10	Please share brief information on your subdivisions overarching goals and values to provide context for this year's spending decisions	Settlement funds are guided by the missions of the Division of Health and the Hamilton Alliance Against Substance Abuse (HAASA). The mission of the Division of Health is to serve as a trusted resource for Hamilton Township to improve the health and well-being of our residents through health education and promotion, enforcement of public health safety, and adapting to ever-changing community health needs. The mission of the HAASA is to serve as the official Township coordinating body for the planning, awareness and education of substance abuse prevention efforts on Alcohol, Tobacco and Other Drugs (ATODs). The committee is dedicated to promoting safe, healthy and responsible lifestyles through community involvement, education programs and family oriented events for all residents of Hamilton Township. HAASA is advisory in nature; and awards State allocated funds to programs that meet certain criteria.
11	How did you decide the best way to use the opioid abatement funds your subdivision received this reporting year? For example, did you rely on evidence-based or evidence-informed practices or strategies, the list of Opioid Remediation uses, a needs assessment, a strategic plan, or an epidemiological analysis? If yes, please explain.	The Township is using Exhibit A - Schedule B/Approved Uses from the NJ State Subdivision Agreement to inform its decisions on how best to utilize the funds to match Township needs.

6	Program target population:	Children and Young Adults - 0-13 (through 8th grade),Children and Young Adults - 14-18 (high school aged),First Responders, Law Enforcement and other Emergency Responders,Individuals involved with the Criminal Justice System,Individuals who Use Drugs,Members of the General Public
7	Date this program was funded (please use MM/DD/YYYY):	06/28/2024
8	Amount of funding for this program.	$2,125.00
8a.	Amount expended:	$2,125.00
8b.	Amount encumbered/appropriated:	$0.00
9	How often are you disbursing funds to this program?	Additional expenses, such as specialized training, veterinary care, and essential equipment may need to be supported at varying intervals through the life of the program.
10	Program Launch Date	06/28/2024
11	Please choose the length of time of this program's duration:	2-3 years
12	What is the anticipated number of unduplicated clients this program will reach annually?	100

13	Please state this program's statement of impact.	By supporting the Police K9 program, it will assist in enhancing the safety, security, and education of the Township. In addition to their critical role in law enforcement, police dogs serve as ambassadors for community education. Through demonstrations and outreach programs, our K-9 unit helps to educate the public, especially young people, about the importance of safety, the role of law enforcement, and the value of responsible pet ownership. These educational initiatives foster trust and cooperation between the police and the community, promoting a shared commitment to public safety.
14	What key performance indicators are you tracking to ensure success of the program (for example, # of services provided, # of people served, # of naloxone kits distributed)?	
	Increased community awareness (please describe):	Police will attend
15	How frequently are you measuring the tracked key performance indicators?	Annually
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	By supporting the Police K9 program, the Township is making a significant difference in the lives of the officers, the community they protect, and in educating the next generation about the importance of safety and community collaboration. The Township will track the impact of the program through pounds of illicit drugs identified and the number of community education events attended.
17	Primary Category:	Primary Prevention, Education, and Training
18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	None of the above
19	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	First Responders

20	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	Evidence-Informed Strategy: Police dogs can play a crucial role in community education and engagement. Demonstrations by K-9 units are used as tools to build relationships between law enforcement and the community. These interactions help demystify police work, foster trust, and educate the public about the responsibilities of law enforcement and the capabilities of police dogs. Supporting Evidence: Studies in community policing have shown that public demonstrations and school programs featuring K-9 units improve perceptions of police, particularly among young people. This contributes to greater community cooperation with law enforcement and enhanced public safety.
21	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	The Township received a grant to cover two thirds of the cost of the police K9. The Township used the settlement funds to cover the remaining third. The Police Division identified the vendor for the police K9.
