SECURITY & SAFETY BULLETIN

PVSC PLANT TOURS SUSPENDED

The overall health and safety of our employees, visitors, agents, and guests is paramount to PVSC. As such, the significant construction ongoing throughout the facility prevents the safe accommodation of non-essential tours.

Although we place a high value on educating our visitors and guests with respect to the operations of wastewater treatment facilities, PVSC has determined that plant tours are non-essential at this time. As such, no tours will be scheduled until the current construction hazards have subsided.

Thank you for your understanding and PVSC regrets any inconvenience this creates.
