9	Please state the amount of unspent and/or uncommitted opioid abatement funds from any reporting year that your subdivision has on hand.	\$5,886,699.00

10	Please share brief information on your subdivisions overarching goals and values to provide context for this year's spending decisions	Camden County's overarching goal is to reduce the incidence of Substance Use Disorder/Opioid Use Disorder, overdoses, and overdose-related fatalities by increasing public awareness about the dangers of these substances through strategic, evidence-based intervention efforts across the County.
11	How did you decide the best way to use the opioid abatement funds your subdivision received this reporting year? For example, did you rely on evidence-based or evidence-informed practices or strategies, the list of Opioid Remediation uses, a needs assessment, a strategic plan, or an epidemiological analysis? If yes, please explain.	Camden County abatement fund spending for the 2024 fiscal year was focused on targeted, evidence-based programs aimed at reducing gaps in treatment and increasing recovery support services which aligned with the five key areas outlined in Camden County's Opioid Strategic Action Plan, including Prevention/Education, Early Intervention, Treatment, Recovery Supports, and Data Analysis.
12	In this reporting year (7/1/2023 - 6/30/2024), did your subdivision engage the public (e.g., town hall meeting, online survey, convened stakeholders) prior to deciding how to use the opioid abatement funds you received?	Yes, for one year funding
13	Please describe your public engagement/input efforts?	Camden County regularly convenes boards and local health task forces which provide a platform for public engagement. The Camden County Prosecutor's Office, the Camden County Police Department, the Camden County Department of Health & Human Services, and the Camden County Commissioners' Addiction Awareness Task Force all share input received from members of the public who are impacted directly or indirectly by the opioid crisis in our communities. The opioid abatement programs funded by Camden County are borne out of many years of meetings and conversations with key informants. Those meetings included school superintendents, mental health and addiction professionals, law enforcement, persons in recovery, the Local Advisory Committee on Alcohol and Drug Abuse, and the Camden County Opioid Advisory Committee.
14	Does your county/subdivision have a strategic plan?	Yes
14a	Can we post your strategic plan online?	Yes

		Our strategic action plan will be forwarded under separate cover. The "choose file" feature is not allowing for upload of this document.
15	Have you completed a Risk Assessment profile for demographic or geographic impact?	No
16	Did your subdivision fund any programs using opioid abatement funds in this reporting year?	Yes
	<b>2024 Fiscal Program List</b>	
1	Program Name/Title	Right Path Initiative
2	Agency/Funding Recipient Name	Camden County Police Department
3	Agency/Funding Recipient Category	County or Municipality (including Departments and Municipal Alliances)
4	Primary problem being addressed by this program:	The opioid/substance-use crisis has a significant impact on crime and public safety.
5	Brief program description:	Collaborative initiatives involving law enforcement, healthcare providers, social services, and community organizations are essential to effectively tackle opioid/substance-use crisis issues and promote public safety in urban cities like Camden. CCPD will enhance its capacity to divert individuals experiencing opioid/substance-use crisis away from the criminal justice system through social service co-response initiatives and real-time screening.
6	Program target population:	Individuals experiencing Homelessness, Individuals in Recovery, Individuals in Treatment, Individuals involved with the Criminal Justice System, Individuals who Use Drugs, Members of the General Public
7	Date this program was funded (please use MM/DD/YYYY):	01/18/2024
8	Amount of funding for this program.	\$200,000.00
8a.	Amount expended:	\$38,858.26
8b.	Amount encumbered/appropriated:	\$0.00
9	How often are you disbursing funds to this program?	Annually
10	Program Launch Date	02/01/2024

