16	Did your subdivision fund any new programs using opioid abatement funds in this reporting year?	Yes
	2025 Fiscal Program #1	
1	Program Name/Title	Somerset HEAL
2	Agency/Funding Recipient Name	Richard Hall Community Health and Wellness Center
3	Agency/Funding Recipient Category	County or Municipality (including Departments and Municipal Alliances)
4	Primary problem being addressed by this program:	The program addresses the ongoing public health crisis of opioid and substance use disorder, including the rising rates of overdose, preventable deaths, and related health and safety risks in the community. Many individuals facing substance use disorder experience barriers to treatment, stigma, and limited access to life-saving services. This program seeks to reduce the harms associated with substance use—such as overdose, infectious disease transmission, and social instability—while creating pathways to treatment, recovery supports, and other essential health and human services.
5	Brief program description:	The Somerset HEAL (Harm Reduction, Education, Access, and Linkage) program is a county-led initiative that provides evidence-based harm reduction services to individuals impacted by substance use. The program offers access to naloxone, safe-use supplies, infectious disease prevention, and connections to treatment, recovery supports, and other health and social services. By reducing the risks associated

5 cont.	Brief program description: cont.	with substance use and addressing barriers to care, HEAL promotes individual wellness, prevents overdose, and strengthens community health.
6	Program target population:	Individuals experiencing Homelessness; Individuals in Recovery; Individuals in Treatment; Individuals involved with the Criminal Justice System; Individuals who Use Drugs; Pregnant and Parenting Individuals and their Families, including Babies with Neonatal Abstinence Syndrome
7	Date this program was funded (please use MM/DD/YYYY)	10/01/2024
8	Amount of funding for this program.	$100,000.00
8a.	Amount expended:	$53,250.54
8b.	Amount encumbered/appropriated:	$46,749.46
9	How often are you disbursing funds to this program?	Quarterly
10	Program Launch Date	10/01/2024
11	Please choose the length of time of this program's duration:	Less than 1 year
12	What is the anticipated number of unduplicated clients this program will reach annually?	100
13	Please state this program's statement of impact.	The Somerset HEAL Harm Reduction Program has expanded access to life-saving resources, reduced the risk of overdose and infectious disease, and strengthened connections to care for residents with substance use disorders. By meeting individuals where they are, the program has improved public health outcomes, reduced stigma, and built stronger pathways to treatment and recovery—ultimately enhancing the safety and well-being of the entire community.
14	What key performance indicators are you tracking to ensure success of the program (for example, # of services provided, # of people served, # of naloxone kits distributed)?	
	Number of harm reduction supplies distributed (e.g naloxone kits, drug disposal packets):	1000
	Number of training/education sessions:	10

15	How frequently are you measuring the tracked key performance indicators?	Quarterly
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	Reduce overdose deaths by increasing access to naloxone and overdose prevention education. Decrease transmission of infectious diseases (e.g., HIV, Hepatitis C) through safe-use supplies and education. Strengthen connections to care by linking individuals to treatment, recovery support, and social services. Reduce stigma and barriers that prevent people from seeking help, promoting community awareness and acceptance of harm reduction as a public health strategy. Improve community health and safety by engaging residents in prevention, education, and resource navigation.
17	Primary Category:	Harm Reduction and Overdose Prevention
18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	Recovery Supports; Treatment; Wraparound and Connected Care Supports
19	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	Support People in Treatment and Recovery, Connections to Care, Address the Needs of Criminal Justice-Involved Persons, Address the Needs of Pregnant or Parenting Women and their Families, including Babies with Neonatal Abstinence Syndrome, Prevent Overdose Deaths and Other Harms (Harm Reduction), Training
20	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	The Somerset HEAL Harm Reduction Program addresses opioid use disorder (OUD), co-occurring substance use disorders, and related mental health conditions through evidence-based and evidence-informed practices designed to reduce harm and foster engagement in care. The program employs the following strategies: Harm Reduction Services: Distribution of naloxone and safe-use supplies to prevent fatal overdoses and reduce transmission of infectious diseases.

20 cont.	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies. cont.	Motivational Interviewing and Peer Engagement: Using evidence-based engagement techniques to build trust, reduce stigma, and support readiness for treatment and recovery. Low-Barrier Access to Care: Meeting individuals where they are and removing obstacles that often prevent people from seeking help, while respecting individual autonomy. Linkage to Treatment and Recovery: Connecting participants to medication-assisted treatment (MAT), counseling, recovery support services, and mental health care through strong partnerships with local providers. Integrated Approach to Co-Occurring Disorders: Recognizing the high prevalence of mental health conditions alongside substance use, staff are trained to provide screening, support, and warm hand-offs to appropriate behavioral health services. Community and Systems-Level Impact: Promoting public awareness of harm reduction as a public health model, decreasing stigma, and strengthening Somerset County's continuum of care.
21	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	In accordance with county procurement policies and state regulations, a public RFP was issued to solicit proposals from qualified providers. The process included formal advertisement, a defined application period, standardized evaluation criteria, and review by a county-appointed evaluation committee. Proposals were scored on qualifications, experience, program design, capacity, and cost-effectiveness to ensure a fair and transparent selection.
	2025 Fiscal Program #2	
1	Program Name/Title	Recovery Friendly Workplaces
2	Agency/Funding Recipient Name	Community in Crisis
3	Agency/Funding Recipient Category	Community Based Organizations/Non-Governmental Organizations

