Opioid Settlement Funding Report		
Sub Division: Ocean County		
	State ID:	NJ164
	County Name:	Ocean
	Address:	PO Box 2191, Toms River, New Jersey, 08754
Fiscal Year: 2024		
1	Please tell us the full amount of opioid abatement funds you received between 7/1/2023 and 6/30/2024	\$3,131,650.54
2	Please tell us the total amount of interest accrued on opioid abatement funds your subdivision has received since the distribution commenced in 2022:	\$49,823.75
3	Please tell us the total amount of opioid abatement funds your subdivision has received since the distribution commenced in 2022.	\$5,744,517.39
4	As an eligible subdivision receiving abatement funds, which of the following applies to your current status regarding those funds:	We are a county and did not transfer our funds
5	What amount of your opioid abatement funds did you transfer to the county?	
6	Please tell us the amount of opioid abatement funds you have expended in this reporting period (7/1/2023 - 6/30/2024) :	\$153,315.05
7	Please tell us the amount of opioid abatement funds you have appropriated/encumbered but not yet spent in this reporting period (7/1/2023 - 6/30/2024).	\$946,684.95
8	Please tell us the amount of opioid abatement funds that was spent on program administrative expenses in this reporting period (7/1/2023 - 6/30/2024) :	\$0.00
8a.	Please provide details about any administrative expenses.	None
9	Please state the amount of unspent and/or uncommitted opioid abatement funds from any reporting year that your subdivision has on hand.	\$4,594,693.64

10	Please share brief information on your subdivisions overarching goals and values to provide context for this year's spending decisions	The County's goals for 2023 were to establish an advisory body in compliance with the settlement, create bylaws to build a framework for the Council that will help ensure it meets its responsibilities, and execute a community needs assessment and strategic planning process, inclusive of public input, to inform the use of funds. The County put that framework into action in 2024 and engaged community partners to deliver the services prioritized in the Plan.
----	--	---

11	How did you decide the best way to use the opioid abatement funds your subdivision received this reporting year? For example, did you rely on evidence-based or evidence-informed practices or strategies, the list of Opioid Remediation uses, a needs assessment, a strategic plan, or an epidemiological analysis? If yes, please explain.	<p>A wealth of information, data, and feedback were gathered in the development of a strategic Plan. A comprehensive community needs assessment process was undertaken to identify needed services and target groups, existing services and service availability, and priorities for resource development and funding. A qualitative, thematic analysis of public feedback via survey, forum, and written testimony was shared with the Council in preparation for its executive planning session. To inform the Council and provide context for the Plan, pertinent data points and trends, such as opioid use disorder treatment access, drug related deaths, drug related arrests, incidence of neonatal abstinence syndrome, and so forth were gathered. This background information was presented alongside the identified gaps, priorities for funding, and recommendations identified in other related plans and planning bodies, such as the Comprehensive Alcohol and Drug Abuse Services Plan and annual report of the Opioid Fatality Review Team. Information was cross referenced with the Approved Uses, needs assessment survey results, and forum feedback on funding priorities. The Council presented a Strategic Plan at its open public meeting on May 25, 2023. It was approved by the Board of Commissioners on August 2, 2023. The Plan is posted publicly as a file of interest on the Council's website: https://www.co.ocean.nj.us/OC/OCDHS/frmOpioidCouncil.aspx On June 19, 2024, in light of additional settlements realized by the County, a Plan Addendum was adopted by the Board of Commissioners, which identified an additional area for resource development.</p>
12	In this reporting year (7/1/2023 - 6/30/2024), did your subdivision engage the public (e.g., town hall meeting, online survey, convened stakeholders) prior to deciding how to use the opioid abatement funds you received?	Yes, for multiple year funding
12a	Please select years range:	3 - 5 years

13	Please describe your public engagement/input efforts?	An online needs assessment survey was developed to seek broad input on the importance of the Approved Uses of settlement funds for the residents of Ocean County. Survey respondents were prompted to anonymously rate each category of Approved Uses and individual Approved Uses with respect to their opinion of its importance to be developed or expanded in Ocean County. A series of forums were held in 2023 to facilitate public participation in the planning process. Two were in-person and one was conducted via Webex. All attendees were given the opportunity to speak. Attendees were also invited to complete the survey and submit written testimony. A dedicated email address was created to receive the written testimony: OCOAC@co.ocean.nj.us. A report and thematic analysis of the feedback gathered through the public forums and a list of participants was shared with the Council in preparation for its executive planning session. On an ongoing basis, the OCOAC holds open public meetings quarterly with an opportunity for public input. Information is shared on the OCOAC website as well.
14	Does your county/subdivision have a strategic plan?	Yes
14a	Can we post your strategic plan online?	Yes
		https://www.co.ocean.nj.us/OC/OCDHS/fmOpioidCouncil.aspx
15	Have you completed a Risk Assessment profile for demographic or geographic impact?	Yes
15a	Can we post your risk assessment online?	Yes
		https://www.co.ocean.nj.us/OC/OCDHS/fmOpioidCouncil.aspx
16	Did your subdivision fund any programs using opioid abatement funds in this reporting year?	Yes
	2024 Fiscal Program List	

1	Program Name/Title	Care Management for Individuals with Substance Use Disorders with Comprehensive Wraparound Supports
2	Agency/Funding Recipient Name	Preferred Behavioral Health Group
3	Agency/Funding Recipient Category	Community Based Organizations/Non-Governmental Organizations,Hospital/Healthcare Provider (including Mental Health or Substance Use Treatment Provider)
4	Primary problem being addressed by this program:	Assisting individuals with substance use disorders to navigate the continuum of care
5	Brief program description:	Care Management for Individuals with Substance Use Disorders (SUDs) includes resource navigation, assessment and care planning, peer support, and comprehensive wraparound supports and recovery services, with a family engagement and support component. Care Management is designed to meet people where they're at, to ensure services are comprehensive, individualized, available when they want them, and to promote harm reduction principles.
6	Program target population:	Individuals in Recovery,Individuals in Treatment
7	Date this program was funded (please use MM/DD/YYYY):	12/20/2023
8	Amount of funding for this program.	\$409,559.00
8a.	Amount expended:	\$58,711.00
8b.	Amount encumbered/appropriated:	\$350,848.00
9	How often are you disbursing funds to this program?	Quarterly
10	Program Launch Date	01/01/2024
11	Please choose the length of time of this program's duration:	1 year with an option to renew for 2 additional one-year periods
12	What is the anticipated number of unduplicated clients this program will reach annually?	100

13	Please state this program's statement of impact.	Preferred Behavioral will collaborate with Hope Sheds Light to offer the “Foster Hope for the Future” program, which will serve 100 participants annually with extensive peer recovery support, clinical care management, and sober living. Locations include Lakewood, Barnegat, Lakewood Road in Toms River, and Chestnut Street in Toms River. The program will be staffed with 2 FT clinicians, 1 part time on call clinician, 2 FT peer support specialists, and a part time driver. Staff will respond to referrals within 24 hours, conduct an initial screening with motivational interviewing techniques, and complete a comprehensive assessment with treatment recommendations and ancillary linkages. Hope Sheds Light will provide peer recovery support and financial assistance with sober living.
14	What key performance indicators are you tracking to ensure success of the program (for example, # of services provided, # of people served, # of naloxone kits distributed)?	
	Number of participants served:	100
	Reduction in opioid-related incidents:	50
15	How frequently are you measuring the tracked key performance indicators?	Quarterly
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	<ul style="list-style-type: none"> • 80% symptom improvement per verbal report and individual recovery plan • 80% improvement in crisis episodes during service delivery • 80% improvement in client attendance in treatment service • 80% connection with family and other loved ones • 90% improvement in stable housing • 50% reduction in number of hospitalizations or higher level of care needed, overdoses, Narcan
17	Primary Category:	Wraparound and Connected Care Supports
18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	Harm Reduction and Overdose Prevention, Housing, Recovery Supports, Treatment
19	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	Support People in Treatment and Recovery, Connections to Care

