**PVSC AWARDS \$479,156.77 IN REBATES TO MUNICIPALITIES**

**Newark, NJ** – The Passaic Valley Sewerage Commission (PVSC) recently awarded rebates totaling \$479,156.77 to municipalities in its service area as part of its innovative Municipal Rebate Incentive Program.

The program is a cooperative effort between PVSC and its contributing communities. All construction projects within the PVSC service area are required to be assessed for connection fee applicability. First, a construction project application must be submitted to the PVSC Inspection and Compliance Bureau Connections Unit. PVSC Inspectors then review each application and work closely with municipal Building Departments and Code Enforcement Offices in order to calculate the appropriate connection fee. In accordance with the Municipal Rebate Incentive Program, 15% of that fee (up to \$5,000.00 per file) is then refunded back to the municipalities.

Connection Unit Inspectors reviewed 1,874 applications in 2020. Of these, 1,100 were deemed to have no impact to the PVSC system and were therefore given a “no fee” status. The remaining 774 applications resulted in a daily discharge of an additional 2,465,612 gallons per year into the PVSC system. This resulted in \$6,191,808 in connection fees and \$479,156.77 in rebates to PVSC’s contributing municipalities.

“Through this cooperative program, PVSC makes sure that all new construction projects pay the required connection fee. Then, our member towns receive some much-needed revenue to help offset the costs of basic services,” said PVSC Chairman Thomas Tucci, Jr. “This is a win-win for all involved.”
