

13:69C-15.2 Entertainment, filming, or photography within the casino and casino simulcasting facility

(a) No entertainment, filming, or photography shall be offered or conducted within the casino or the casino simulcasting facility, or shall be significantly visible or audible from or in the casino or simulcasting facility, unless the casino licensee files a written or electronic notice with the Division at the Division's Regulatory Enforcement Bureau office in the establishment. Such notice shall be filed at least one business day prior to the commencement of such entertainment, filming, or photography, unless otherwise authorized by the Division. The notice shall include, at a minimum, the following information:

1. – 5. (No change.)

6. A certification from [the supervisors of] **a supervisor from** the casino licensee's security, casino gaming operations, [and] **or surveillance [departments] departments who, after consulting with supervisors from the other departments, certifies** that the proposed entertainment, filming or photography will not adversely affect the security and integrity of gaming operations.

(b) - (c) (No change.)