20	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	Care management and recovery supports are evidence backed strategies to supporting individuals in treatment.
21	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	The County executed a Request for Competitive Contract Proposals per N.J.S.A. 40A:11-4.3. The Ocean County Opioid Advisory Council formed a Proposal Review committee, comprised of members free from any real or perceived conflicts of interest in any agency that could conceivably apply for any of the funding opportunities. The Proposal Review Committee was charged with developing the scopes of work for each solicitation, the review and evaluation of proposals for funding, and making recommendations to the Board of Commissioners. The OCOAC invited additional reviewers to participate in this process to ensure transparency and accountability, specifically individuals with lived experience with substance use disorder, including those in long term recovery, family members, and friends.
	2024 Fiscal Program List	
1	Program Name/Title	Care Management for Individuals with Substance Use Disorders with Comprehensive Wraparound Supports
2	Agency/Funding Recipient Name	Mental Health Association in New Jersey
3	Agency/Funding Recipient Category	Community Based Organizations/Non-Governmental Organizations,Hospital/Healthcare Provider (including Mental Health or Substance Use Treatment Provider)
4	Primary problem being addressed by this program:	Assisting individuals with substance use disorders to navigate the continuum of care

5	Brief program description:	Care Management for Individuals with Substance Use Disorders (SUDs) includes resource navigation, assessment and care planning, peer support, and comprehensive wraparound supports and recovery services, with a family engagement and support component. Care Management is designed to meet people where they're at, to ensure services are comprehensive, individualized, available when they want them, and to promote harm reduction principles.
6	Program target population:	Individuals in Recovery, Individuals in Treatment, Individuals who Use Drugs, Pregnant and Parenting Individuals and their Families, including Babies with Neonatal Abstinence Syndrome
7	Date this program was funded (please use MM/DD/YYYY):	12/20/2023
8	Amount of funding for this program.	\$242,171.00
8a.	Amount expended:	\$22,197.43
8b.	Amount encumbered/appropriated:	\$219,973.57
9	How often are you disbursing funds to this program?	Quarterly
10	Program Launch Date	01/01/2024
11	Please choose the length of time of this program's duration:	1 year with an option to renew for 2 additional one-year periods
12	What is the anticipated number of unduplicated clients this program will reach annually?	100

13	Please state this program's statement of impact.	MHANJ Ocean County's "Moms Offering Recovery and Experience (MORE) Project" will serve 100 participants annually. The program will incorporate Skill Building and Education, Prenatal Peer Support for Pregnant Moms in Recovery, On-going Peer Recovery Care Management, Recovery Housing Assistance, Participant Specific Assistance, and Group Facilitation. Each participant will receive one-on-one assistance over 6 to 9 months, as well as groups and classroom activities and direct linkages to ancillary services. Locations include Manahawkin, Toms River, various outreach locations throughout the County, and virtual engagements, based on the needs of the participant. The program will be staffed and services will be provided by peers: other Moms who are also in recovery and have overcome and still face the struggles of being a mom in recovery. Staff will work with participants to create goal and barrier plans. MORE Project participants will have access to volunteer and intern possibilities through MHANJ programs/services in addition to community partner site locations after exiting the program.
14	What key performance indicators are you tracking to ensure success of the program (for example, # of services provided, # of people served, # of naloxone kits distributed)?	
	Number of participants served:	100
15	How frequently are you measuring the tracked key performance indicators?	Quarterly

16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	<ul style="list-style-type: none"> • Approximately 85% of projected participants will engage in peer on-going case management and 90% of which will create goal and barrier plans for continued wellness-based purposes. • Approximately 90% of participants will receive a direct link to additional supports and services within the community. • Approximately 80% of exiting participants will complete an exit survey. 70% call/inquiries will receive randomized survey and 85% of follow-up calls to inquiries will complete follow up survey. • Approximately 80% of participants will want to participate and engage in evidence-based practice training and education.
17	Primary Category:	Wraparound and Connected Care Supports
18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	Harm Reduction and Overdose Prevention, Recovery Supports
19	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	Support People in Treatment and Recovery, Connections to Care
20	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	Care management and recovery supports are evidence backed strategies to supporting individuals in treatment.

21	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	The County executed a Request for Competitive Contract Proposals per N.J.S.A. 40A:11-4.3. The Ocean County Opioid Advisory Council formed a Proposal Review committee, comprised of members free from any real or perceived conflicts of interest in any agency that could conceivably apply for any of the funding opportunities. The Proposal Review Committee was charged with developing the scopes of work for each solicitation, the review and evaluation of proposals for funding, and making recommendations to the Board of Commissioners. 	2024 Fiscal Program List	
1	Program Name/Title	Care Management for Individuals with Substance Use Disorders with Comprehensive Wraparound Supports
2	Agency/Funding Recipient Name	Sea Change Recovery Community Organization
3	Agency/Funding Recipient Category	Community Based Organizations/Non-Governmental Organizations
4	Primary problem being addressed by this program:	Assisting individuals with substance use disorders to navigate the continuum of care
5	Brief program description:	Care Management for Individuals with Substance Use Disorders (SUDs) includes resource navigation, assessment and care planning, peer support, and comprehensive wraparound supports and recovery services, with a family engagement and support component. Care Management is designed to meet people where they're at, to ensure services are comprehensive, individualized, available when they want them, and to promote harm reduction principles.
6	Program target population:	Individuals in Recovery, Individuals in Treatment, Individuals who Use Drugs
7	Date this program was funded (please use MM/DD/YYYY):	12/20/2023

8	Amount of funding for this program.	\$148,270.00
8a.	Amount expended:	\$47,331.63
8b.	Amount encumbered/appropriated:	\$100,938.37
9	How often are you disbursing funds to this program?	Monthly
10	Program Launch Date	01/01/2024
11	Please choose the length of time of this program's duration:	1 year with an option to renew for 2 additional one-year periods
12	What is the anticipated number of unduplicated clients this program will reach annually?	300

13	Please state this program's statement of impact.	<p>Sea Change RCO proposed to serve 300 – 600 participants annually. Certified peer recovery specialists (CPRS) will provide one-on-one support for individuals and their families to assist with supporting, advocating, mentoring, educating, and navigating systems of care. Using the Princeton U Matter Wellness Self-Assessment, staff will work with participants to create an action plan based on the seven dimensions of wellness: emotional, environmental, intellectual, occupational, physical, social, and spiritual. Care management includes warm referral handoffs to health and social services, medication-assisted treatments (MAT), HIV and HCV testing and treatment, and additional services like care coordination, holistic supports, stress management, housing, transportation, and mental health services. Sea Change will also hold peer support groups, including harm reduction peer and family support groups, virtually and in person. The agency will administer training and the provision of naloxone overdose reversal kits; host participant-driven community education and public awareness events to promote community-driven harm reduction strategies — including prevention, risk reduction, and health promotion; conduct community-based research and knowledge-sharing to combat stigma and improve health-seeking behavior; and host community driven peer-led events like yoga, bowling, creative projects, open mic nights, CrossFit, surfing and more. A limited number of transportation vouchers will be available.</p>
14	What key performance indicators are you tracking to ensure success of the program (for example, # of services provided, # of people served, # of naloxone kits distributed)?	
	Number of participants served:	300
	Increased community awareness (please describe):	12 events
15	How frequently are you measuring the tracked key performance indicators?	Quarterly

