males accounted for 53 percent and females 47 percent of the arrests.
- Sixty-four percent of total persons arrested in 2009 were white, 31 percent were black, and 5 percent were other races.
- The Hispanic ethnic origin accounted for 15 percent of the arrests and 85 percent were non-Hispanic.

STOLEN PROPERTY

(Buying, Receiving, Possessing)

Definition

Included in this class are all offenses of buying, receiving, and possessing stolen property, as well as all attempts to commit any of these offenses.

- There were 3,755 arrests reported by law enforcement agencies for stolen property; buying, receiving, possessing, etc. during this year, a decrease of 11 percent when compared to 2008.
- Adults accounted for 75 percent and juveniles accounted for 25 percent of the arrests.
- Males accounted for 79 percent and females 21 percent of the arrests.
- Forty-six percent of total persons arrested in 2009 were white, 53 percent were black, and 1 percent were other races.
- The Hispanic ethnic origin accounted for 20 percent of the arrests and 80 percent were non-Hispanic.

CRIMINAL/MALICIOUS MISCHIEF

Definition

Criminal/Malicious mischief is defined as the willful destruction, injury, disfigurement, or defacement of property without consent of the owner or persons having custody or control.

- There were 6,547 arrests reported by law enforcement agencies for criminal/malicious mischief during this year, a decrease of 10 percent when compared to 2008.
- Adults accounted for 60 percent and juveniles accounted for 40 percent of the arrests.
- Males accounted for 82 percent and females 18 percent of the arrests.
- Seventy-one percent of total persons arrested in 2009 were white, 28 percent were black, and 1 percent were other races.
- The Hispanic ethnic origin accounted for 19 percent of the arrests and 81 percent were non-Hispanic.

WEAPONS: CARRYING, POSSESSING, etc.

Definition

Under this program, this offense includes all the violations of regulations or statute controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers, and attempts.

- There were 4,770 arrests reported by law enforcement agencies for weapons; carrying, possessing, etc. during this year, a decrease of 9 percent when compared to 2008.
- Adults accounted for 74 percent and juveniles accounted for 26 percent of the arrests.
- Males accounted for 87 percent and females 13 percent of the arrests.
- Forty-seven percent of total persons arrested in 2009 were white, 52 percent were black, and 1 percent were other races.
- The Hispanic ethnic origin accounted for 19 percent of the arrests and 81 percent were non-Hispanic.

PROSTITUTION AND COMMERCIALIZED VICE

Definition

Prostitution and commercialized vice are sex offenses of a commercialized nature and attempts. Included in this category are prostitution, keeping a bawdy house, procuring or transporting women for immoral purposes, etc.

GAMBLING

Definition

Gambling violations are defined as the promoting, permitting or engaging in illegal gambling.

- There were 270 arrests reported by law enforcement agencies for gambling during this year, a decrease of 25 percent when compared to 2008.
- Adults accounted for 88 percent and juveniles accounted for 12 percent of the arrests.
- Males accounted for 49 percent and females 51 percent of the arrests.
- Seventy-eight percent of total persons arrested in 2009 were white, 15 percent were black, and 7 percent were other races.
- The Hispanic ethnic origin accounted for 31 percent of the arrests and 69 percent were non-Hispanic.

OFFENSES AGAINST FAMILY AND CHILDREN

Definition

The definition of offenses against family and children is the nonsupport, neglect, desertion or abuse of family and children.

- There were 14,512 arrests reported by law enforcement agencies for offenses against family and children during this year, a decrease of 8 percent when compared to 2008.
- Adults accounted for 99 percent and juveniles accounted for 1 percent of the arrests.
- Males accounted for 89 percent and females 11 percent of the arrests.
- Fifty-five percent of total persons arrested in 2009 were white, 44 percent were black, and 1 percent were other races.
- The Hispanic ethnic origin accounted for 14 percent of the arrests and 86 percent were non-Hispanic.

DRIVING UNDER THE INFLUENCE

Definition

Under the New Jersey Crime Reporting Program, the offense of driving under the influence is defined as the driving or operating of any motor vehicle while drunk or under the influence of alcohol or narcotics.

- There were 27,838 arrests reported by law enforcement agencies for driving under the influence during this year, a decrease of 3 percent when compared to 2008.
- Adults accounted for 99 percent and juveniles accounted for 1 percent of the arrests.
- Males accounted for 69 percent and females 31 percent of the arrests.
- Eighty-four percent of total persons arrested in 2009 were white, 13 percent were black, and 3 percent were other races.
- The Hispanic ethnic origin accounted for 19 percent of the arrests and 81 percent were non-Hispanic.

LIQUOR LAWS

Definition

Included in this category are state or local liquor law violations, with the exception of 'driving under the influence'.

- There were 7,364 arrests reported by law enforcement agencies for liquor laws during this year, a decrease of 8 percent when compared to 2008.
- Adults accounted for 68 percent and juveniles accounted for 32 percent of the arrests.
- Males accounted for 72 percent and females 28 percent of the arrests.
- Eighty-nine percent of total persons arrested in 2009 were white, 10 percent were black, and 2 percent were other races.
- The Hispanic ethnic origin accounted for 10 percent of the arrests and 90 percent were non-Hispanic.

DISORDERLY CONDUCT

Definition

In this category are placed all charges of committing a breach of the peace (disorderly person).

- There were 22,091 arrests reported by law enforcement agencies for disorderly conduct during this year, a decrease of 7 percent when compared to 2008.
- Adults accounted for 83 percent and juveniles accounted for 17 percent of the arrests.
- Males accounted for 78 percent and females 22 percent of the arrests.
- Sixty-one percent of total persons arrested in 2009 were white, 37 percent were black, and 1 percent were other races.
- The Hispanic ethnic origin accounted for 17 percent of the arrests and 83 percent were non-Hispanic.

VAGRANCY

Definition

In this category are persons charged with vagabondage, begging, loitering, etc.

- There were 1,483 arrests reported by law enforcement agencies for vagrancy during this year, a decrease of 22 percent when compared to 2008.
- Adults accounted for 98 percent and juveniles accounted for 2 percent of the arrests.
- Males accounted for 75 percent and females 25 percent of the arrests.
- Fifty percent of total persons arrested in 2009 were white, 49 percent were black, and 1 percent were other races.
- The Hispanic ethnic origin accounted for 10 percent of the arrests and 90 percent were non-Hispanic.

Percent distribution may not add to 100 due to rounding.

ALL OTHER OFFENSES

Definition

Included in this category are all violation of state and local laws, except those offenses that can be categorized into one of the specific crime classifications previously mentioned.

- There were 157,213 arrests reported by law enforcement agencies for all other offenses (except traffic) during this year, a decrease of 4 percent when compared to 2008.
- Adults accounted for 95 percent and juveniles accounted for 5 percent of the arrests.
- Males accounted for 76 percent and females 24 percent of the arrests.
- Fifty-one percent of total persons arrested in 2009 were white, 48 percent were black, and 1 percent were other races.
- The Hispanic ethnic origin accounted for 16 percent of the arrests and 84 percent were non-Hispanic.

