- a. Name of the Program:** **New Jersey Violence Against Women Act Competitive Grant Program.** This program is supported by the Federal Fiscal Year 2017 (FFY 17) STOP Violence Against Women Formula Grant Program.
- b. Purpose:** To further the purposes of the STOP Violence Against Women Act, funds will be used for projects that are designed to develop, expand, or strengthen victim services projects for victims of domestic violence, dating violence, sexual assault, and stalking. **Funding priorities include projects providing essential services to underserved victims of violence against women.** Essential services include, but are not limited to, 24/7 hotline, crisis response, shelter, counseling, advocacy, accompaniment, and outreach. Underserved victims include, but are not limited to, the economically disadvantaged, LGBTQ, racial and ethnic minorities, the elderly, those with disabilities and those with severe mental illness, rural populations and New Jersey's state recognized American Indian Tribes.

c. Available funding: Approximately \$855,000 will be available to support this program. Funds for this program are derived from the FFY 17 STOP Violence Against Women Formula Grant Program. Funds will be awarded on a competitive basis. Geographic distribution and types of victim services provided will be taken into account in the selection of projects. Applicants may apply for a maximum of \$45,000 per project for a 12-month grant period of July 1, 2018 to June 30, 2019. Eligible organizations are not limited in the number of project applications that can be submitted. However, the maximum funding request per project is \$45,000. No match funds are required.

A minimum of 10 percent of the available funding will be awarded to community-based organizations that offer culturally specific services through the proposed project. Culturally specific services are defined as community-based services that include culturally relevant and linguistically specific services and resources to culturally specific communities.

d. Organizations which may apply for funding under this program: Non-profit, non-governmental organizations (including tribal non-profits) which assist victims of violence against women and are organized under the Title 15A of the New Jersey Revised Statutes or otherwise qualified for nonprofit tax exemption under the Internal Revenue Code 26 *U.S.C. Section 501(c)(3)* are eligible to apply. Organizations must have a documented history of effective work concerning domestic violence, dating violence, sexual assault and stalking.

- e. **Qualifications needed by an applicant to be considered for funding:** Applicants must be in good standing with all State and Federal agencies with which they have had an existing grant or contractual relationship. Where appropriate, all applicants must hold current State licenses and certifications.

Charitable organizations and professional fundraisers based, operating or soliciting within New Jersey must register with the Division of Consumer Affairs Charities Registration Section unless specifically exempted under the provisions of the Charitable Registration and Investigation Act, *N.J.S.A. 45: 17A-18* et seq. Proof of charity registration compliance or proof of exemption shall be submitted to the Office of the Attorney General with the organization's application.

The Federal Funding Accountability and Transparency Act (FFATA) of 2006 requires agencies to obtain a Data Universal Numbering System (DUNS) number and register with the System for Award Management (SAM), formerly the Central Contractor Registration (CCR), to receive a Federal award or subaward.

Applicants without a current DUNS number(s) and SAM registration will be considered ineligible. Successful applicants will be required to complete a FFATA form upon award.

To be considered for funding, an eligible applicant must file a completed application, in accordance with the requirements of the program, by the submission deadline. The FY17

VAWA Program Guidelines outline the requirements of the Project Proposal Format for the Project Narrative and Budget Detail Worksheet.

Please note that in addition to the outlined Project Proposal Format for the Project Narrative, applicants must include information as the first section of the Project Narrative that describes the agency background, mission, experience and capability. Describe in detail the agency's mission, background and experience as it relates to the purpose and objectives of the proposed project. Explain the agency's understanding and capability to carry out the project based on demonstrated experience in providing victim services to the target population. This section of the Project Narrative will also be evaluated in the application scoring process.