16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	<ul style="list-style-type: none"> • 12 per year - Community outreach events to raise awareness about the realities of recovery and provide educational resources tailored to the community's needs • 80% of participants and family members experience a positive wellness change, as measured by the Princeton UMatter Wellness Self-Assessment. • 100% of participants connect individuals with warm referral handoffs to health and social services, medication-assisted treatments (MAT), HIV and HCV testing and treatment, and additional services like care coordination, wellness resources, stress management, housing, transportation, and mental health services. • 100% of participants and families receive care management with follow-up engagement with a peer recovery specialist. • 80% of participants are engaged in regular recovery planning check-in sessions. • 80% of participants participate in at least one recovery community event, which could include sharing their recovery stories with community stakeholders or leading a peer workshop. • Distribute at least 600 naloxone kits annually. Expand access to naloxone and fentanyl testing strips, hygiene kits, weather kits, and wound care kits within the community to save lives. • 100 participants participate in Community Reinforcement and Family Training, or CRAFT.
17	Primary Category:	Wraparound and Connected Care Supports
18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	Recovery Supports
19	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	Support People in Treatment and Recovery, Connections to Care
20	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	Care management and recovery supports are evidence backed strategies to supporting individuals in treatment.

21	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	The County executed a Request for Competitive Contract Proposals per N.J.S.A. 40A:11-4.3. 	2024 Fiscal Program List	
1	Program Name/Title	Prevention and Early Intervention – We’re Not Buying It 2.0
2	Agency/Funding Recipient Name	Ocean County Board of Health
3	Agency/Funding Recipient Category	County or Municipality (including Departments and Municipal Alliances), Quasi-Governmental partner
4	Primary problem being addressed by this program:	This program addresses the influences of peers and media on youth’s perceptions of substance use.
5	Brief program description:	Substance Use Prevention and Early Intervention will provide evidence-based primary or universal prevention programming to prevent substance use among children and youth.
6	Program target population:	Children and Young Adults - 0-13 (through 8th grade)
7	Date this program was funded (please use MM/DD/YYYY):	12/20/2023
8	Amount of funding for this program.	\$200,000.00
8a.	Amount expended:	\$0.00
8b.	Amount encumbered/appropriated:	\$200,000.00
9	How often are you disbursing funds to this program?	Quarterly

10	Program Launch Date	01/01/2024
11	Please choose the length of time of this program's duration:	1 year with an option to renew for 2 additional one-year periods
12	What is the anticipated number of unduplicated clients this program will reach annually?	9
13	Please state this program's statement of impact.	The Ocean County Board of Health proposes that it will offer the “We’re Not Buying It 2.0” prevention curriculum to 6th graders throughout Ocean County’s public school system. Two full time staff will be hired and trained in the model, as well as 8 other current staff. “We’re Not Buying It 2.0” consists of six 45-minute sessions that are a mixture of lectures, discussion, and activities, which can delivered over 6 weeks or two sessions per week for 3 weeks. In the first year, at least 9 schools will be outreached, of the total 412 classes with 4313 students in the County. The program will be delivered at the school during the school day.
14	What key performance indicators are you tracking to ensure success of the program (for example, # of services provided, # of people served, # of naloxone kits distributed)?	
	Number of participants served:	9
	Number of training/education sessions:	25
15	How frequently are you measuring the tracked key performance indicators?	Quarterly

16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	There is a pre and post program evaluation for data collection. Previous outcome analysis found positive impact on students' perceptions of substance use and bullying behavior, engagement in alcohol use, drug use, and bullying, as well as peer influence. A teacher specific survey for overall classroom impressions will be given pre and post program and again at 3 months after to see if the teachers see any changes in students after completion of the program. A satisfaction survey for the teachers to be done immediately. If funding continues, an evaluator will be built into the budget for a multi-year review every 3 years and at the conclusion of funding.
17	Primary Category:	Primary Prevention, Education, and Training
18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	None of the above
19	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	Prevent Misuse of Opioids
20	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	We're Not Buying It 2.0 is an evidence based prevention model.

21	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	The County executed a Request for Competitive Contract Proposals per N.J.S.A. 40A:11-4.3. The Ocean County Opioid Advisory Council formed a Proposal Review committee, comprised of members free from any real or perceived conflicts of interest in any agency that could conceivably apply for any of the funding opportunities. The Proposal Review Committee was charged with developing the scopes of work for each solicitation, the review and evaluation of proposals for funding, and making recommendations to the Board of Commissioners. The OCOAC invited additional reviewers to participate in this process to ensure transparency and accountability, specifically individuals with lived experience with substance use disorder, including those in long term recovery, family members, and friends.
	2024 Fiscal Program List	
1	Program Name/Title	Innovative Substance Use Programming – Pathways to Workplace Wellness
2	Agency/Funding Recipient Name	Hope Sheds Light
3	Agency/Funding Recipient Category	Community Based Organizations/Non-Governmental Organizations
4	Primary problem being addressed by this program:	Preserving employment for individuals/families experiencing SUD.
5	Brief program description:	Innovative Substance Use Programming provides novel services and promising practices to treat substance use disorder and support individuals in recovery. partners with businesses to provide Recovery Friendly Workplaces.
6	Program target population:	Individuals in Recovery,Individuals in Treatment,Individuals who Use Drugs,Members of the General Public,Businesses & family members impacted by substance use disorder.
7	Date this program was funded (please use MM/DD/YYYY):	12/20/2023
8	Amount of funding for this program.	\$100,000.00
8a.	Amount expended:	\$25,074.99
8b.	Amount encumbered/appropriated:	\$74,925.01

9	How often are you disbursing funds to this program?	Quarterly
10	Program Launch Date	01/01/2024
11	Please choose the length of time of this program's duration:	1 year with an option to renew for 2 additional one-year periods
12	What is the anticipated number of unduplicated clients this program will reach annually?	4
13	Please state this program's statement of impact.	Hope Sheds Light proposed expanding their "Pathways to Workplace Wellness" program designed to change the culture within the workplace and to foster a healthy and safe environment where employers, employees, and communities can collaborate and eliminate barriers for employees in recovery from substance use disorder. At least 3 and up to 4 Ocean County employers will be engaged to form company-specific Recovery-Friendly Workplace action teams. The Pathways program coordinator will work collaboratively with each team to assess current policies, recommend changes, and develop an internal communications plan and tools for employer and employee education. The training will include but will not be limited to education on harm reduction strategies, Narcan training and distribution as well information on medicated assisted treatment. The employers will also have access to an online resource, education, and recovery support service interface designed specifically for workplaces seeking to offer expanded support and health and wellness services to employees who are family members and/or individuals directly impacted by the opioid epidemic, opioid use and substance use disorders.
14	What key performance indicators are you tracking to ensure success of the program (for example, # of services provided, # of people served, # of naloxone kits distributed)?	
	Other:	4 businesses 100 registered portal users
15	How frequently are you measuring the tracked key performance indicators?	Quarterly

16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	Participant satisfaction surveys completed by business partners and registered portal users.
17	Primary Category:	Recovery Supports
18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	Harm Reduction and Overdose Prevention
19	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	Support People in Treatment and Recovery, Connections to Care
20	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	Pathways to Workplace Wellness will utilize promising practices from SAMHSA's Recovery Friendly Workplace initiative.
21	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	The County executed a Request for Competitive Contract Proposals per N.J.S.A. 40A:11-4.3. The Ocean County Opioid Advisory Council formed a Proposal Review committee, comprised of members free from any real or perceived conflicts of interest in any agency that could conceivably apply for any of the funding opportunities. The Proposal Review Committee was charged with developing the scopes of work for each solicitation, the review and evaluation of proposals for funding, and making recommendations to the Board of Commissioners. The OCOAC invited additional reviewers to participate in this process to ensure transparency and accountability, specifically individuals with lived experience with substance use disorder, including those in long term recovery, family members, and friends.