CURFEW AND LOITERING LAW VIOLATIONS

Definition

In this category are juvenile arrests made for violations of local curfew or loitering ordinances.

- There were 5,665 arrests reported by law enforcement agencies for curfew and loitering law violations during this year, an increase of 19 percent when compared to 2008.
- Males accounted for 68 percent and females 32 percent of the arrests.
- Forty-two percent of total persons arrested in 2009 were white, and 58 percent were black.
- The Hispanic ethnic origin accounted for 27 percent of the arrests and 73 percent were non-Hispanic.

RUNAWAYS

Definition

For Uniform Crime Reporting purposes, this category is limited to juveniles taken into protective custody, under provisions of local statutes, as runaways.

- There were 3,816 arrests reported by law enforcement agencies for runaways during this year, a decrease of 6 percent when compared to 2008.
- Males accounted for 43 percent and females 57 percent of the arrests.
- Thirty-nine percent of total persons arrested in 2009 were white, and 61 percent were black.
- The Hispanic ethnic origin accounted for 26 percent of the arrests and 74 percent were non-Hispanic.

Percent distribution may not add to 100 due to rounding.

VOLUME/RATE

- A total of 16,368 Crime Index Offenses were reported to the police of Hudson County during 2009, a 14 percent decrease when compared to 2008.
- Violent crimes decreased 17 percent while the nonviolent crime category decreased 13 percent.
- The crime rate for Hudson County was recorded at 27.5 victims for every 1,000 permanent inhabitants, a decrease of 13 percent compared to the previous year.
- Murder decreased from 35 in 2008 to 30 in 2009. Rape decreased from 80 in 2008 to 73 in 2009.
- Robbery decreased from 1,871 in 2008 to 1,386 in 2009. Burglary decreased from 3,506 in 2008 to 2,786 in 2009.
- Aggravated assault decreased from 1,593 in 2008 to 1,478 in 2009.
- The total value of property stolen in Hudson County amounted to \$33.8 million, of which 25 percent was recovered.

ARRESTS/CLEARANCES

- There were 25,975 persons arrested during 2009, a decrease of 12 percent when compared to 2008.
- Adult arrests decreased 11 percent to 23,562 and juvenile arrests decreased 20 percent to 2,413 in 2009.
- The total clearance rate for Index offenses was 19 percent; juveniles were responsible for 15 percent of those cases.

Hunterdon County

VOLUME/RATE

- A total of 1,117 Crime Index Offenses were reported to the police of Hunterdon County during 2009, a 12 percent decrease when compared to 2008.
- Violent crimes decreased 16 percent while the nonviolent crime category decreased 12 percent.
- The crime rate for Hunterdon County was recorded at 8.7 victims for every 1,000 permanent inhabitants, a decrease of 12 percent compared to the previous year.
- Murder decreased from 1 in 2008 to 0 in 2009. Rape decreased from 13 in 2008 to 4 in 2009.
- Robbery increased from 3 in 2008 to 11 in 2009. Burglary decreased from 237 in 2008 to 233 in 2009.
- Aggravated assault decreased from 58 in 2008 to 48 in 2009.
- The total value of property stolen in Hunterdon County amounted to \$2.3 million, of which 36 percent was recovered.

ARRESTS/CLEARANCES

- There were 3,488 persons arrested during 2009, a decrease of 12 percent when compared to 2008.
- Adult arrests decreased 10 percent to 3,144 and juvenile arrests decreased 22 percent to 344 in 2009.
- The total clearance rate for Index offenses was 22 percent; juveniles were responsible for 9 percent of those cases.

Mercer County

VOLUME/RATE

- A total of 9,241 Crime Index Offenses were reported to the police of Mercer County during 2009, a 2 percent decrease when compared to 2008.
- Violent crimes increased 13 percent while the nonviolent crime category decreased 5 percent.
- The crime rate for Mercer County was recorded at 25.3 victims for every 1,000 permanent inhabitants, a decrease of 2 percent compared to the previous year.
- Murder decreased from 24 in 2008 to 18 in 2009. Rape increased from 48 in 2008 to 56 in 2009.
- Robbery decreased from 730 in 2008 to 699 in 2009. Burglary decreased from 1,707 in 2008 to 1,661 in 2009.
- Aggravated assault increased from 625 in 2008 to 839 in 2009.
- The total value of property stolen in Mercer County amounted to \$11 million, of which 25 percent was recovered.

ARRESTS/CLEARANCES

- There were 24,286 persons arrested during 2009, a increase of 3 percent when compared to 2008.
- Adult arrests increased 2 percent to 20,685 and juvenile arrests increased 8 percent to 3,601 in 2009.
- The total clearance rate for Index offenses was 21 percent; juveniles were responsible for 20 percent of those cases.

Middlesex County

VOLUME/RATE

- A total of 16,250 Crime Index Offenses were reported to the police of Middlesex County during 2009, a 8 percent decrease when compared to 2008.
- Violent crimes remained the same while the nonviolent crime category decreased 9 percent.
- The crime rate for Middlesex County was recorded at 20.6 victims for every 1,000 permanent inhabitants, a decrease of 8 percent compared to the previous year.
- Murder decreased from 16 in 2008 to 14 in 2009. Rape decreased from 70 in 2008 to 68 in 2009.
- Robbery decreased from 619 in 2008 to 582 in 2009. Burglary decreased from 3,110 in 2008 to 2,631 in 2009.
- Aggravated assault increased from 832 in 2008 to 871 in 2009.
- The total value of property stolen in Middlesex County amounted to \$36.7 million, of which 22 percent was recovered.

ARRESTS/CLEARANCES

- There were 26,169 persons arrested during 2009, a decrease of 2 percent when compared to 2008.
- Adult arrests decreased 2 percent to 23,388 and juvenile arrests decreased 2 percent to 2,781 in 2009.
- The total clearance rate for Index offenses was 20 percent; juveniles were responsible for 21 percent of those cases.

Monmouth County

VOLUME/RATE

- A total of 14,773 Crime Index Offenses were reported to the police of Monmouth County during 2009, a 1 percent decrease when compared to 2008.
- Violent crimes decreased 1 percent while the nonviolent crime category decreased 1 percent.
- The crime rate for Monmouth County was recorded at 23 victims for every 1,000 permanent inhabitants, a decrease of 1 percent compared to the previous year.
- Murder increased from 6 in 2008 to 10 in 2009. Rape decreased from 69 in 2008 to 64 in 2009.
- Robbery decreased from 527 in 2008 to 508 in 2009. Burglary increased from 2,427 in 2008 to 2,528 in 2009.
- Aggravated assault increased from 740 in 2008 to 753 in 2009.
- The total value of property stolen in Monmouth County amounted to \$21.7 million, of which 19 percent was recovered.