4	Primary problem being addressed by this program:	The Recovery Friendly Workplace program addresses the stigma, instability, and lack of support that individuals in recovery often face in the workplace. Many employers are not equipped with the tools, policies, or training to effectively support employees affected by substance use—whether personally or through a family member. This results in lost productivity, higher turnover, safety concerns, and barriers to sustained recovery. The program is designed to reduce stigma, create supportive workplace environments, and promote policies that help individuals maintain employment and wellness while strengthening the overall workforce
5	Brief program description:	The Recovery Friendly Workplace (RFW) initiative is aimed to heighten awareness and workplace culture for those impacted by the opioid epidemic as well as those in recovery from a substance-use and cooccurring behavioral health concerns. Benefits of a RFW include improvements in attracting and retaining employees as well as increased engagement and productivity. Recovery-Friendly Workplaces: Foster an empathetic environment for their employees in recovery, as well as impacted family members and loved ones. Create a culture of openness and acceptance around recovery, without fear of stigma or discrimination. Offer confidential support and resources for employees who are struggling with addiction or mental health issues. Foster a supportive environment that encourages healthy behaviors and provides opportunities for growth. Recognize and value the financial benefits of adapting a recovery-friendly environment and culture. Benefit from improved productivity, absenteeism, and retention of employees.

5 cont.	Brief program description: cont.	Offer training and education for managers and staff on how to support employees in recovery
6	Program target population:	Individuals in Recovery; Members of the General Public; Others
6(a).	Program target population: - Others	Individuals in the workforce
7	Date this program was funded (please use MM/DD/YYYY)	04/01/2025
8	Amount of funding for this program.	$150,000.00
8a.	Amount expended:	$0.00
8b.	Amount encumbered/appropriated:	$150,000.00

11	Please choose the length of time of this program's duration:	2-3 years
12	What is the anticipated number of unduplicated clients this program will reach annually?	21
13	Please state this program's statement of impact.	To date, the program has engaged 9 of the 21 contracted businesses (1 unit = 1 local business), reflecting strong progress in establishing Recovery Friendly Workplaces and fostering supportive environments across the county. Reported outcomes include 36% employer outreach and engagement, 40% employee outreach and engagement, and 5% access to RFW organizational and workforce benefits.
14	What key performance indicators are you tracking to ensure success of the program (for example, # of services provided, # of people served, # of naloxone kits distributed)?	
	Number of participants served:	9
	Number of training/education sessions:	9
	Number of services provided/encounters:	9
15	How frequently are you measuring the tracked key performance indicators?	Quarterly
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	The Recovery Friendly Workplace program aims to reduce stigma around substance use, improve workplace culture, and strengthen both employee well-being and business productivity. By equipping employers with tools, policies, and resources to support employees in recovery—or

16 cont.	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact? cont.	those affected by substance use—the program fosters healthier, safer, and more inclusive workplaces. Long-term impacts include increased employee retention, reduced absenteeism, improved access to recovery supports, and stronger community partnerships. Measurement / Tracking: Impact will be measured through both quantitative and qualitative methods, including: Employer engagement metrics: number of businesses contracted, trained, and certified as Recovery Friendly Workplaces. Employee outreach metrics: number and percentage of employees reached through trainings, events, or workplace supports. Utilization of benefits: tracking employee access to recovery supports, wellness initiatives, and referrals. Surveys and feedback: pre- and post-assessments from employers and employees on stigma reduction, workplace culture, and awareness of recovery resources. Performance reporting: quarterly fiscal and program reports against contracted levels of service, with continuous monitoring to ensure progress toward outcomes.