Opioid Settlement Funding Report		
Sub Division: Barnegat Township		
	State ID:	NJ5
	County Name:	Ocean
	Address:	900 W. Bay Avenue, Barnegat, New Jersey, 08005
Fiscal Year: 2024		
1	Please tell us the full amount of opioid abatement funds you received between 7/1/2023 and 6/30/2024	\$136,437.93
2	Please tell us the total amount of interest accrued on opioid abatement funds your subdivision has received since the distribution commenced in 2022:	\$4,137.39
3	Please tell us the total amount of opioid abatement funds your subdivision has received since the distribution commenced in 2022.	\$208,970.95
4	As an eligible subdivision receiving abatement funds, which of the following applies to your current status regarding those funds:	We are a municipality and did not transfer our funds
5	What amount of your opioid abatement funds did you transfer to the county?	
6	Please tell us the amount of opioid abatement funds you have expended in this reporting period (7/1/2023 - 6/30/2024) :	\$9,465.59
7	Please tell us the amount of opioid abatement funds you have appropriated/encumbered but not yet spent in this reporting period (7/1/2023 - 6/30/2024).	\$0.00
8	Please tell us the amount of opioid abatement funds that was spent on program administrative expenses in this reporting period (7/1/2023 - 6/30/2024) :	\$0.00
8a	Please provide details about any administrative expenses.	
9	Please state the amount of unspent and/or uncommitted opioid abatement funds from any reporting year that your subdivision has on hand.	\$194,120.41
10	Please share brief information on your subdivisions overarching goals and values to provide context for this year's spending decisions	continued and more awareness and drug prevention and education led by our police dept personnel.

11	How did you decide the best way to use the opioid abatement funds your subdivision received this reporting year? For example, did you rely on evidence-based or evidence-informed practices or strategies, the list of Opioid Remediation uses, a needs assessment, a strategic plan, or an epidemiological analysis? If yes, please explain.	we use and selected from the list of Opioid remediation uses
12	In this reporting year (7/1/2023 - 6/30/2024), did your subdivision engage the public (e.g., town hall meeting, online survey, convened stakeholders) prior to deciding how to use the opioid abatement funds you received?	Yes, for one year funding
13	Please describe your public engagement/input efforts?	participated in National Take Back, Arrive Alive Tour and National Night Out public events.
14	Does your county/subdivision have a strategic plan?	Yes
14 a	Can we post your strategic plan online?	
15	Have you completed a Risk Assessment profile for demographic or geographic impact?	No, but we plan to in the future
16	Did your subdivision fund any programs using opioid abatement funds in this reporting year?	Yes
	2024 Fiscal Program List	
1	Program Name/Title	NATIONAL TAKE BACK DAY
2	Agency/Funding Recipient Name	BARNEGAT TWP
3	Agency/Funding Recipient Category	County or Municipality (including Departments and Municipal Alliances)
4	Primary problem being addressed by this program:	misuse & excess drugs

Opioid Settlement Funding Report		
Sub Division: Beachwood Borough		
	State ID:	NJ7
	County Name:	Ocean
	Address:	1600 Pinewald Road, Beachwood, New Jersey, 08722
Fiscal Year: 2024		
1	Please tell us the full amount of opioid abatement funds you received between 7/1/2023 and 6/30/2024	\$41,295.21
2	Please tell us the total amount of interest accrued on opioid abatement funds your subdivision has received since the distribution commenced in 2022:	\$0.00
3	Please tell us the total amount of opioid abatement funds your subdivision has received since the distribution commenced in 2022.	\$47,465.06
4	As an eligible subdivision receiving abatement funds, which of the following applies to your current status regarding those funds:	We are a municipality and did not transfer our funds
5	What amount of your opioid abatement funds did you transfer to the county?	
6	Please tell us the amount of opioid abatement funds you have expended in this reporting period (7/1/2023 - 6/30/2024) :	\$0.00
7	Please tell us the amount of opioid abatement funds you have appropriated/encumbered but not yet spent in this reporting period (7/1/2023 - 6/30/2024).	\$20,455.86
8	Please tell us the amount of opioid abatement funds that was spent on program administrative expenses in this reporting period (7/1/2023 - 6/30/2024) :	\$0.00
8a.	Please provide details about any administrative expenses.	N/A
9	Please state the amount of unspent and/or uncommitted opioid abatement funds from any reporting year that your subdivision has on hand.	\$0.00

10	Please share brief information on your subdivisions overarching goals and values to provide context for this year's spending decisions	Enhancing police equipment related to opioid issues is a critical aspect of responding effectively to the opioid crisis. Equipping law enforcement with the right tools can improve their ability to address opioid-related incidents, protect public safety, and saves lives.
11	How did you decide the best way to use the opioid abatement funds your subdivision received this reporting year? For example, did you rely on evidence-based or evidence-informed practices or strategies, the list of Opioid Remediation uses, a needs assessment, a strategic plan, or an epidemiological analysis? If yes, please explain.	No, we felt the need to enhance the equipment for the police department and applied it to where was needed to better serve the municipality and the ongoing opioid crisis.
12	In this reporting year (7/1/2023 - 6/30/2024), did your subdivision engage the public (e.g., town hall meeting, online survey, convened stakeholders) prior to deciding how to use the opioid abatement funds you received?	No, but plan to in the future
13	Please describe your public engagement/input efforts?	Organizing regular forums or town halls allowing residents to express concerns, share experiences and suggest ideas. These events can be held in various locations across the community to reach a broad audience.
14	Does your county/subdivision have a strategic plan?	No, but we plan to in the future
15	Have you completed a Risk Assessment profile for demographic or geographic impact?	No, but we plan to in the future
16	Did your subdivision fund any programs using opioid abatement funds in this reporting year?	No

16	Did your subdivision fund any programs using opioid abatement funds in this reporting year?	No

Opioid Settlement Funding Report		
Sub Division: Jackson Township		
	State ID:	NJ102
	County Name:	Ocean
	Address:	Jackson Township,95 West Veterans Highway, Jackson Township, New Jersey, 08527
Fiscal Year: 2024		
1	Please tell us the full amount of opioid abatement funds you received between 7/1/2023 and 6/30/2024	\$223,960.32
2	Please tell us the total amount of interest accrued on opioid abatement funds your subdivision has received since the distribution commenced in 2022:	\$0.00
3	Please tell us the total amount of opioid abatement funds your subdivision has received since the distribution commenced in 2022.	\$336,230.47
4	As an eligible subdivision receiving abatement funds, which of the following applies to your current status regarding those funds:	We are a municipality and did not transfer our funds
5	What amount of your opioid abatement funds did you transfer to the county?	
6	Please tell us the amount of opioid abatement funds you have expended in this reporting period (7/1/2023 - 6/30/2024) :	\$0.00
7	Please tell us the amount of opioid abatement funds you have appropriated/encumbered but not yet spent in this reporting period (7/1/2023 - 6/30/2024).	\$6,225.53
8	Please tell us the amount of opioid abatement funds that was spent on program administrative expenses in this reporting period (7/1/2023 - 6/30/2024) :	\$0.00
8a.	Please provide details about any administrative expenses.	
9	Please state the amount of unspent and/or uncommitted opioid abatement funds from any reporting year that your subdivision has on hand.	\$395,226.66

