**Calendar Year 2022 PVSC Permit Compliance Awards Recipients**

**Newark, NJ** – The Passaic Valley Sewerage Commission (“PVSC”) recently honored 97 of its permittees that operated in the previous calendar year without having incurred a single effluent (wastewater discharge) or reporting violation. PVSC has now recognized perfect environmental compliance records for 28 consecutive years.

PVSC issues Significant Industrial Users that discharge into its Newark treatment works a Sewer Use Permit or Liquid Waste Acceptance Permit (for hauled wastes). These Permits include limits for the quality of effluent the companies may discharge into the sewer system. These companies must also monitor and report on their discharges to PVSC every month. Compliance violations typically occur in instances when a company exceeds its permitted discharge limits, neglects to take requisite samples, or fails to file its monthly report on time.

Each facility that goes a full calendar year without a single violation earns a PVSC Permit Compliance Award. Sika Corporation of Lyndhurst has garnered the honor 26 consecutive years. Also included among this year’s honorees is Unicorp of Orange (18 consecutive times), Anheuser-Busch of Newark and Sunbrite Dye of Passaic (17 apiece), Royal Wine Corporation of Bayonne (15), American Electroplating Company of Hawthorne (14), Biazzo Dairy Products of Ridgefield (13), and A&B Famous Gefilte Fish of Paterson and WY Industries of North Bergen (11 apiece).

“The 97 honorees have put forth the commitment to adhere to the strict wastewater discharge limits of their Sewer Use Permits,” said PVSC Chairman Thomas Tucci, Jr. “These businesses constantly demonstrate an ongoing mission to operate in an environmentally responsible way. We are very pleased to honor each of them in this way.”

A complete list of honorees follows on the next several pages.