ARRESTS/CLEARANCES

- There were 30,546 persons arrested during 2009, a decrease of 8 percent when compared to 2008.
- Adult arrests decreased 8 percent to 26,625 and juvenile arrests decreased 9 percent to 3,921 in 2009.
- The total clearance rate for Index offenses was 26 percent; juveniles were responsible for 19 percent of those cases.

Morris County

VOLUME/RATE

- A total of 5,980 Crime Index Offenses were reported to the police of Morris County during 2009, a 4 percent decrease when compared to 2008.
- Violent crimes decreased 10 percent while the nonviolent crime category decreased 3 percent.
- The crime rate for Morris County was recorded at 12.3 victims for every 1,000 permanent inhabitants, a decrease of 4 percent compared to the previous year.
- Murder decreased from 3 in 2008 to 2 in 2009. Rape increased from 33 in 2008 to 37 in 2009.
- Robbery decreased from 116 in 2008 to 100 in 2009. Burglary decreased from 1,071 in 2008 to 1,056 in 2009.
- Aggravated assault decreased from 278 in 2008 to 248 in 2009.
- The total value of property stolen in Morris County amounted to \$11.8 million, of which 29 percent was recovered.

ARRESTS/CLEARANCES

- There were 13,436 persons arrested during 2009, an increase of 0 percent when compared to 2008.
- Adult arrests decreased 0 percent to 11,682 and juvenile arrests changed 2 percent to 1,754 in 2009.
- The total clearance rate for Index offenses was 24 percent; juveniles were responsible for 13 percent of those cases.

Ocean County

VOLUME/RATE

- A total of 11,354 Crime Index Offenses were reported to the police of Ocean County during 2009, a 11 percent decrease when compared to 2008.
- Violent crimes decreased 12 percent while the nonviolent crime category decreased 11 percent.
- The crime rate for Ocean County was recorded at 20 victims for every 1,000 permanent inhabitants, a decrease of 11 percent compared to the previous year.
- Murder remained the same in 2009. Rape decreased from 54 in 2008 to 52 in 2009.
- Robbery decreased from 214 in 2008 to 201 in 2009. Burglary decreased from 2,362 in 2008 to 2,074 in 2009.
- Aggravated assault decreased from 525 in 2008 to 448 in 2009.
- The total value of property stolen in Ocean County amounted to \$12.7 million, of which 14 percent was recovered.

ARRESTS/CLEARANCES

- There were 18,282 persons arrested during 2009, a decrease of 9 percent when compared to 2008.
- Adult arrests decreased 8 percent to 16,186 and juvenile arrests decreased 19 percent to 2,096 in 2009.
- The total clearance rate for Index offenses was 17 percent; juveniles were responsible for 16 percent of those cases.

Passaic County

VOLUME/RATE

- A total of 13,104 Crime Index Offenses were reported to the police of Passaic County during 2009, a 10 percent decrease when compared to 2008.
- Violent crimes decreased 12 percent while the nonviolent crime category decreased 10 percent.
- The crime rate for Passaic County was recorded at 26.7 victims for every 1,000 permanent inhabitants, a decrease of 10 percent compared to the previous year.
- Murder decreased from 28 in 2008 to 22 in 2009. Rape increased from 52 in 2008 to 60 in 2009.
- Robbery decreased from 1,235 in 2008 to 1,048 in 2009. Burglary decreased from 2,722 in 2008 to 2,385 in 2009.
- Aggravated assault decreased from 1,230 in 2008 to 1,119 in 2009.
- The total value of property stolen in Passaic County amounted to \$20.2 million, of which 23 percent was recovered.

ARRESTS/CLEARANCES

- There were 19,163 persons arrested during 2009, a decrease of 11 percent when compared to 2008.
- Adult arrests decreased 9 percent to 16,010 and juvenile arrests decreased 19 percent to 3,153 in 2009.
- The total clearance rate for Index offenses was 21 percent; juveniles were responsible for 16 percent of those cases.

Salem County

VOLUME/RATE

- A total of 1,648 Crime Index Offenses were reported to the police of Salem County during 2009, a 10 percent decrease when compared to 2008.
- Violent crimes decreased 19 percent while the nonviolent crime category decreased 9 percent.
- The crime rate for Salem County was recorded at 24.9 victims for every 1,000 permanent inhabitants, a decrease of 10 percent compared to the previous year.
- Murder decreased from 4 in 2008 to 0 in 2009. Rape increased from 4 in 2008 to 8 in 2009.
- Robbery decreased from 63 in 2008 to 46 in 2009. Burglary decreased from 442 in 2008 to 403 in 2009.
- Aggravated assault decreased from 120 in 2008 to 101 in 2009.
- The total value of property stolen in Salem County amounted to \$2.8 million, of which 36 percent was recovered.

ARRESTS/CLEARANCES

- There were 6,065 persons arrested during 2009, a increase of 21 percent when compared to 2008.
- Adult arrests increased 19 percent to 5,487 and juvenile arrests increased 36 percent to 578 in 2009.
- The total clearance rate for Index offenses was 27 percent; juveniles were responsible for 11 percent of those cases.

Somerset County

VOLUME/RATE

- A total of 4,605 Crime Index Offenses were reported to the police of Somerset County during 2009, a 2 percent decrease when compared to 2008.
- Violent crimes decreased 7 percent while the nonviolent crime category decreased 1 percent.
- The crime rate for Somerset County was recorded at 14.2 victims for every 1,000 permanent inhabitants, a decrease of 2 percent compared to the previous year.
- Murder decreased from 2 in 2008 to 1 in 2009. Rape increased from 15 in 2008 to 21 in 2009.
- Robbery decreased from 133 in 2008 to 111 in 2009. Burglary increased from 784 in 2008 to 801 in 2009.
- Aggravated assault decreased from 137 in 2008 to 134 in 2009.
- The total value of property stolen in Somerset County amounted to \$7.9 million, of which 25 percent was recovered.

ARRESTS/CLEARANCES

- There were 8,486 persons arrested during 2009, a decrease of 2 percent when compared to 2008.
- Adult arrests decreased 2 percent to 6,791 and juvenile arrests decreased 4 percent to 1,695 in 2009.
- The total clearance rate for Index offenses was 22 percent; juveniles were responsible for 25 percent of those cases.

Sussex County

VOLUME/RATE

- A total of 1,851 Crime Index Offenses were reported to the police of Sussex County during 2009, a 5 percent decrease when compared to 2008.
- Violent crimes decreased 6 percent while the nonviolent crime category decreased 5 percent.
- The crime rate for Sussex County was recorded at 12.3 victims for every 1,000 permanent inhabitants, a decrease of 4 percent compared to the previous year.
- Murder remained the same in 2009. Rape decreased from 10 in 2008 to 7 in 2009.
- Robbery increased from 6 in 2008 to 13 in 2009. Burglary decreased from 373 in 2008 to 321 in 2009.
- Aggravated assault decreased from 81 in 2008 to 71 in 2009.
- The total value of property stolen in Sussex County amounted to \$1.9 million, of which 12 percent was recovered.