10	Please share brief information on your subdivisions overarching goals and values to provide context for this year's spending decisions	<p>The Township of Jackson is committed to utilizing the opioid settlement funds in a manner that maximizes their impact on our community. While this funding opportunity is only its beginning stage, our overarching goals and values guiding spending decisions are as follows: 1. **Promoting Public Health and Safety**: Our primary goal is to enhance the overall health and safety of our residents by addressing the root causes and effects of opioid misuse and addiction. We aim to fund programs that provide comprehensive prevention, education, and treatment services to reduce opioid-related harm. 2. **Supporting Recovery and Rehabilitation**: We are committed to fostering long-term recovery for individuals affected by opioid addiction. This includes investing in support services where feasible, such as recovery housing, employment assistance, and peer support programs, that help individuals rebuild their lives and reintegrate into the community. 3. **Strengthening Community Resilience**: Building a resilient community is a fundamental value that guides our spending decisions. We intend to allocate funds to initiatives that enhance community awareness, education, and engagement in combating the opioid crisis. By focusing on these goals, the Township of Jackson seeks to ensure that the settlement funds are used in a manner that promotes the well-being of our residents, supports those in need, and strengthens our community's capacity to respond to the opioid crisis.</p>
11	How did you decide the best way to use the opioid abatement funds your subdivision received this reporting year? For example, did you rely on evidence-based or evidence-informed practices or strategies, the list of Opioid Remediation uses, a needs assessment, a strategic plan, or an epidemiological analysis? If yes, please explain.	<p>We had a modest expenditure of funds for this reporting year, but will be focused on the goals and values identified as we move forward.</p>

12	In this reporting year (7/1/2023 - 6/30/2024), did your subdivision engage the public (e.g., town hall meeting, online survey, convened stakeholders) prior to deciding how to use the opioid abatement funds you received?	No, but plan to in the future
13	Please describe your public engagement/input efforts?	Our public engagement at this early stage ties of the regular work of our law-enforcement safety and the regular programming in place with our town and schools. Community outreach efforts such as National Night Out and other events play a strong role.
14	Does your county/subdivision have a strategic plan?	No, but we plan to in the future
15	Have you completed a Risk Assessment profile for demographic or geographic impact?	No, but we plan to in the future
16	Did your subdivision fund any programs using opioid abatement funds in this reporting year?	Yes
	2024 Fiscal Program List	
1	Program Name/Title	Medical Supplies/Life Saving Equipment
2	Agency/Funding Recipient Name	Jackson Township
3	Agency/Funding Recipient Category	First Responders, Law Enforcement, and Emergency Services

	Number of participants served:	
15	How frequently are you measuring the tracked key performance indicators?	Annually
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	To care for the general public that is in need of medical care. It will be measured based on the ability to provide the assistance needed.
17	Primary Category:	Harm Reduction and Overdose Prevention
18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	None of the above
19	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	Prevent Overdose Deaths and Other Harms (Harm Reduction)
20	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	These supplies will be available to the Police Department when there is a need
21	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	Determine the needs for the Police Department in order to perform their duties under this project. Search vendors to determine which one offers the best products for the needs at hand.

Opioid Settlement Funding Report		
Sub Division: Lacey Township		
	State ID:	NJ106
	County Name:	Ocean
	Address:	818 LACEY ROAD, Forked River, New Jersey, 08731
Fiscal Year: 2024		
1	Please tell us the full amount of opioid abatement funds you received between 7/1/2023 and 6/30/2024	\$126,007.98
2	Please tell us the total amount of interest accrued on opioid abatement funds your subdivision has received since the distribution commenced in 2022:	\$0.00
3	Please tell us the total amount of opioid abatement funds your subdivision has received since the distribution commenced in 2022.	\$189,175.58
4	As an eligible subdivision receiving abatement funds, which of the following applies to your current status regarding those funds:	We are a municipality and did not transfer our funds
5	What amount of your opioid abatement funds did you transfer to the county?	
6	Please tell us the amount of opioid abatement funds you have expended in this reporting period (7/1/2023 - 6/30/2024) :	\$29,754.97
7	Please tell us the amount of opioid abatement funds you have appropriated/encumbered but not yet spent in this reporting period (7/1/2023 - 6/30/2024).	\$31,256.94
8	Please tell us the amount of opioid abatement funds that was spent on program administrative expenses in this reporting period (7/1/2023 - 6/30/2024) :	\$0.00
8a	Please provide details about any administrative expenses.	n/a
9	Please state the amount of unspent and/or uncommitted opioid abatement funds from any reporting year that your subdivision has on hand.	\$118,175.14

10	Please share brief information on your subdivisions overarching goals and values to provide context for this year's spending decisions	Our municipality's overarching goals focus on fostering a healthier, more resilient community. We prioritize allocating resources to combat the opioid crisis through prevention, education, treatment, and recovery support services. Our values emphasize equitable access to care, improving public health outcomes, and strengthening partnerships with local organizations. This year's spending decisions reflect our commitment to sustainable solutions, focusing on both immediate needs and long-term strategies to address addiction and its impact on the community.
11	How did you decide the best way to use the opioid abatement funds your subdivision received this reporting year? For example, did you rely on evidence-based or evidence-informed practices or strategies, the list of Opioid Remediation uses, a needs assessment, a strategic plan, or an epidemiological analysis? If yes, please explain.	Through collaboration with the Municipal Alliance, the Board of Education municipal police department and non-profits, we established a Task Force to analyze data and information to evaluate the current needs and gaps in opioid response & issues within our community. The assessment of opioid-related issues, included overdoses rates, availability of treatment & community needs. This assisted us with determining prevention programs in our schools & addressing recovery for individuals and families, community education programs, school-based initiatives & campaigns to reduce the stigma surrounding addiction. The goal is to effectively combat the crisis & create long lasting improvements in public health & safety.
12	In this reporting year (7/1/2023 - 6/30/2024), did your subdivision engage the public (e.g., town hall meeting, online survey, convened stakeholders) prior to deciding how to use the opioid abatement funds you received?	Yes, for one year funding
13	Please describe your public engagement/input efforts?	With our Allinace Drug Task Force we actively engaged the public by holding monthly meetings before deciding how to use the opioid abatement funds which included key stakeholders such as law enforcement & local officials & school professionals. This collaborative process ensured that voices were heard & that our decisions aligned with the needs & priorities of those directly impacted by the opioid crisis.
14	Does your county/subdivision have a strategic plan?	No, but we plan to in the future

1 5	Have you completed a Risk Assessment profile for demographic or geographic impact?	No, but we plan to in the future
1 6	Did your subdivision fund any programs using opioid abatement funds in this reporting year?	Yes
	2024 Fiscal Program List	
1	Program Name/Title	L.E.A.D. 2024 PROGRAM
2	Agency/Funding Recipient Name	Twp of Lacey in cooperation with the Board of Education

8	Amount of funding for this program.	\$12,254.97
8a .	Amount expended:	\$12,254.97
8 b.	Amount encumbered/appropriated:	\$0.00
9	How often are you disbursing funds to this program?	Other
	Other (please specify):	Biweekly through payroll for the officers
1 0	Program Launch Date	3/1/2024
1 1	Please choose the length of time of this program's duration:	2-3 years
1 2	What is the anticipated number of unduplicated clients this program will reach annually?	350

1 3	Please state this program's statement of impact.	The LEAD program for 5th-grade students aims to empower young individuals with the knowledge & skills needed to make informed decisions about drug use, bullying, & violence. Through education & collaboration with law enforcement, the program fosters positive relationships, encourages responsible behavior, & strengthens community ties, helping to create a safer & healthier environment for students & their families.
1 4	What key performance indicators are you tracking to ensure success of the program (for example, # of services provided, # of people served, # of naloxone kits distributed)?	
	Number of participants served:	350
	Number of training/education sessions:	6
	Increased community awareness (please describe):	<p>Yes; Key performance indicators for tracking the success of the LEAD Program, particularly with respect to community awareness and educational goals for 5th graders, may include the following:</p> <ol style="list-style-type: none"> 1. Student Engagement in the classroom 2. Knowledge Retention by Students 3. Behavioral Change by students 4. Community and Parental Responses 5. Collaboration with Law Enforcement 6. Program Reach and Awareness
1 5	How frequently are you measuring the tracked key performance indicators?	Annually
1 6	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	The LEAD Program, supported by opioid settlement funds, aims to achieve long-term outcomes by reducing substance abuse among youth, fostering positive relationships with law enforcement, & promoting healthier, drug-free communities. Our focus is on prevention through education, which we believe will mitigate the risk of future opioid misuse. We plan to measure the program's impact by tracking participation rates, conducting pre- and post-program surveys to assess changes in knowledge & attitudes, & monitoring long-term data on substance use trends within our community. These metrics will help us ensure that the funds are used effectively to create lasting positive change.