11	Please choose the length of time of this program's duration:	5+ years
12	What is the anticipated number of unduplicated clients this program will reach annually?	400
13	Please state this program's statement of impact.	CCPD's intent is to make people feel safe and eliminate those conditions that lead to street crime, by disrupting the underlying causes of opioid use disorders and co-occurring substance abuse—we will create safer neighborhoods and improve the quality of life for our collective community.
14	What key performance indicators are you tracking to ensure success of the program (for example, # of services provided, # of people served, # of naloxone kits distributed)?	
	Number of participants served:	393
15	How frequently are you measuring the tracked key performance indicators?	Annually
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	CCPD has a dedicated full-time social services coordinator on staff to ensure that established objectives and key performance indicators are tracked and evaluated by our collaborative team daily. Near real-time situational awareness and data sharing agreements are a critical component that drives our ability to effectively measure the right metrics, adapt our plans, shape desirable outcomes, and maintain a common operating picture.
17	Primary Category:	Harm Reduction and Overdose Prevention
18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	Primary Prevention, Education, and Training
19	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	Address the Needs of Criminal Justice-Involved Persons

20	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	This program addresses the needs of persons with OUD and any co-occurring SUD/MH conditions who are involved in, are at risk of becoming involved in, or are transitioning out of the criminal justice system through evidence -based or evidence-informed programs or strategies. This program also provides wellness and support services for first responders and others who experience secondary trauma associated with opioid-related emergency events.
21	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	Since February 2024, we've interacted with 393 individuals from Camden's homeless community through our weekly outreach efforts. Every Thursday, our team, alongside officers, the Center for Family Services (CFS), and Volunteers of America (VOA), visits areas where the homeless congregate. Officers make introductions, and CFS and VOA engage with individuals, offering services like drug treatment, addiction support, detox, and alcohol rehabilitation. Many interactions focus on mental health, housing, identification assistance, and employment. While not all individuals immediately enter treatment, many express interest in doing so later. CFS and VOA distribute literature and care kits, including toiletries and wound care supplies, and involve EMS when necessary for serious health issues. As of July 2024, two of the five CFS social worker positions have been filled and are stationed at CCPD. These social workers are actively involved in outreach and are available Wednesday through Sunday for walk-ins and referrals. Once the remaining positions are filled, social worker support will be available throughout the week.

10	Please share brief information on your subdivisions overarching goals and values to provide context for this year's spending decisions	Our goal is to prevent opioid use by focusing on the youth in the town. We will do this by using a game trailer equipped with an external TV. The youth will be shown a short anti-drug video prior to being able to play a game on one of three video game systems inside the trailer. Having the trailer allows us to provide this service in the neighborhoods where the youth live and or play.
11	How did you decide the best way to use the opioid abatement funds your subdivision received this reporting year? For example, did you rely on evidence-based or evidence-informed practices or strategies, the list of Opioid Remediation uses, a needs assessment, a strategic plan, or an epidemiological analysis? If yes, please explain.	We started with the list of the opioid remediation options in the PDF dated 9/18/21. We picked prevention under section G and focuses on school-based strategies. After consulting with our two "Law Enforcement Against Drugs & Violence" (LEAD) officers we determined that we needed a program that allowed us the ability to reach youth outside of the classroom and also those that do not attend our schools. The gaming trailer with a current anti-drug video will allow us that ability. It will also allow us the ability to adjust the message as needed so it's current.
12	In this reporting year (7/1/2023 - 6/30/2024), did your subdivision engage the public (e.g., town hall meeting, online survey, convened stakeholders) prior to deciding how to use the opioid abatement funds you received?	No
13	Please describe your public engagement/input efforts?	Once the trailer construction is completed we will present it at a council meeting which will be accompanied by a press release. The press release will include contact information for the main point of contact at the Police Department to allow residents to request the trailer to visit their neighborhood. In addition we will use real time statistics on both overdoses and narcotics arrests to guide where we deploy the trailer to.
14	Does your county/subdivision have a strategic plan?	No
15	Have you completed a Risk Assessment profile for demographic or geographic impact?	No, but we plan to in the future

16	Did your subdivision fund any programs using opioid abatement funds in this reporting year?	No