ARRESTS/CLEARANCES

- There were 4,935 persons arrested during 2009, a increase of 2 percent when compared to 2008.
- Adult arrests increased 7 percent to 4,369 and juvenile arrests decreased 22 percent to 566 in 2009.
- The total clearance rate for Index offenses was 29 percent; juveniles were responsible for 15 percent of those cases.

Union County

VOLUME/RATE

- A total of 14,913 Crime Index Offenses were reported to the police of Union County during 2009, a 11 percent decrease when compared to 2008.
- Violent crimes increased 4 percent while the nonviolent crime category decreased 14 percent.
- The crime rate for Union County was recorded at 28.5 victims for every 1,000 permanent inhabitants, a decrease of 11 percent compared to the previous year.
- Murder decreased from 22 in 2008 to 10 in 2009. Rape increased from 73 in 2008 to 84 in 2009.
- Robbery decreased from 1,363 in 2008 to 1,350 in 2009. Burglary decreased from 2,672 in 2008 to 2,550 in 2009.
- Aggravated assault increased from 832 in 2008 to 948 in 2009.
- The total value of property stolen in Union County amounted to \$32.3 million, of which 36 percent was recovered.

ARRESTS/CLEARANCES

- There were 20,423 persons arrested during 2009, a decrease of 0 percent when compared to 2008.
- Adult arrests increased 3 percent to 17,984 and juvenile arrests decreased 17 percent to 2,439 in 2009.
- The total clearance rate for Index offenses was 15 percent; juveniles were responsible for 20 percent of those cases.

Warren County

VOLUME/RATE

- A total of 1,591 Crime Index Offenses were reported to the police of Warren County during 2009, a 9 percent decrease when compared to 2008.
- Violent crimes increased 21 percent while the nonviolent crime category decreased 11 percent.
- The crime rate for Warren County was recorded at 14.5 victims for every 1,000 permanent inhabitants, a decrease of 9 percent compared to the previous year.
- Murder increased from 0 in 2008 to 2 in 2009. Rape increased from 8 in 2008 to 12 in 2009.
- Robbery increased from 27 in 2008 to 33 in 2009. Burglary increased from 272 in 2008 to 281 in 2009.
- Aggravated assault increased from 90 in 2008 to 104 in 2009.
- The total value of property stolen in Warren County amounted to \$1.8 million, of which 20 percent was recovered.

ARRESTS/CLEARANCES

- There were 4,367 persons arrested during 2009, a decrease of 7 percent when compared to 2008.
- Adult arrests decreased 5 percent to 3,999 and juvenile arrests decreased 22 percent to 368 in 2009.
- The total clearance rate for Index offenses was 26 percent; juveniles were responsible for 15 percent of those cases.

Section Five

INDEX OFFENSE ANALYSIS

- **Population Groups**
- **Urban-Suburban-Rural Municipalities**
- **Colleges and Universities**

CRIME INDEX FOR POPULATION GROUPS - 2009

The presentation of crime statistics by population groups was made for the purpose of projecting, for consideration, the relative crime experience of communities of varying populations. Although the individual municipalities within the various groups may be geographically separated, their inclusion into a specific group was predicated by the similarity in population with the other municipalities within the group. Municipalities within the same group may differ widely when all factors are considered, but they do share the common bond of population size. The grouping of communities in this manner allows recognition of variances in the crime volumes, rates and clearances between the established groups.

Set forth below are the established municipal groupings as used in this section:

POPULATION GROUPS	TOTAL CRIME INDEX	Murder	Rape	Robbery	Aggra- vated assault	Burglary	Larceny- Theft	Motor Vehicle Theft
GROUP I 4 Municipalities over 100,000 Population - 790,492 Rate per 1,000 inhabitants Percent Index Offenses Cleared	31,889 40.3 15.8	128 0.2	191 0.2	3,650 4.6	3,146 4.0	5,613 7.1	13,594 17.2	5,567 7.0
GROUP II 29 Municipalities 50,000 - 100,000 Population - 1,941,248 Rate per 1,000 inhabitants Percent Index Offenses Cleared	53,907 27.8 21.0	105 0.1	283 0.1	3,661 1.9	4,576 2.4	9,888 5.1	31,317 16.1	4,077 2.1
GROUP III 63 Municipalities 25,000 - 50,000 Population - 2,188,456 Rate per 1,000 inhabitants Percent Index Offenses Cleared	52,499 24.0 22.9	42 *	244 0.1	2,427 1.1	2,956 1.4	8,614 3.9	35,299 16.1	2,917 1.3

* Less than one-tenth of one percent.

COMPARATIVE CRIME RATES FOR POPULATION GROUPS 2009

- GROUP I Four municipalities with populations over 100,000
- GROUP II Twenty-nine municipalities with populations between 50,000 - 100,000
- GROUP III Sixty-three municipalities with populations between 25,000 - 50,000
- GROUP IV Seventy-one municipalities with populations between 15,000 - 25,000
- GROUP V Two hundred seventeen municipalities with populations between 5,000 - 15,000
- GROUP VI One hundred eight municipalities with populations between 2,000 - 5,000
- GROUP VII Seventy-four municipalities with populations under 2,000

Percent distribution may not add to 100 due to rounding.

URBAN – SUBURBAN – RURAL CRIME 5 YEAR COMPARISON 2005/2009 Summary Analysis

Section Six

CRIME IN THE CITIES

CRIME IN THE CITIES

This section deals with serious crimes reported in the large urban cities of the state. These cities represent 19 percent of the population and historically account for one third of the reported Crime Index of the state.

This analysis involves the latest ten-year period 2000-2009 and endeavors further to identify crime trends in these urban areas.

The cities included in this analysis were initially categorized as urban municipalities (i.e., densely populated with extensive development) by the New Jersey Department of Community Affairs, Division of State and Regional Planning, Bureau of Statewide Planning, and will continue to be used for comparative purposes.

The criteria used in the selection of these cities were (1) classified as urban character and (2) have a population of 50,000 or more inhabitants.

For further comparative analysis, the urban cities were subdivided into two distinct groupings.

Group number one consisted of the state's six largest urban centers with populations of 80,000 or over and is categorized as "Major Urban."

The second group included the "Major Urban" and the additional urban communities with populations of 50,000 or more inhabitants, and is referred to as the "Urban 15."

"MAJOR URBAN"

- Camden City
- Elizabeth City
- Jersey City
- Newark City
- Paterson City
- Trenton City

"URBAN 15"

- Bayonne City
- Camden City
- Clifton City
- Toms River Twp.
- East Orange City
- Elizabeth City
- Irvington Town
- Jersey City
- Newark City
- Passaic City
- Paterson City
- Trenton City
- Union City
- Vineland City
- Woodbridge Twp.

The accompanying table reflects percent changes in the state's "Major Urban" and "Urban 15" municipalities Crime Index for the years 2000/2009.

