IN THE MATTER OF:

Springcryptoinvest, a/k/a
Springcryptoinvest.com Ltd.

Respondent.

**SUMMARY CEASE AND
DESIST ORDER**

Pursuant to the authority granted to Christopher W. Gerold, Chief of the New Jersey Bureau of Securities (“Bureau Chief”), under the Uniform Securities Law (1997), N.J.S.A. 49:3-47 to -83 (“Securities Law”) and certain regulations thereunder, and based upon an investigation by the New Jersey Bureau of Securities (“Bureau”), the Bureau Chief hereby finds that there is good cause and it is in the public interest to enter this Summary Cease and Desist Order (“Order”) against Springcryptoinvest, a/k/a Springcryptoinvest.com Ltd. (“Springcryptoinvest”).

The Bureau Chief makes the following findings of fact and conclusions of law:

FINDINGS OF FACT

1. Seeking to capitalize on the recent popularity of cryptocurrencies, Springcryptoinvest uses the term “crypto” in its name to offer purported opportunities in various investment packages that claim to pay a guaranteed rate of return of 3% daily, with some packages claiming to pay as much as 20%. In actuality, Springcryptoinvest is fraudulently offering unregistered securities in violation of the Securities Law.

The Respondent

2. Springcryptoinvest conducts its business on the internet, principally by means of a website accessible at www.spring-cryptoinvest.com (“Website”).

3. Springcryptoinvest claims it was incorporated in November 2002 in Liverpool, UK with 04588340 as its registration number. However, United Kingdom registration number 04588340 is assigned to “Europe Business Limited” (“EBL”). EBL’s Director’s Report, dated December 31, 2016, states EBL’s principal activity is the licensing of betting software, not investing or cryptocurrencies. There is no United Kingdom registration number for the name “Springcryptoinvest.”

4. Springcryptoinvest also holds itself out as being “officially registered in USA on November 2002” without any further explanation.

5. Springcryptoinvest is not registered with the Bureau as a broker-dealer or in any capacity.

The Springcryptoinvest Website

6. The Website is accessible to the general public, including residents of New Jersey.

7. Springcryptoinvest claims on the Website to be an “international investment entity” created by professional traders and skilled analysts with “valuable expertise especially in in stock market and extensive practical experiences of combined knowledge and capabilities to allow for participation in the market within a non-risk investment environment.”

8. Springcryptoinvest purports to have 71,000 “Facebook Fans” and 29,000 Twitter followers and the Website has links to Facebook and Twitter. However, the links do not open a

Springcryptoinvest Facebook or Twitter account and it appears Springcryptoinvest does not have these social media pages.

9. The Website's home page asserts that Springcryptoinvest's business activities are regulated by "...USA international regulatory authorities and comply with the most demanding standards of the USA legislation..." but fails to identify which regulatory authorities.

The Springcryptoinvest Securities

10. Springcryptoinvest offers investments to the general public in its various investment packages. These investment packages are securities as defined by N.J.S.A 49:3-49(m). The Springcryptoinvest securities are not registered with the Bureau, nor federally covered, nor exempt from registration.

11. Springcryptoinvest offers three investment packages with varying amounts of purported profit that can be expected over 15 "working" days, which are presented on the Website homepage as:

- a. The "Basic Package" offers a 10% daily profit with a minimum investment of \$250 for a total return of 140%;
- b. The "Business Package" offers a 15% daily profit with a minimum investment of \$1,000 for a total return of 210%; and
- c. The "Professional Package" offers a 20% daily profit with a minimum investment of \$10,000 for a total return of 350%.

12. The Website states:

Basic Package			Business Package			Professional Package		
10% Daily profit for 15 working days			15% Daily profit for 15 working days			20% Daily profit for 15 working days		
Min: \$250	Max: \$999	140% Total Return	Min: \$1000	Max: \$999	210% Total Return	Min: \$10,000	Max: \$50,000	350% Total Return

13. The Website further states:

Up To 10% Daily Profit

Earn up to 10% guaranteed daily profit For 15 business days and get the principal back at maturity date.

14. The Website states that the profit is paid on business days (Monday through Friday) to the investor’s account without any fee or limitation.

15. Springcryptoinvest does not disclose how investors’ funds will be invested to generate the purported profits.

16. Springcryptoinvest claims on the Website to use a “risk control system to ensure that [investor] funds are being handled efficiently and they are getting higher levels of safety.”

17. Springcryptoinvest also claims that an investor’s daily profit is guaranteed “from all sides” through insurance without disclosing the extent of insurance coverage, the insurance underwriter, or the method utilized to guarantee daily profits. The Website states:

Guaranteed Daily Profit

One of our strongest advantages over competitors is that we provide insurance in investing funds and guarantee your profits from all sides.

18. The Website also offers potential investors use of a “Profit Calculator” for each investment package that will compute a daily profit projection and total return on any amount of principal investment. The Website does not indicate that the anticipated profit and return are subject to change. The Website “Investment Plans” page states:

INVESTMENT PLANS

Your profit will be paid on business days to your account which can be withdrawn everyday without any fee or limitation. Principal and earnings are both guaranteed on all sides.

19. The Website “Investment Plans” page presents the same packages to investors as those presented on the Website homepage, but with discrepancies in certain of the minimum and maximum investment amounts, and total returns.

20. Despite “Guaranteed Daily Profits,” the Website’s Privacy Policy states that the Website’s information is for illustrative purposes only and investors should seek independent investment advice.

21. In order to invest with Springcryptoinvest, investors must open an online account through the Website. After opening an account, potential investors receive an email thanking them

for signing up and urging the investor to fund the account by purchasing a plan using Bitcoin, Litecoin, or funding the account through payment websites PerfectMoney or Payeer.

The Use of Agents to Offer Securities

22. As part of Springcryptoinvest’s recruiting program, Springcryptoinvest uses “affiliates” to invite new investors to Springcryptoinvests investment program through the use of Springcryptoinvest’s banners or text ads.

23. According to the Website, the “affiliates” do not need to invest with Springcryptoinvest to earn a referral commission, they merely need to open an account.

24. The “Home” page of the Website contains the following picture to describe the “Affiliate Program” and offers up to 8% commission to the “affiliate” from any referral that deposits money into a Springcryptoinvest account. The Website states:

25. Springcryptoinvest “affiliates” are agents as defined by N.J.S.A. 49:3- 49(b). These “affiliates” are not registered as agents with the Bureau or exempt from registration.

26. Springcryptoinvest is using “affiliates” to offer securities in New Jersey who are not registered with the Bureau as agents.

Untrue Statements of Material Facts in the Offer of Springcryptoinvest Securities

27. Springcryptoinvest claims on the Website that it was incorporated in the United Kingdom in November 2002 with 04588340 as its registration number. However, United Kingdom registration number 04588340 is not assigned to Springcryptoinvest, and there is no United Kingdom registration number for the name “Springcryptoinvest.”

Ommission of Material Facts Concerning Springcryptoinvest Securities

28. In connection with the offer of securities in the Springcryptoinvest investment packages, Springcryptoinvest omits the following material facts:

- a. how investor funds are invested;
- b. the identity of Springcryptoinvest’s principals;
- c. Springcryptoinvest’ assets and liabilities, and other financial information;
- d. the risks associated with the securities;
