13:69F-3.14 EZ Baccarat progressive wager payouts; rules

(a) If an EZ Baccarat table includes the equipment that is required to offer an EZ Baccarat progressive wager, a casino licensee may give each player at that EZ Baccarat table the option to make an additional wager on whether the player and/or the dealer will be dealt any of the designated series of cards set forth in (c) below. This wager shall be known as an EZ Baccarat progressive wager.

(b) Prior to the first card being dealt for each round of play, each player may make an EZ Baccarat progressive wager by placing a gaming chip in the designated chip acceptor device at his or her betting position. The casino licensee may, in its discretion, accept EZ Baccarat progressive wagers in the amounts of either \$1 or \$5, provided that the casino licensee complies with the notice requirements set forth in N.J.A.C. 13:69F-8.3. Once such wagers have been placed, a light shall then illuminate at each betting position at which an EZ Baccarat progressive wager has been made. The dealer shall ensure that only one EZ Baccarat progressive wager has been made for each light that is illuminated and shall verify that the number of gaming chips wagered equals the number of lights illuminated. The dealer shall then announce "No more bets" and register the progressive wagers on the progressive meter and reset meter, if applicable. The dealer shall then deal the hand to all players in accordance with N.J.A.C. 13:69F 3.7, 3.8 and 3.9.

(c) The progressive payout shall be determined by the Banker's Hand and Player's Hand. A player who placed an EZ Baccarat progressive wager shall win the specified payout if the two or three-card final Point Count is any of the following combinations of cards:

Paytable 1:

Hand	Pays
Dragon 7 of the Same Suit on the Banker's Hand and 0 on the Player's Hand	100 percent of the progressive meter amount
Dragon 7 of the Same Color on the Banker's Hand and 0 on the Player's Hand	\$1,250.00
Dragon 7 on the Banker's Hand and 0 on the Payer's Hand	\$375.00
2 Card 7 in the Banker's Hand and 0 on the Player's Hand	\$300.00

Paytable 2:

Hand	Pays
Dragon 7 of the Same Suit on the Banker's Hand and 0 on the Player's Hand	100 percent of the progressive meter amount
Dragon 7 of the Same Color on the Banker's Hand and 0 on the Player's Hand	\$1,150.00
Dragon 7 on the Banker's Hand and 0 on the Payer's Hand	\$375.00
2 Card 7 in the Banker's Hand and 0 on the Player's Hand	\$300.00

1. For purposes of the hands that qualify for payout for the EZ Baccarat progressive wager, a Dragon 7 shall be defined at N.J.A.C. 13:69F-3.3(h).

(d) An EZ Baccarat progressive wager shall have no bearing on any other wager made by a player at the game of EZ Baccarat.

(e) A winning player shall receive the payout for only the highest possible EZ Baccarat progressive wager hand.

(f) Prior to making a payout for a winning EZ Baccarat progressive wager, the dealer shall:

1. Verify that the player has received a winning combination of cards;
2. Press the appropriate hand button on the dealer displayer that corresponds to the winning player;
3. Verify that the appropriate light on the acceptor device has been illuminated; and
4. Have a casino supervisor validate the EZ Baccarat progressive payout pursuant to the casino licensee's internal control procedures.

(g) All winning EZ Baccarat progressive wagers shall be paid in accordance with the amount on the progressive meter when the player's regular EZ Baccarat wager is settled pursuant to N.J.A.C. 13:69F-3.3(h); provided, however, if more than one player has a winning hand that would result in a payment from the progressive jackpot meter, the percentage prize pay amount shown on the meter shall be split among all winning players

and the dealer shall first pay the player farthest to the dealer's right and then move counter-clockwise around the table and pay other players. A casino licensee may modify this payment method in an approved internal controls submission. If a player has won a progressive payout which is not being paid from the table inventory container, the cards of that player shall not be collected until the necessary documentation has been completed pursuant to the rules of the Division.

(h) The rate of progression for the progressive meter or, if applicable, the reset meter and progressive meter combined, shall be an increase of \$ 0.15 for every \$1.00 wagered, or \$0.75 for the minimum \$5.00. The initial and reset amount for the progressive meter shall be set to \$20,000.

13:69F-7.1 Cards: number of decks; value; point count of hand

(a) Mini-baccarat shall be played with at least six decks of cards and two additional cutting cards. If a casino licensee offers the Royal Baccarat Bonus wager, the game shall be played with eight decks of cards and two additional cutting cards. **If a casino licensee offers the EZ Baccarat authorized by N.J.A.C. 13:69F-7.3(i), the game shall be played with six or eight decks of cards and two additional cutting cards.** The cutting cards shall be opaque and in a solid color readily distinguishable from the color of the backs and edges of the playing cards.