Percent Distribution		14.6	23.6
Motor Vehicle Theft	282,600	115,374	153,998
Percent Distribution		40.8	54.5

Distribution:

- Six major urban centers—Camden, Newark, Jersey City, Trenton, Paterson and Elizabeth—collectively represent 11 percent of New Jersey’s total population. These same urban centers, during the period 2000 through 2009 accounted for 22 percent of the state’s total crime.
- “Major Urban” centers from 2000 through 2009 accounted for 37 percent of all violent crime and 20 percent of the nonviolent crimes in the entire state.
- The 15 urban municipalities represent 18 percent of the state’s total population.
- “Urban 15” municipalities accounted for 32 percent of New Jersey’s total Crime Index. Violent crime was 52 percent of the state total, while nonviolent crime was 30 percent of the state total during this ten-year period.
- Sixty-six percent of all reported murders occurred in the “Urban 15” cities during this ten-year period.

STREET CRIME

There has never been a clear-cut definition for street crime within the criminal justice system. The nation's clearinghouse for the collection and dissemination of criminal statistics, the Federal Bureau of Investigation, has no criteria in the categorization of specific crimes to be designated or defined as "street crimes." More and more, this media term has been confused with the violent crime group of murder, rape, robbery, and aggravated assault.

Although any particular crime can and does occur on the street, this analysis, because of reporting constraints within the Uniform Crime Reporting System, is limited to defining street crimes as those offenses which occur, or are most likely to occur, on streets, highways, parking lots, etc.. These crimes include highway robbery, purse-snatching, theft from autos, theft of auto parts and accessories, theft of bicycles, and motor vehicle thefts. All are crimes against property and only one, highway robbery, falls in the violent crime group.

- During the ten-year period 2000-2009, the "Urban 15" cities accounted for 40.9 percent of the street crimes in the state.
- Seventy percent of all highway robberies in the state occurred in the "Urban 15" cities during the ten-year period.
- Fifty-five percent of all motor vehicle thefts during the survey span occurred in these 15 urban municipalities.
- Thirty percent of all purse-snatchings during the survey span were perpetrated in the "Urban 15" cities.
- In 2009, highway robberies, theft of motor vehicle parts and accessories, larceny of bikes and motor vehicles thefts were at their lowest levels in this ten-year period.
- The accompanying table reflects percent distribution of street crime for the "Urban 15" cities for the years 2000-2009.

STREET CRIME TRENDS "URBAN FIFTEEN" MUNICIPALITIES

Section Seven

NEW JERSEY MUNICIPAL-COUNTY OFFENSE & DEMOGRAPHIC DATA

- All crime rates are based on permanent, year-round populations. Comparisons of crime rates between individual municipalities should not be made without giving major consideration to the volume of seasonal population, transients, tourists, and labor forces.
- All offenses are recorded in the municipality of occurrence, regardless of the outside investigative agency, i.e., Federal, State, County, College Campus Police.
- + Crime rates were not computed for municipalities with population less than 100.

MUNICIPALITY	YEAR	CRIME INDEX TOTAL	VIOLENT CRIME	NON-VIOLENT CRIME	Crime Rate Per 1,000	Violent Crime Rate Per 1,000	Nonviolent Crime Rate Per 1,000	VIOLENT CRIME

Section Eight

RESORT MUNICIPALITIES

As required by P.L. 1998, c. 50, annual mean population estimates for resort municipalities in New Jersey have been used in the preparation of per capita crime statistics.

These estimates were prepared based upon the methodology prescribed in P.L. 1998, c. 50 using the latest available municipality estimates of year-round population from the U.S. Bureau of the Census. Please note that these resort population estimates should only be used for crime statistics purposes. While they fulfill the requirements of the law, the seasonal components of these estimates are not a complete measure of seasonal population because they include only those living in rental housing units or in vacant year-round housing. Not counted are the many day visitors and persons who occupy campgrounds, hotels, motels or bed and breakfast establishments or who stay with friends or relatives.

+ Crime rates were not computed for municipalities with populations under 100.

POLICE EMPLOYEE DATA

The Uniform Crime Reporting Program of New Jersey incorporates the collection of pertinent data relating to the police of the state. Information regarding police employees strength and trends are discussed in this section.

Individual listings of full-time state, county, university and college police departments are shown in tables within this section. Listings of municipal police departments will be found in Section VII.

The determination of police strength for any given area or municipality should be subject for serious consideration. Such consideration, however, should be based on the numerous factors which create the need for police services. For example, the increased need for police service in a municipality which has a highly mobile or seasonal population differs from a municipality which has a relatively stable population. Some other factors, discussed elsewhere in this publication, relate to size, density of population, geographic location, character, and proximity to metropolitan areas. The tables and charts shown in this section should not be interpreted as recommended strength for any given municipality.

TOTAL POLICE EMPLOYEES

Total police employees are defined as the total number of full-time police officers and civilian police employees (clerks, dispatchers, mechanics, etc.) employed by all law enforcement agencies in the state.

- During 2009, there were 51,678 full-time police employees in New Jersey. This represents a decrease of 2 percent when compared to the 52,618 full-time police employees in 2008.
- The number of full-time police officers decreased 2 percent, from 39,521 in 2008 to 38,880 in 2009.
- The number of full-time civilian employees decreased 2 percent, from 13,097 in 2008 to 12,798 in 2009.
- Seventy-five percent were sworn officers and the remaining 25 percent were civilian employees.

MUNICIPAL POLICE EMPLOYEES

This category consists of the number of police employees, including civilian personnel, employed full-time by municipalities of the state.

- During 2009, there were 25,903 municipal police employees, a decrease of 1 percent compared to the 26,158 in 2008.
- For every 1,000 inhabitants of the state there were 3.0 municipal police employees.
- Union County reported the largest increase in municipal police employees, an increase of 3 percent (55 employees).
- Atlantic County also recorded the highest police employee rate; 4.6 per 1,000 population; (this rate is computed on the static population and does not take into account the large influx of seasonal and recreational population).
- Hunterdon and Warren Counties recorded the lowest police employee rate of 1.5 per 1,000 population.

MUNICIPAL CIVILIAN POLICE EMPLOYEES

The personnel of each department differ as to the demands and responsibilities placed before them. Many police officers are fully occupied with clerical tasks and are not free to perform active police duties. Employing civilians in police departments to perform clerical duties is in line with the thinking of many police administrators who recommended the use of civilians in this capacity. Thus, freeing the sworn personnel for actual police-related services.

- There were 4,526 municipal civilian police employees in 2009, an increase of 2 percent compared to the 4,443 in 2008.
- Seventeen percent of all municipal police employees were civilians.

MUNICIPAL POLICE OFFICERS

This includes the number of sworn police officers employed full-time by municipalities of the state. The police employee rate per 1,000 population presented here should not be construed as recommended ratios. The determination of police strength for any municipality should be based on the numerous factors that create the need for police services. These factors, as crime, vary in type and degree from place to place. Some examples are: seasonal population, geographic location, density and composition of the population.

