## **Purpose**

Research conducted nationally has shown that in conjunction with a positive home life, school, and employment, summer programs are one of the many building blocks that provide positive youth development. Research also indicates that at-risk youth who are provided opportunities to participate in prosocial activities engage in less risky behavior and ultimately show evidence of higher rates of successful transitions into adulthood. Summer programs are one way to ensure that young people have access to adequate positive opportunities. The available evidence suggests that summer programs can prevent a variety of negative behaviors among youth and improve social and emotional outcomes. The purpose of this initiative is to provide positive youth development activities to at-risk youth during the summer months when they are not in school. Applicants must be currently providing services to youth and are expected to expand the level of service and/or add an additional component to existing programming. The selected provider should have the capacity to host summer programs virtually if necessary or as requested by the JJC. It is expected that the selected provider will work cooperatively and in concert with the Juvenile Justice Commission's administration and staff and in accordance with current health regulations related to COVID 19.

## **Funding available: Up to \$300,000 (Up to 100,000 per region).**

- Start and end date: March 1, 2021 through September 30, 2021. There will be no extension of the grant period.
- Award amounts will be determined based on the number of successful applicants and will be at least \$5,000, and no more than \$20,000 per applicant, per region.
- To equitably distribute funds statewide, up to \$100,000 will be awarded regionally on a competitive basis. To ensure that all funds are awarded, any balance of funds may be distributed among successful applicants within that region and/or may be awarded to another region.
- If an applicant is applying for more than one region, they must submit one application per region.
- Requests for more than \$20,000 will be rejected without funding consideration.
- Please note that this is a reimbursement grant.
- Please note that it is **not** expected that services will be provided for the entire region. Applicants may choose a specific community/neighborhood, municipality, cluster of municipalities, county, or a cluster of counties, as areas to be served.

- For the purposes of the Notice of Availability of Funds (NOAF) and this application review, the regions will be categorized as:
  - **Northern Regional Counties:** Bergen, Essex, Hudson, Morris, Passaic, Sussex, and Warren;
  - **Central Regional Counties:** Hunterdon, Mercer, Middlesex, Monmouth, Ocean, Somerset, and Union; and
  - **Southern Regional Counties:** Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, and Salem.

### **Subject to Appropriations**

Please note that funding allocations and individual subaward amounts are subject to change. Subrecipients shall recognize and agree that both the initial provision of funding and the continuation of such funding under a grant agreement is expressly dependent upon the availability to the JJC of funds appropriated by the State or Federal Legislature from State and/or Federal revenue or such other funding sources as may be applicable. A failure of JJC to make any payment under a grant agreement or to observe and perform any condition on its part to be performed under a grant agreement as a result of the failure of the State or Federal Legislature to appropriate funds shall not in any manner constitute a breach of a grant agreement by JJC or an event of default under a grant agreement, and JJC shall not be held liable for any breach of a grant agreement because of the absence of available funding appropriations. In addition, future funding shall not be anticipated from JJC beyond the duration of the award period set forth in a grant agreement and in no event shall a grant agreement be construed as a commitment by JJC to expend funds beyond the termination date set in a grant agreement.