1 7	Primary Category:	Primary Prevention, Education, and Training
1 8	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	None of the above
1 9	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	Training
2 0	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	The LEAD Program, specifically targeting 5th graders, is designed to prevent opioid use disorder and other substance use disorders, as well as address co-occurring mental health conditions, through a combination of education, prevention, and community engagement. Here's how the program achieves its goals through evidence-based or evidence-informed practices and strategies:
2 1	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	<p>For the LEAD program offered to 5th graders in cooperation with the Lacey Township Police Department & the Board of Education, the procurement method would be through sole source procurement or direct contracting. Here's a breakdown of the procurement process & the rationale behind using this method:</p> <p>1. Procurement Method: Sole Source Procurement or Direct Contracting</p> <p>Since the LEAD Program is a specialized educational & prevention program that is uniquely offered by law enforcement, this type of procurement often qualifies as a sole source or direct contract. The rationale is that there are no other vendors that provide the same combination of law enforcement training, curriculum, & community engagement.</p>

Opioid Settlement Funding Report		
Sub Division: Lakewood Township		
	State ID:	NJ107
	County Name:	Ocean
	Address:	231 3rd street, lakewood, New Jersey, 08701
Fiscal Year: 2024		
1	Please tell us the full amount of opioid abatement funds you received between 7/1/2023 and 6/30/2024	\$626,142.28
2	Please tell us the total amount of interest accrued on opioid abatement funds your subdivision has received since the distribution commenced in 2022:	\$0.00
3	Please tell us the total amount of opioid abatement funds your subdivision has received since the distribution commenced in 2022.	\$934,876.01
4	As an eligible subdivision receiving abatement funds, which of the following applies to your current status regarding those funds:	We are a municipality and did not transfer our funds
5	What amount of your opioid abatement funds did you transfer to the county?	
6	Please tell us the amount of opioid abatement funds you have expended in this reporting period (7/1/2023 - 6/30/2024) :	\$0.00
7	Please tell us the amount of opioid abatement funds you have appropriated/encumbered but not yet spent in this reporting period (7/1/2023 - 6/30/2024).	\$0.00
8	Please tell us the amount of opioid abatement funds that was spent on program administrative expenses in this reporting period (7/1/2023 - 6/30/2024) :	\$0.00
8a.	Please provide details about any administrative expenses.	no comment
9	Please state the amount of unspent and/or uncommitted opioid abatement funds from any reporting year that your subdivision has on hand.	\$1,145,926.24
10	Please share brief information on your subdivisions overarching goals and values to provide context for this year's spending decisions	no comment

11	How did you decide the best way to use the opioid abatement funds your subdivision received this reporting year? For example, did you rely on evidence-based or evidence-informed practices or strategies, the list of Opioid Remediation uses, a needs assessment, a strategic plan, or an epidemiological analysis? If yes, please explain.	no comment
12	In this reporting year (7/1/2023 - 6/30/2024), did your subdivision engage the public (e.g., town hall meeting, online survey, convened stakeholders) prior to deciding how to use the opioid abatement funds you received?	No
13	Please describe your public engagement/input efforts?	no comment
14	Does your county/subdivision have a strategic plan?	No
15	Have you completed a Risk Assessment profile for demographic or geographic impact?	No
16	Did your subdivision fund any programs using opioid abatement funds in this reporting year?	No

Opioid Settlement Funding Report		
Sub Division: Little Egg Harbor Township		
	State ID:	NJ112
	County Name:	Ocean
	Address:	665 Radio road, Little Egg Harbor, New Jersey, 08087
Fiscal Year: 2024		
1	Please tell us the full amount of opioid abatement funds you received between 7/1/2023 and 6/30/2024	\$108,686.35
2	Please tell us the total amount of interest accrued on opioid abatement funds your subdivision has received since the distribution commenced in 2022:	\$0.00
3	Please tell us the total amount of opioid abatement funds your subdivision has received since the distribution commenced in 2022.	\$184,592.96
4	As an eligible subdivision receiving abatement funds, which of the following applies to your current status regarding those funds:	We are a municipality and did not transfer our funds
5	What amount of your opioid abatement funds did you transfer to the county?

10	Please share brief information on your subdivisions overarching goals and values to provide context for this year's spending decisions	<p>This year Manchester Township has utilized Opioid funds for a variety of purposes. This year we have utilized opioid funds for the following purposes: continue funding for Bright Harbor On-Point Services. Bright Harbor On-Point Services assists Manchester Township as Bright Harbor Healthcare offers co-occurring Intensive Outpatient Services for substance abuse treatment during day hours as well as in the evening. Bright Harbor Healthcare offers outpatient counseling for individuals, groups, and families with o trained experts. There are many different approaches to substance use treatment, and each person should have an individual plan of care. Sometimes Medication Assisted Treatment or (MAT) becomes part of that care plan. At Bright Harbor Healthcare, we offer comprehensive Psychiatric Evaluation and can prescribe Suboxone or Vivitrol if indicated. Recovery Coaching trained peers with lived experience can help create a recovery care plan and support you in the environment. Bright Harbor Healthcare will also provides Ambulatory Withdraw Management AWM, more commonly called outpatient detox, is a safe way to detox from opiates in an outpatient environment. Maybe you can't be absent from work, or maybe your insurance isn't willing to cover another inpatient detox. We will decide together if AWM can help you with a safe alternative to an inpatient stay. We do offer Medication Assisted Treatment alternatives as well. As such Bright Harbor is stationed on a daily basis with both Manchester Township Police Department and Emergency Medical Services and will respond at the request of the Township's Emergency Services directly to a scene to assist patients of addiction. Opioid settlement funds were also utilized for a variety of other aspects of the Township's response to fight addiction and support our residents. Through 2024 our Township's EMS has utilized Opioid funds to purchase medical training</p>
----	--	--

10 cont.	Please share brief information on your subdivisions overarching goals and values to provide context for this year's spending decisions cont.	<p>manakins along with training equipment to begin training all Township Employees in CPR & Narcan through the American Heart Association and Rutgers University Psychology and Substance Abuse Training Program. To date 100 employees have been training and equipped with their own Narcan Kit, to keep on them at all times. The Township has also deployed Narcan into all AED's that have been strategically placed throughout the Township with possibility of deploying into all Township owned vehicles. The Township also utilized Opioid funding to replaced Medical Kits for five of the Township's police vehicles to include AED's and Narcan Kits into all Police Vehicles. These kits included two Narcan atomizers, Gloves, Bag Valve Masks, minor wound treatments, and Oxygen. As our police are often one of the first on location to Overdoses, our EMS organization provide yearly training to all of the police officers on the use of Narcan. There are current plans to roll out a similar program to all of our volunteer firefighters. The Township did utilize funds to purchase Narcan Leave behind kits for all emergency responders, per the new state law, requiring any victim of opioid addiction that is not transported to the hospital, must receive a Narcan leave behind kit. The final purchase utilizes opioid settlement funds to purchase a vehicle for the Township's community outreach programs and to be utilized by Bright Harbor Healthcare to respond to opioid addiction. The vehicle will be utilized by various entities inside the Township to provide community outreach on addiction, provide transportation of employees to our many senior villages to conduct opioid awareness and Narcan training, direct scene response to opioid or addiction crisis by healthcare professionals, and can be utilized by responders to transport individuals who require counseling or addiction services to these facilities. Funding was also utilized to assist</p>
-------------	--	--

