Content Note

This volume records guest visits to the New Jersey State Village for Epileptics from 22 December 1903 to 10 November 1925 [a handwritten label incorrectly gives the inclusive dates as 1904-1905]. It is evident that the guest book was not used on a daily basis since only eighteen pages of the book were used during a twenty-three year period. The visitors who signed the volume were usually attending specific conferences or meetings held at the Village. Entries include the visitor's name, home city and state, and purpose of visit. NOTE: This volume is in subgroup Box 24.

Created April 2004
