

NJ Pinelands Commission Alternative Water Supply Sources for Well or Water Allocation Increase Applications

The below information is provided to identify alternative water supply sources to the Kirkwood Cohansey aquifer and the locations where applicants proposing new or increased diversions in the Pinelands Area may be required to seek such alternatives.

Alternative water supply sources include aquifers other than the Kirkwood-Cohansey; groundwater and surface water sources that are not part of the Kirkwood-Cohansey aquifer; and public water purveyors and supplies, as defined in N.J.A.C. 7:19-1.3.

Alternative water supply sources, through or from public water supplies and groundwater sources that are not part of the Kirkwood Cohansey aquifer, are available in the following municipalities:

Berlin Township
Berlin Borough
Chesilhurst Borough
Jackson Township
Monroe Township
Plumsted Township
Waterford Township
Winslow Township
Wrightstown Borough