- There were 21,377 full-time municipal police officers in 2009; this represents a decrease of 2 percent when compared to the 21,715 full-time municipal police officers in 2008.
- The number of full-time municipal police officers was calculated at 2.5 per 1,000 population; this remains the same when compared to 2008.
- Sworn officers represented 83 percent of all municipal police employees.
- Somerset County recorded the largest numerical increase (22) which represented a 4 percent increase of municipal police officers.
- The largest numerical decrease occurred in Essex County, a decrease of (68) municipal police officers, or 2 percent.
- Essex County, with 3.7 police officers per 1,000 inhabitants, recorded the highest rate of full-time municipal police officers.
- Hunterdon County recorded the lowest rate of full-time municipal officers with 1.3 police officers per 1,000 population.

OTHER POLICE (State Agencies)

In addition to the State Police, there are ten other state agencies reporting to the system. These agencies consist of: NJ Forest Fire Service, Department of Corrections, Department of Human Services, Division of Criminal Justice, Division of Fish and Wildlife, Office of Weights and Measures, Palisades Interstate Parkway, Port Authority NY/NJ, NJ Transit Police and New Jersey State Park Police. No rates were computed due to the variations in the types of police services rendered, and their statewide jurisdictions.

- Together, these agencies reported a total of 11,663 full-time employees; a decrease of 4 percent compared to the 12,174 police employees in 2008.
- There were 8,229 sworn police officers in 2009, a decrease of 4 percent compared to the 8,565 in 2008.
- Seventy-one percent were sworn personnel, while the remaining 29 percent were civilians.

COUNTY POLICE, SHERIFFS AND PROSECUTORS

The functions of county law enforcement vary widely throughout the state. The operation of one sheriff's department may be limited exclusively to civil areas and the administration of the county jail, or they may be actively involved in criminal matters throughout the county.

County police departments are varied in their activities in that some are responsible for enforcement throughout the county, while others may have as their primary mission the policing of county parklands. The responsibilities of county prosecutors' officers include criminal investigations, trial preparation, court presentation and special probes. Because of the difference in the types of police service rendered, rates for county law enforcement agencies are not presented here.

- County law enforcement agencies reported a total of 8,826 full-time police employees in 2009; a decrease of 1 percent compared to 8,956 in 2008.
- There were 5,750 full-time sworn police officers employed by county agencies in 2009. This represents a decrease of less than one-half of one percent compared to 5,767 in 2008.
- County police agencies reported 3,076 civilian police employees in 2009; a decrease of 4 percent compared to 3,189 civilian employees in 2008.
- Sworn personnel accounted for 65 percent while the remaining 35 percent were civilians.

STATE POLICE

The New Jersey State Police is empowered to provide all phases of law enforcement throughout the state. It also renders, upon request, police services to all the law enforcement agencies in the state. No rates are used due to the variations in the nature and extent of the police services performed by the State Police.

- The New Jersey State Police reported 4,392 full-time police employees; a decrease of 2 percent compared to 4,499 in 2008.
- State Police employed 3,040 officers in 2009, which is unchanged compared to the figures for 2008.
- The State Police reported 1,352 civilian employees in 2009; a decrease of 7 percent over the 1,459 reported in 2008.
- Sworn personnel accounted for 69 percent and civilians represented 31 percent of the total State Police employees.

Section Ten

LAW ENFORCEMENT OFFICERS KILLED & ASSAULTED SUMMARY

POLICE OFFICERS KILLED AND ASSAULTED

The killing or assault of a police officer has a harmful effect on society that reaches far beyond the overt act. Such occurrences constitute an immediate threat to the well-being of the community and serious breach of the internal security of the country. Today a young person who considers a career in law enforcement must also consider the very strong possibility of being killed or assaulted by a member of the very same society they are sworn to protect. This deplorable situation should be a subject of serious concern, for in truth, an attack on a police officer is an attack on society. The violence directed against law enforcement officers acting in the line of duty is clearly demonstrated by the following information.

POLICE FELONIOUSLY KILLED

VOLUME/TREND

- In 2009, 1 police officer was feloniously killed while in the performance of their duties.
- In the early hours of July 16, 2009, Jersey City Police personnel were surveilling an automobile used in an armed robbery. During the surveillance, a female actor was observed entering the auto alone. The officers began moving towards the auto. When the officers reached the auto's location, they discovered a male actor had been lurking nearby. The two actors quickly crossed the roadway as the unmarked police car came into view. The male actor pulled a Mossberg shotgun from under his robe-like garment and began firing at the police vehicle striking the detective operating the car. The two actors then fled into 24 Reed Street, a 21 multi-unit dwelling.

An entry team comprised of Jersey City Police and Port Authority of NY & NJ police responded to the scene. Attempts to have the actors surrender were made. The actors, who secreted themselves in an unknown apartment, failed to respond to police attempts to elicit surrender.

The entry team entered 24 Reed Street and began a floor by floor, unit by unit search. Detective Marc Anthony DiNardo was a member of the entry team. The team successfully cleared fourteen units. When they reached the fifteenth unit, their knocks at the door went unanswered, but the officers heard activity inside the apartment. The officers prepared to breach the door and the male actor began firing the Mossberg shotgun. Four officers were struck with the salvos and returned fire. Both, the male and female actors were fatally shot by return fire. Detective Marc Anthony DiNardo suffered a shotgun blast to the head and neck. He succumbed to his injuries a few days later.

Year	Police Officers Killed	Year	Police Officers Killed
2000	-	2005	1
2001	1	2006	1
2002	-	2007	2
2003	1	2008	-
2004	-	2009	1

ASSAULTS ON POLICE OFFICERS

Police assault statistics are important to the police administrator who attempts to identify the causative factors of this type of criminal activity. Many factors contribute to police assaults, and circumstances vary from place to place. Identifying specific reasons for these assaults is therefore extremely difficult. The following information illustrates the frequency of these events, and any attempt at analysis of these assaults should include consideration of the unique variables present in each jurisdiction. Due to the broad field of services performed by many state and county police agencies, no assault rates are computed for total police officers.

VOLUME/RATE/TREND

- There were 2,497 police officers assaulted in 2009, an increase of 24 percent when compared to 2008.

ADDITIONAL ANALYSIS

- Thirty-two percent (794) of the officers assaulted sustained injury.
- Physical Force, such as hands, fists and feet were used in 86 percent (2,154) of all police assaults.
- Twenty-nine percent of police assaults occurred when officers responded to disturbance calls.
- Twelve percent of the assaults on police officers occurred during the 2-hour period of 10:00 p.m. to 12 midnight.

CLEARANCES

- The police of New Jersey were successful in clearing in 87 percent of the assaults directed at them.

ASSAULTS ON MUNICIPAL POLICE OFFICERS

VOLUME/RATE/TREND

- A total 2,156 of municipal police officers were assaulted during 2009, decrease of 8 percent when compared to 2008.
- The assault rate, for every 100 municipal officers, was 10.1, a 6.5 percent decrease compared to 2008.

