The New Jersey State Police Alcohol Drug Testing Unit has tentatively scheduled the Alcotest 9510 conversion training to begin on Monday May 2nd, 2022, at the Monmouth County Fire Academy. You can find the schedule attached on pages two and three. Please note there are morning sessions starting at 0800 and afternoon sessions starting at 1230 each day. This training is a 4-hour course for **VALID Alcotest 7110 operators last recertified or initial certification in 2020, 2021 or 2022**. Officers attending the conversion course must bring their valid Alcotest 7110 card with them to the training as proof of this prerequisite. **It is also important to note that all Alcotest 7110 Operators must still attend their Alcotest 7110 recertification course when they are due.** This conversion training does overlap with the Alcotest 7110 recertification at Lakehurst the week of May 9th. We did everything possible to avoid scheduling agencies at both locations at the same time but could not accommodate this for agencies with numerous operators.

The Alcotest 7110 and Alcotest 9510 certifications are separate and must be maintained independently. Once the Alcotest 9510 is found scientifically reliable by the New Jersey Supreme Court we can stop recertifying on the Alcotest 7110. We are only running new operator courses for the Alcotest 7110 at this time. Please make sure you are still sending members to this course if your agency was assigned spots in 2022. We will begin running new operator courses for the Alcotest 9510 sometime in the future.

We hope to move forward with training beginning May 2nd, 2022. There are still many moving parts that must come together to hit this target date. You will be notified of any changes via email and our website [Alcohol Drug Testing Unit | New Jersey State Police (njsp.org)](#) under the Training heading. If you have any questions or concerns, please contact the Alcotest Project Manager, Sgt. Kevin Alcott at kevin.alcott@njsp.org or 609-218-3345.