2	Please tell us the total amount of interest accrued on opioid abatement funds your subdivision has received between 7/1/2024 and 6/30/2025	$0.00
3	The total amount of opioid abatement funds your subdivision has received since the distribution commenced in 2022 (Total amount including Interest Accrued):	$159,399.58
4	As an eligible subdivision receiving abatement funds, which of the following applies to your current status regarding those funds:	We are a municipality and did not transfer our funds
5	What amount of your opioid abatement funds did you transfer to the county?	
6	Please tell us the amount of opioid abatement funds you have expended in this reporting period (7/1/2024 - 6/30/2025) :	$5,729.35
7	Please tell us the amount of opioid abatement funds you have appropriated/encumbered but not yet spent in this reporting period (7/1/2024 - 6/30/2025).	$0.00
8	Please tell us the amount of opioid abatement funds that was spent on program administrative expenses in this reporting period (7/1/2024 - 6/30/2025) :	$291.69
8a.	Please provide details about any administrative expenses.	Payroll offset for Municipal Alliance Coordinator's time to manage opioid-related purchases, projects, and grant reporting obligations
9	Please state the amount of unspent and/or uncommitted opioid abatement funds from any reporting year that your subdivision has on hand.	$147,670.23

10	Please share brief information on your subdivisions overarching goals and values to provide context for this year's spending decisions	Our subdivision's overarching goals focus on prevention, education, and community engagement to reduce and prevent opioid misuse. We value evidence-informed strategies and collaborative planning that reflect the needs of our residents. This year's spending decisions supported these goals by expanding our Med Drop Disposal Awareness Campaign. We distributed DisposeRx and Deterra pouches for at-home medication disposal, introduced medication organizers to encourage safe storage, and continued sharing public education materials building on prior efforts like informational magnets for the local Medication Drop Box. We also purchased tools and products for the Law Enforcement Against Drugs (LEAD) program at the middle school, supporting early prevention education. In addition, we purchased brochure holders to display opioid misuse resource materials, which will be acquired in a future cycle to further enhance public access to prevention information. All spending decisions were guided by a multifaceted committee, including members of the Health Department, Municipal Alliance, Public Health Nursing, and community residents. Continued discussion will ensure alignment with our prevention goals of reducing and preventing opioid misuse.
11	How did you decide the best way to use the opioid abatement funds your subdivision received this reporting year? For example, did you rely on evidence-based or evidence-informed practices or strategies, the list of Opioid Remediation uses, a needs assessment, a strategic plan, or an epidemiological analysis? If yes, please explain.	To determine the best use of the opioid abatement funds received during this reporting year, we created and met as a small committee composed of representatives from the Health Department, Municipal Alliance and Police. This collaborative group evaluated potential uses of the funds with a focus on aligning with evidence-based and evidence-informed practices and strategies, as well as the approved list of Opioid Remediation uses.
12	In this reporting year (7/1/2024 - 6/30/2025), did your subdivision engage the public (e.g., town hall meeting, online survey, convened stakeholders) prior to deciding how to use the opioid abatement funds you received?	No, but plan to in the future

13	Please describe your public engagement/input efforts?	The Bernards Township Health Department and Municipal Alliance prioritize preventing prescription medication misuse and opioid use. This year, we promoted the Medication Drop Box at the Bernards Township Police Department through magnets, social media campaigns, and a video PSA. We also distributed Deterra and DisposeRX pouches at events for safe at-home disposal. Our outreach is shaped by input from community members and partners to ensure our efforts reflect local needs of the residents of Bernards Township.
14	Does your county/subdivision have a strategic plan?	No, but we plan to in the future
15	Have you completed a Risk Assessment profile for demographic or geographic impact?	No, but we plan to in the future
16	Did your subdivision fund any new programs using opioid abatement funds in this reporting year?	Yes

19	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	Prevent Misuse of Opioids
20	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	The LEAD program addresses opioid use disorder and co-occurring substance use or mental health conditions by providing early, evidence-informed prevention education that is appropriate for middle school aged students. By increasing the awareness of the risks associated with opioid and substance misuse, the program helps delay or prevent initiation, which is an important step in reducing future opioid use.
21	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	We used an informal procurement process by consulting directly with the LEAD teacher to identify the most appropriate educational tools. The officer who teaches the LEAD class is a member on the Bernards Township Municipal Alliance who is well-versed in the opioid abatement funding. We discussed options that would be fun, engaging, and educational for the middle school students, ensuring the materials selected would effectively support the program's goals as well as the goals of the opioid abatement funding in Bernards Township.
	2024 Fiscal Program #1	

1	Program Name/Title	Med Drop Disposal Awareness Campaign
2	Have there been any modifications or expansions to this program since the initial report? :	Yes, modification to funding amount
	2a) If yes, please explain:	In addition to promoting the medicine drop box in Bernards Township and the DEA Takeback Day (2x a year), we expanded the program to safe medication disposal and storage.
3	Amount expended in this reporting period (7/1/2024 - 6/30/ 2025)	$3,491.66