ADDITIONAL ANALYSIS

- Twenty-four percent of the municipal officers assaulted sustained injury.
- Physical Force, such as hands, fists and feet were used in 86 percent (1,852) of all police assaults.
- Thirty-three percent of the municipal police assaults occurred when officers responded to disturbance calls.
- Attempting Other Arrests accounted for 17 percent of the municipal police assaults.

OTHER POLICE OFFICERS ASSAULTED

The following law enforcement agencies are dealt with separately and are not included when computing municipal assault rates; the services performed by these agencies vary greatly from the functions of municipal police agencies.

- County law enforcement agencies reported 47 police officers assaulted with 30 sustaining injury.
- The New Jersey State Police reported 41 police officers assaulted with 14 sustaining injury.
- Other state agencies with police powers reported 232 police officers assaulted with 211 sustaining injury.
- University and college police agencies reported 21 police officers assaulted with 12 sustaining injury.

Section Eleven

DOMESTIC VIOLENCE

INTRODUCTION

The violence within the American domicile has been recognized for decades by elements of government and society with little done to correct the problem. Only recently has this phenomenon begun to receive the attention it deserves. In an effort to understand, identify and treat the incidents of abuse occurring in the home, the State of New Jersey, through its legislature, has provided the means to gain a meaningful insight into this issue.

In 1982, the Domestic Violence Act was instituted to protect battered victims and study the complex problems that spark such aggressive behavior. This legislation also provided the opportunity to identify the causes of violence in the home and put forth a more comprehensive effort to combat the crime of Domestic Violence.

Improvements since the implementation of the Domestic Violence Act are continuing. Pursuant to a change in N.J.S.A. 2C:25-24 enacted June 9, 1999, arrest data is presented by county. Domestic Violence restraining order violations are now captured and reported. Revised investigation and reporting procedures by the police; improved processing of domestic complaints by the courts; mandatory in-service training for police and court personnel have all enabled the victim to come forward and implement the constitutional rights granted to all Americans.

The following pages of narrative and graphics in this chapter are the result of gathered data displaying the complexities of domestic violence found within the State of New Jersey. It is through analysis of this data that, hopefully, the keys to preventing future violence can be found.

DOMESTIC VIOLENCE STATISTICAL SUMMARY

Highlights of the 2009 domestic violence statistics are listed below:

- There were 73,709 domestic violence offenses reported by the police in 2009, a 4 percent increase compared to the 70,613 reported in 2008.
- Murders decreased 32 percent in 2009 (39) when compared to 2008 (57).
- Assaults accounted for 42 percent (31,225) and harassment accounted for 44 percent (32,198) of the reported offenses in 2009.
- Arrests were made in 30 percent (22,295) of the offenses reported for 2009, an increase of 3 percent when compared to arrests made in 2008.
- The most frequent day of domestic violence occurrences was Sunday (12,988).
- For the twenty-seventh consecutive year, the most frequent hours of domestic violence incidents were between 8:00 p.m. and midnight, when 26 percent (19,404) of the offenses were reported.
- Children were involved or present during 31 percent of all domestic violence offenses occurring in 2009. Specifically, 4 percent (3,242) were involved and 27 percent (19,940) were present.
- Wives were the victims in 18 percent (13,586) and ex-wives were the victims in 3 percent (2,450) of the reported domestic violence offenses in 2009. Overall, females were victims in 76 percent (55,848) of all domestic violence offenses.
- The number of domestic violence complaints that had prior court orders issued against the offender decreased from 13,872 in 2008 to 13,821 in 2009. This is a decrease of less than one-half of one percent.
- Alcohol and/or drugs were involved in 27 percent (19,720) of the reported offenses occurring in 2009. Alcohol involvement alone accounted for 24 percent (17,832) of the total domestic violence offenses reported.
- Persons age 60 or over were victims in 4 percent (2,635) of all reported domestic violence offenses that occurred in 2009. Elderly were the victims in 10 percent (4) of the domestic violence murders (39).
- Domestic violence does not occur at a regular frequency, but when viewed as a ratio of its occurrence to a fixed time interval, one act of domestic violence would occur every 7 minutes and 8 seconds.
- Domestic violence offenses arising from a dating relationship accounted for 15 percent (11,126) of the state total.
- There were 3,193 total arrests involving domestic violence restraining orders reported by police in 2009. Of these, 1,888 were arrests for violations of a restraining order **only**, while 1,305 were arrests for violations of a restraining order **with** an offense arrest.

Section Twelve

BIAS INCIDENT SUMMARY

INTRODUCTION

Crimes motivated by hate and bias tend to erode the basic fabric of society. Bias incidents having a racial, religious, ethnic, sexual or gender component as well as crimes against individuals with a handicap, manifest themselves in a wide spectrum of criminal activities. These bias incidents jeopardize the active and open pursuit of freedom and opportunity. They attack our citizens based on their race, religion, ethnic heritage, sexual orientation, handicap, or gender. Closely linked to such heritage are individual values, beliefs, and identities.

Realizing that no agency within the state was collecting complete data on bias incidents, a broad-based Ad Hoc committee was created to develop a comprehensive statewide reporting system. As a result of the committee's recommendation, Attorney General Executive Directive No. 1987-3 was issued mandating all New Jersey law enforcement agencies begin reporting bias incident offenses to the Division of State Police, Uniform Crime Reporting Unit on a monthly basis effective January 1, 1988. On August 15, 1996, legislation was enacted which enhanced the state's definition of a bias incident to include crimes that are gender or handicap-motivated.

The directive was instituted to capture vital data in an effort to identify the problem. This information permits proper evaluation of progress in preventing bias crime and assist with necessary planning for the future.

This twenty-second annual publication concerning bias crimes contains comparisons to the previous year's statistics. The published statistics and graphs are the result of data submitted by the police community of New Jersey.

Hopefully, the information contained in this publication will be of value to various segments of society and serve its intended purpose.

BIAS INCIDENT STATISTICAL SUMMARY

Highlights of the 2009 bias incident offense statistics are listed below:

- New Jersey law enforcement agencies reported 632 bias incident investigations, resulting in 683 target-type based bias incident offenses in 2009, a 22% decrease compared to 2008.
- Harassment accounted for 41% (280) of all bias incident offenses.
- Criminal mischief and damage to property accounted for 39% (264) of all bias incident offenses.
- Racial bias accounted for 39% (268) of all bias incident crimes in 2009.
- The target category of person accounted for 60% (408) of all bias offenses.
- The Black race represented the most frequent racial group victimized by bias crime, accounting for 34% (233) of all bias offenses.
- The Jewish religion represented the most frequent religious group victimized by bias crime, accounting for 33% (224) of all bias offenses.
- The Hispanic ethnicity represented the most frequent ethnic group victimized by bias crime, accounting for 5% (33) of all bias offenses.
- The most frequent day of occurrence was Tuesday (123 offenses).
- The most frequent month of occurrence was October (72 offenses).
- The most frequent place of occurrence was a residence, where 25% (177 offenses) of all bias incidents occurred.
- Forty-seven percent (320) of all bias incident offenses were cleared, with 40% (129) being cleared by arrest, and 60% (191) being exceptionally cleared.
- A total of 122 arrests (78 adults and 44 juveniles) were made resulting from bias incidents. Compared to 2008, arrests decreased 28 percent.

