

PINELANDS RESEARCH SERIES

“Geographic variation in Pine Barrens treefrogs (*Hyla andersonii*): concordance of genetic, morphometric, and acoustic signal data”

ALEXA WARWICK

PhD Candidate at Florida State University

May 21, 2013 from 10 - 11 am

Pinelands Commission, Richard J. Sullivan Center, 15 Springfield Road, New Lisbon, NJ

The Pinelands Research Series provides a forum for scientists to present their research and is a free event that is open to the public and hosted by the New Jersey Pinelands Commission

For research series: <http://www.state.nj.us/pinelands/science/pinesseries/>

For directions: <http://www.state.nj.us/pinelands/about/direct/>