10	Please share brief information on your subdivisions overarching goals and values to provide context for this year's spending decisions	Our subdivision is committed to promoting community safety, supporting public health, and ensuring access to resources that address opioid use disorder and co-occurring conditions. This year, we invested funds in training police officers on effective response strategies and in maintaining the Credible Minds platform, which provides residents with accessible mental health and wellness support. These efforts reflect our values of safety, compassion, and long-term recovery for our community.
11	How did you decide the best way to use the opioid abatement funds your subdivision received this reporting year? For example, did you rely on evidence-based or evidence-informed practices or strategies, the list of Opioid Remediation uses, a needs assessment, a strategic plan, or an epidemiological analysis? If yes, please explain.	This year we again relied on the list of Opioid Remediation uses, directing the money toward educating law enforcement and funding the CredibleMinds platform which assists individuals with mental health disorders as well as those with drug and alcohol addiction by providing a private, digital gateway to curated educational resources, self-assessments, and local professional services.
12	In this reporting year (7/1/2024 - 6/30/2025), did your subdivision engage the public (e.g., town hall meeting, online survey, convened stakeholders) prior to deciding how to use the opioid abatement funds you received?	Yes, for one year funding
13	Please describe your public engagement/input efforts?	We have created an Opioid Advisory Committee, which consists of key stakeholders in our community: High School Nurses, Police Officers, Public Health Officials, and community residents.
14	Does your county/subdivision have a strategic plan?	Yes

15	Have you completed a Risk Assessment profile for demographic or geographic impact?	No, but we plan to in the future
16	Did your subdivision fund any new programs using opioid abatement funds in this reporting year?	Yes
	2025 Fiscal Program #1	

1	Program Name/Title	Operation Helping Hand Vehicle Wrap
2	Agency/Funding Recipient Name	Ultimate Alphabet
3	Agency/Funding Recipient Category	Private/For-profit Organizations
4	Primary problem being addressed by this program:	Opioid Crisis
5	Brief program description:	Remove existing wrap on police car and rewrap with "Operation Helping Hand"
6	Program target population:	Members of the General Public
7	Date this program was funded (please use MM/DD/YYYY)	11/19/2024
8	Amount of funding for this program.	$3,030.00
8a.	Amount expended:	$3,030.00
8b.	Amount encumbered/appropriated:	$0.00
9	How often are you disbursing funds to this program?	One time only
10	Program Launch Date	12/01/2025
11	Please choose the length of time of this program's duration:	One time only
12	What is the anticipated number of unduplicated clients this program will reach annually?	0
13	Please state this program's statement of impact.	The Warren Township Police Department’s use of Opioid Settlement funds to wrap a police vehicle with Operation Helping Hand graphics has created a visible, community-based outreach tool that reinforces prevention, treatment, and recovery efforts. By integrating the vehicle into daily patrols and community events, it’s become a rolling public education campaign/billboard for OHH services. This reduces stigma by promoting recovery-oriented messaging and visibly demonstrates the Department’s commitment to connecting individuals with help rather than focusing solely on enforcement.
14	What key performance indicators are you tracking to ensure success of the program (for example, # of services provided, # of people served, # of naloxone kits distributed)?	
	Increased community awareness (please describe):	The wrapped vehicle creates a visible, community-based outreach tool that reinforces prevention, treatment, and recovery efforts. By integrating the vehicle into daily patrols and community events, it’s become a rolling public education campaign/billboard for OHH

cont.	Increased community awareness (please describe): cont.	services.
15	How frequently are you measuring the tracked key performance indicators?	Annually
16	What outcomes or impact does the program aim to achieve? How do you plan to measure or track that impact?	The wrapped vehicle raises awareness, reduces stigma, and promotes diversion to treatment services by serving as a mobile outreach tool. Impact will be measured through event attendance, community feedback, social media engagement, and the number of OHH referrals or resources distributed.
17	Primary Category:	Harm Reduction and Overdose Prevention
18	The following are other categories that may apply (include all categories with the exception of the Primary category you chose above).	Diversion and Re-entry Support; Primary Prevention, Education, and Training; Recovery Supports; Treatment
19	Please select the Schedule B strategy(ies) that fits the primary focus of this program:	Treat Opioid Use Disorder (OUD), Support People in Treatment and Recovery, Connections to Care, Prevent Misuse of Opioids
20	Please explain how this program will address opioid use disorder and any co-occurring substance use disorders or mental health conditions through evidence-based or evidence-informed practices or strategies.	The wrapped vehicle promotes public education, reduces stigma, and reinforces Operation Helping Hand's mission. It encourages help-seeking behavior and connects persons suffering from SUD/MH with resources.
21	Please identify the procurement method utilized for this program, describe the procurement process, and explain why the procurement method identified was used for this program.	The procurement method used was direct purchase, as the project cost was below the statutory bid threshold under New Jersey Chapter Law. The Department obtained the service from a qualified vendor specializing in vehicle wraps, and the purchase was processed through the Townships purchasing department. This ensured compliance with procurement regulations.
