PVSC Presents Perfect Compliance Awards For 31st Year; Sika Achieves 29-Year Streak

Newark, NJ – The Passaic Valley Sewerage Commission (“PVSC”) is marking 31 years of recognizing industrial users for perfect environmental compliance—an achievement underscored by Sika Corporation of Lyndhurst, which has now earned the honor 29 consecutive years, every year since the program’s third year.

This year, PVSC honored 123 permittees that operated throughout the previous calendar year without incurring a single effluent (wastewater discharge) or reporting violation.

PVSC issues Significant Industrial Users that discharge into its Newark treatment works either a Sewer Use Permit or a Liquid Waste Acceptance Permit (for hauled wastes). These permits establish limits for the quality of effluent that companies may discharge into the sewer system. Permittees are also required to monitor and report their discharges to PVSC every month. Violations typically occur when a company exceeds its permitted discharge limits, fails to collect required samples, or does not submit its monthly report on time.

Each facility that completes a full calendar year without a violation earns a PVSC Permit Compliance Award. There were several repeat honorees in addition to Sika Corporation. They include Anheuser-Busch, Inc., of Newark (20 consecutive years), Royal Wine Corp. of Bayonne (18), A&B Famous Gefilte Fish, Inc., of Paterson (14), WY Industries, Inc., of North Bergen (14), and Monmouth County Reclamation Center of Tinton Falls (12). Also reaching 10 consecutive years of perfect compliance are American Wear, Inc. of East Orange, Fenimore Landfill of Ledgewood, Fisher Scientific Company of Fair Lawn, Lubrizol Advanced Materials, Inc., of Clifton, Miller & Son, Inc. of Belleville, and Purrfect Laundry of Paterson.

“These companies consistently meet strict discharge standards,” said PVSC Chairman Brendan Murphy. “Completing an entire year without a single violation reflects their diligence and commitment to environmental responsibility. We congratulate them for protecting public health and are proud to recognize their achievements.”

A complete list of honorees follows on the next several pages.