BIAS INCIDENTS BY DAY OF WEEK 2008/2009

BIAS INCIDENT BY MONTH 2008/2009

GLOSSARY OF TERMS

ADULT	For Uniform Crime Reporting purposes, a person aged 18 or over.
AMERICAN INDIAN or ALASKAN NATIVE	A person having origins in any of the original peoples of North America, and who maintains cultural identification through tribal affiliation or community recognition.
ARREST RATE	The number of arrests for Part I and Part II offenses for each unit of population, generally per 1,000.
ASIAN or PACIFIC ISLANDER	A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent, or the Pacific Islands. This area includes, for example: China, India, Japan, Korea, the Philippine Islands, and Samoa.
BLACK	A person having origins in any of the black racial groups of Africa, characterized by dark skin pigmentation.
CLEARANCE	For Uniform Crime Reporting purposes, the solution to a particular crime, usually by the arrest of the offender.
CLEARED BY ARREST	For Uniform Crime Reporting purposes, an offense is cleared when the offender has been identified, sufficient evidence has been obtained to formally charge and the offender has been ordered to appear in court.
CRIME INDEX	The total of the seven major offenses used to measure the extent, fluctuation and distribution of crime in a geographical area. The following crimes make up the index: Murder, rape, robbery, aggravated assault, burglary, larceny-theft, and motor vehicle theft; these offenses are referred to as Index offenses.
CRIME RATE	The number of Index offenses reported for each unit of population per 1,000.
CRIMES AGAINST PERSONS	Consists of the following Index offenses: Murder, rape, and aggravated assault.
CRIMES AGAINST PROPERTY	Consists of the following Index offenses: Robbery, burglary, larceny-theft, and motor vehicle theft.
DAY	For Uniform Crime Reporting purposes, the hours from 6:00 a.m. to 6:00 p.m.
ETHNIC ORIGIN	Having or originating from linguistic or cultural ties with a specific group.
EXCEPTIONAL CLEARANCE	For Uniform Crime Reporting purposes, an offense is cleared exceptionally when an offender has been identified or located and sufficient evidence to charge has been obtained, but there is some reason beyond police control that prohibits the offender from being brought before the court.
HIERARCHY RULE	For Uniform Crime Reporting purposes, each crime or attempted crime is counted in only one offense category. If several offenses are committed, simply glance down the list of Part I offenses and stop at the first offense recognized from the facts given; this offense is the correct classification for this criminal activity.
HISPANIC	A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.
JUVENILE	For Uniform Crime Reporting purposes, a person under the age of 18.
JUVENILE CLEARANCE	Those crimes where the offenders are identified as juveniles.

NIGHT	For Uniform Crime Reporting purposes, the hours from 6:00 p.m. to 6:00 a.m.
NONVIOLENT CRIME	Consists of the following Index offenses: Burglary, larceny-theft, and motor vehicle theft.
POPULATION	Is the year-round population of the municipality shown in the most recent State population estimates published by the Department of Labor, except that in the year of promulgation of a Federal decennial census, the census figures shall be used.
RESORT MUNICIPALITY	Is a municipality which, because of its recreational, entertainment or amusement characteristics or facilities or its close proximity to such characteristics or facilities, experiences a total increase during the seasonal period in the number of persons temporarily resident therein of 25 percent or more of its population.
SEASONAL POPULATION	Is the average of the estimated number of persons temporarily resident in the municipality during the three consecutive months when the temporary population is greatest.
TEMPORARY RESIDENT	Means the occupying for any period of time during the seasonal period by any person not counted as a resident of the municipality for population purposes of an accommodation in a rented residential unit or vacation home.
UNFOUNDED	Classification of reported crimes that are found to be false or baseless.
VIOLENT CRIME	Consists of the following Index offenses: Murder, rape, robbery, and aggravated assault.
WHITE	A person having origins in any of the original peoples of Europe, North Africa, or the Middle East.

CALCULATIONS OF RATES AND TRENDS

- 1. Crime Rate per 1,000 inhabitants:** This represents the number of Index offenses per 1,000 inhabitants. For example: What is the crime rate for a municipality with 513 Index offenses (murder, rape, robbery, aggravated assault, burglary, larceny-theft and motor vehicle theft), with a population of 8,280?

$$513 \text{ (Index offenses)} \div 8,280 \text{ (population)} = .061957 \times 1,000 = 62.0 \text{ (crime per 1,000 inhabitants)}$$

- 2. Crime Trend:** A crime trend shows the extent to which crime increased or decreased. This is done by comparing a period of the current year with the same period of a previous year. For example: A municipality experienced 264 Index offenses in a previous year and 513 Index offenses in the current year. What is the percent of the increase?

$$513 \text{ (current year Index offenses)} - 264 \text{ (previous year Index offenses)} = 249 \text{ (numerical increase)}$$
$$249 \text{ (numerical increase)} \div 264 \text{ (previous year)} = .943 \times 100 = +94\% \text{ (percent change)}$$

NOTE: If there were more Index offenses in a previous year than in the current year, we would have a percentage decrease.

- 3. Number of Police personnel per 1,000 inhabitants:** This is calculated in the same manner as a crime rate. For example: A municipality with a population of 8,280 and 28 police personnel. How many officers are there per 1,000 population?

$$28 \text{ (police personnel)} \div 8,280 \text{ (population)} = .00338 \times 1,000 = 3.4 \text{ (police personnel per 1,000 inhabitants)}$$

NOTE: This formula can be applied to either total police personnel or just police officers per 1,000 inhabitants.

- 4. Police Assaulted Rate:** This is calculated at a rate per 100 police officers. For example: A municipality with 25 officers had five of them assaulted during the month. What is the police assaulted rate?

$$5 \text{ (police officers assaulted)} \div 25 \text{ (police officers)} = .2 \times 100 = 20 \text{ (police assaulted per 100 officers)}$$

- 5. Clearance Rate:** This refers to the percent of Index offenses cleared (solved), over a specific period of time. For example: A municipality with 513 Index offenses in a chosen time frame, cleared 95 of these offenses. What is the clearance rate?

$$95 \text{ (Index offenses cleared)} \div 513 \text{ (Index offenses)} = .185 \times 100 = 18.5 \text{ (percent cleared)}$$

- 6. Annual Mean Population:** Is determined for each municipality designated a resort municipality by use of the following formula:

$$AMP = \frac{12P + 3SP}{12}$$

Where **AMP** equals Annual Mean Population; **P** equals Population; **SP** equals Seasonal Population.