10 cont.	Please share brief information on your subdivisions overarching goals and values to provide context for this year's spending decisions cont.	in supporting our NEO Program. In response to the growing opiate epidemic, the Manchester Township Police Department has researched, developed, vetted and successfully implemented a new interactive high school opiate awareness program entitled #NEO, which stands for "Not Even Once." Instructed by police officers, this interactive course is a collaborative effort between law enforcement and educators with the goal of informing students about the dangers of opiates before they leave for college or enter the work force. This program, which meets all of the New Jersey Student Learning Standards for health classes, is taught to students during their senior year of high school. The ultimate goal behind this program is to educate students about opiate abuse and give them the tools they need to make better decisions.
11	How did you decide the best way to use the opioid abatement funds your subdivision received this reporting year? For example, did you rely on evidence-based or evidence-informed practices or strategies, the list of Opioid Remediation uses, a needs assessment, a strategic plan, or an epidemiological analysis? If yes, please explain.	The Township utilized the Director of Emergency Services, Director of Public Safety, Office of Emergency Management, and the Business Administrator to determine the best possible use of the funding. This group continues to look at development of a strategic plan to continue use of the funding moving forward.
12	In this reporting year (7/1/2023 - 6/30/2024), did your subdivision engage the public (e.g., town hall meeting, online survey, convened stakeholders) prior to deciding how to use the opioid abatement funds you received?	No
13	Please describe your public engagement/input efforts?	The Township is currently in the process of developing a program to provide outreach to our community in the way of free public training on CPR & Narcan utilization. Along with discussion on adding funding to our Police NEO Program to broaden the expansion of the program. Currently the Township offered free Narcan at Township Events for anyone that would like it. We continue to look for ways to increase our community outreach programs on education of addiction and services.

14	Does your county/subdivision have a strategic plan?	No
15	Have you completed a Risk Assessment profile for demographic or geographic impact?	No
16	Did your subdivision fund any programs using opioid abatement funds in this reporting year?	Yes
	2024 Fiscal Program List	
1	Program Name/Title	Counseling Service & Prevention
2	Agency/Funding Recipient Name	Bright Harbor Healthcare/Manchester EMS & Police
3	Agency/Funding Recipient Category	County or Municipality (including Departments and Municipal Alliances),First Responders, Law Enforcement, and Emergency Services,Private/For-profit Organizations,Schools, Colleges, Universities
4	Primary problem being addressed by this program:	Addiction Prevention and Recovery
5	Brief program description:	Bright Harbor Healthcare provides treatment counseling and services for members of addiction by providing treatment services and connecting with recovery services. The Police and EMS departments utilized funds for direct treatment and response to overdose emergencies while providing education and training to the community.
6	Program target population:	Children and Young Adults - 0-13 (through 8th grade),Children and Young Adults - 14-18 (high school aged),Children and Young Adults - 19-24 (post-grad through college),First Responders, Law Enforcement and other Emergency Responders,Individuals experiencing Homelessness,Individuals in Recovery,Individuals in Treatment,Individuals involved with the Criminal Justice System,Individuals who Use Drugs,Members of the General Public,Pregnant and Parenting Individuals and their Families, including Babies with Neonatal Abstinence Syndrome

7	Date this program was funded (please use MM/DD/YYYY):	01/01/2024
8	Amount of funding for this program.	\$35,000.00
8a.	Amount expended:	\$35,000.00
8b.	Amount encumbered/appropriated:	\$0.00
9	How often are you disbursing funds to this program?	As needed for resources.
10	Program Launch Date	01/01/2024
11	Please choose the length of time of this program's duration:	2-3 years
12	What is the anticipated number of unduplicated clients this program will reach annually?	100

13	Please state this program's statement of impact.	<p>At Bright Harbor Healthcare, we recognize how hard it can be for individuals experiencing addiction to seek substance abuse treatment. Taking that first step can be daunting. We will walk alongside you as you begin your journey. Addiction is a disease that affects not only an individual but their family members as well. We are here for them too. We offer safe, confidential assessments and treatment recommendations using the American Society of Addiction Medicine ASAM criteria. Bright Harbor Healthcare offers co-occurring Intensive Outpatient Services for substance abuse treatment during day hours as well as in the evening Bright Harbor Healthcare offers outpatient counseling for individuals, groups, and families with our trained experts. There are many different approaches to substance use treatment, and each person should have an individual plan of care. Sometimes Medication Assisted Treatment or (MAT) becomes part of that care plan. At Bright Harbor Healthcare, we offer comprehensive Psychiatric Evaluation and can prescribe Suboxone or Vivitrol if indicated. Recovery Coaching trained peers with lived experience can help create a recovery care plan and support you in the environment. In response to the growing opiate epidemic, the Manchester Township Police Department has researched, developed, vetted and successfully implemented a new interactive high school opiate awareness program entitled #NEO, which stands for "Not Even Once." Instructed by police officers, this interactive course is a collaborative effort between law enforcement and educators with the goal of informing students about the dangers of opiates before they leave for college or enter the work force. 13 cont.	Please state this program's statement of impact. cont.	abuse and give them the tools they need to make better decisions.
14	What key performance indicators are you tracking to ensure success of the program (for example, # of services provided, # of people served, # of naloxone kits distributed)?	
	Number of participants served:	300
	Number of harm reduction supplies distributed (e.g naloxone kits, drug disposal packets):	250
	Number of training/education sessions:	20
	Increased community awareness (please describe):	Utilizing the NEO program and Township EMS department to provide community outreach at events.
15	How frequently are you measuring the tracked key performance indicators?	Semi-annually
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	Reduction in overdose related emergencies in the Township. We are utilizing our EMS and Police department data to see a reduction of trends of responses to overdose related emergencies. Our Director of Emergency services was also just placed on the Ocean County Board of Health Services overdose response board to assist in planning responses and services in the county.
17	Primary Category:	Primary Prevention, Education, and Training
18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	Harm Reduction and Overdose Prevention, Recovery Supports, Workforce Development and Capacity Building
19	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	Treat Opioid Use Disorder (OUD), Support People in Treatment and Recovery, Connections to Care, Prevent Overdose Deaths and Other Harms (Harm Reduction), First Responders, Training
20	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	All of these programs are being utilized to fund a three tiered approach of addiction. We are looking at it from the prevention standpoint, with community outreach and education. The initial emergency response, via our trained EMS & Police, who are utilizing Narcan Leave behind kits and referring all overdose victims to Bright Harbor Healthcare. And the follow-up and support phase by Bright Harbor Healthcare. We are trying to conduct a full response circle, to our community.

