PVSC Recognizes Its Permittees With Perfect Environmental Compliance Records

Newark, NJ – For the 26th consecutive year, the Passaic Valley Sewerage Commission (“PVSC”) is recognizing companies that operated in the previous calendar year without having incurred a single effluent (wastewater discharge) or reporting violation.

PVSC service area companies who qualify as Significant Industrial Users are issued Sewer Use Permits that include limits for the quality of effluent the companies may discharge into the sewer system. These companies must also monitor and report on their discharges to PVSC on a monthly basis. Compliance violations occur when a company fails to file its monthly report on time or exceeds its permitted discharge limits.

Each facility that goes a full calendar year without a single violation earns a PVSC Permit Compliance Award. Included among this year’s honorees is Sika Corporation of Lyndhurst, which has earned the award 24 consecutive years. Darling International of Newark has earned the award 19 straight years. Stefan Enterprises of Garfield and Unicorp of Orange have garnered the honor 16 consecutive times. Anheuser-Busch of Newark and Sunbrite Dye of Passaic have each received the award 15 consecutive times. Several companies have earned the award for a full decade or more.

“Achieving compliance with our strict discharge limits is essential to keeping our environment healthy,” said PVSC Chairman Thomas Tucci, Jr. “To go an entire year without a single violation requires diligence, strong management, and effective teamwork. As part of our ongoing mission of improving the environment in the PVSC service area, we are pleased to honor 100-plus companies that have put forth the commitment and effort to meet the requirements of their Sewer Use or Liquid Waste Acceptance Permit.”

“These award winners should be justifiably proud of their significant achievement,” added PVSC Director of Inspection and Compliance Herbert Skinner. “By adhering to our standards and rules, they have demonstrated a commitment to protecting the public health and the environment in their local communities.”

A complete list of honorees follows on the next several pages.