21	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	The procurement method for the program and done internally by the Township as a strategic initiative was developed to an approach at addiction mitigation.
	2024 Fiscal Program List	
1	Program Name/Title	Employee Narcan Education and Outreach
2	Agency/Funding Recipient Name	Manchester Township
3	Agency/Funding Recipient Category	County or Municipality (including Departments and Municipal Alliances), First Responders, Law Enforcement, and Emergency Services
4	Primary problem being addressed by this program:	Education for all Township Employees on Overdoses and Narcan Usage
5	Brief program description:	Manchester Township utilized funds to purchase training equipment, Narcan Deployment Kits, and certifications for all Township Employees in CPR & Narcan Usage. It is the goal of the program to provide every Township Employee with Basic CPR Training and Usage of Narcan in the event they are required to act while on-duty or off duty. Manchester Township provided each individual in the Township with a Narcan take home kit and placed a Naloxone Kit in each Township owned vehicle.
6	Program target population:	First Responders, Law Enforcement and other Emergency Responders, Healthcare Personnel and Workforce, Individuals experiencing Homelessness, Individuals in Recovery, Individuals in Treatment, Individuals involved with the Criminal Justice System, Individuals who Use Drugs, Members of the General Public
7	Date this program was funded (please use MM/DD/YYYY):	01/01/2024
8	Amount of funding for this program.	\$16,337.99
8a.	Amount expended:	\$16,337.99
8b.	Amount encumbered/appropriated:	\$0.00
9	How often are you disbursing funds to this program?	One time only
10	Program Launch Date	03/01/2024
11	Please choose the length of time of this program's duration:	1 year

12	What is the anticipated number of unduplicated clients this program will reach annually?	0
13	Please state this program's statement of impact.	Manchester Township determined to utilize funds to educate and provide certification to all Manchester Township Employees in basic CPR & Narcan usage. After the training the Township provided each employee with a Narcan Deployment Kit for their personal usage and strategically placed a Narcan Deployment Kit into every Township Vehicle. The Township also purchased new Narcan Kits & AED's to be placed strategically around the Township, such as Town Hall lobby, DPW Garage, Courts, and updated outdated Kits & AED's in frontline police patrol vehicles. The Goal of the program was not only education but to increase the access to Narcan and AED's throughout the Township, while making sure that a Township Employee is able to respond and treat appropriately until an Ambulance arrives on location.
14	What key performance indicators are you tracking to ensure success of the program (for example, # of services provided, # of people served, # of naloxone kits distributed)?	
	Number of participants served:	150
	Number of harm reduction supplies distributed (e.g naloxone kits, drug disposal packets):	200
	Number of training/education sessions:	10
15	How frequently are you measuring the tracked key performance indicators?	Annually
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	Currently the Township Tracks overdoses using not only our EMS programs Electronic Charting Program, but also utilizes OD Mapping that is completed by our local PD. Utilizing these metrics we are using GIS data to target Patrols and Community Outreach events in these areas. While analyzing historical data and these reporting systems, we look to see if we can reduce OD related offenses, medical calls, and deaths.
17	Primary Category:	Primary Prevention, Education, and Training

18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	Harm Reduction and Overdose Prevention, Treatment, Workforce Development and Capacity Building
19	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	Treat Opioid Use Disorder (OUD), Prevent Overdose Deaths and Other Harms (Harm Reduction), First Responders, Training
20	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	We hope this program will address the opioid use disorder by reducing Overdose related deaths. Over the last year the Ocean County Health Department has issued numerous County OD Action Plans and Response requirements due to tampered with Narcotics being on the streets of Ocean County and Manchester Township. In an effort to combine a fast response to immediate treatment and usage of our partnership with Bright Harbor Treatment, we look to continue a two prong approach with immediate and follow up care.
21	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	All purchases and procurement for this program was done through NJ State Purchasing Contracts. After analyzing what the Opioid Settlement Funds can be utilized for, Manchester Township looked to build a program in-house for our staff, and next year expand the program to the Community.
	2024 Fiscal Program List	
1	Program Name/Title	Transportation and Response to Mental Health & Opioid Victims
2	Agency/Funding Recipient Name	Manchester Township Emergency Services
3	Agency/Funding Recipient Category	County or Municipality (including Departments and Municipal Alliances), First Responders, Law Enforcement, and Emergency Services
4	Primary problem being addressed by this program:	Response and Transportation of Victims of Overdose and Mental Health Crisis
5	Brief program description:	In partnership with Bright Harbor Healthcare, Manchester Emergency Services is assisting in helping victims of Overdose and Mental Health with rapid treatment of OD or Mental Health.

6	Program target population:	Children and Young Adults - 0-13 (through 8th grade),Children and Young Adults - 14-18 (high school aged),Children and Young Adults - 19-24 (post-grad through college),First Responders, Law Enforcement and other Emergency Responders,Healthcare Personnel and Workforce,Individuals experiencing Homelessness,Individuals in Recovery,Individuals in Treatment,Individuals who Use Drugs,Members of the General Public
7	Date this program was funded (please use MM/DD/YYYY):	06/01/2024
8	Amount of funding for this program.	\$79,500.00
8a.	Amount expended:	\$79,500.00
8b.	Amount encumbered/appropriated:	\$0.00
9	How often are you disbursing funds to this program?	One time only
10	Program Launch Date	10/01/2024
11	Please choose the length of time of this program's duration:	1 year
12	What is the anticipated number of unduplicated clients this program will reach annually?	100

13	Please state this program's statement of impact.	Part of the Manchester Township agreement with Bright Harbor Healthcare is the ability to respond direct to locations of overdose victims, mental health patients, and individuals in our community who require services to help maintain a healthy lifestyle and reduce dependence on narcotics. This program developed and overseen by Manchester Townships' Division of Emergency Services, in conjunction with the EMS department, will identify individuals in our community that meet target criteria for enrollment in Bright Harbor Healthcare's program. This program allows Medical Health Professionals to contact and meet with residents to assist in Mental Health and substance abuse programs. Utilizing Opioid Funds a vehicle was purchased to deploy Bright Harbor Healthcare Members with our EMS Department directly to the community member and if needed provide transportation to local hospitals, medical treatment facilities, or rehab locations. This vehicle also allows for follow up treatment on location if outpatient services are required for our residents. Currently the Township must utilize any vehicle that may be available in the Township to allow this response, but often there are none available on an emergent or dedicated basis. This funding will provide a dedicated outreach vehicle for these services. In our partnership with Bright Harbor we have seen over 1,000 services providers to 213 patients and currently have 80 in treatment at this time.
14	What key performance indicators are you tracking to ensure success of the program (for example, # of services provided, # of people served, # of naloxone kits distributed)?	
	Number of participants served:	213
	Number of services provided/encounters:	1000
	Number of referrals to treatment	80
15	How frequently are you measuring the tracked key performance indicators?	Annually

16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	The program hopes to connect our community residents with more clinicians of the Bright Harbor and increase our encounters with patients as our Community Outreach and Bright Harbor Healthcare members can have uninterrupted response and transport of residents in crisis.
17	Primary Category:	Treatment
18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	Harm Reduction and Overdose Prevention, Recovery Supports, Wraparound and Connected Care Supports
19	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	Treat Opioid Use Disorder (OUD), Support People in Treatment and Recovery, Connections to Care, Prevent Misuse of Opioids, Prevent Overdose Deaths and Other Harms (Harm Reduction), First Responders, Leadership, Planning and Coordination
20	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	This program will allow our EMS organization to direct request our Bright Harbor Healthcare partners directly to a scene while allowing Bright Harbor Healthcare practitioners a way to have direct patient follow up on location at a patient's home. By providing direct in person contact, it allows for a better result to one's mental health and addiction journey to recovery. Bright Harbor Healthcare utilizes the American Society of Addiction Medicine Criteria, while providing not only outpatient but inpatient substance abuse treatments, counselling, and can even prescribe Suboxone or Vivitrol if indicated.
21	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	In conjunction with members of the Public Safety Division it was determined that a vehicle was necessary to improve and increase the efficiency and response of the Bright Harbor Healthcare Social Workers and our EMS Community Outreach with the purchase of this vehicle. All NJ State Purchasing Laws were utilized on a government contract purchase.
