### **SECTION 1: AMERICORPS GRANT OPPORTUNITY NEW JERSEY COMMISSION ON NATIONAL AND COMMUNITY SERVICE GRANT INFORMATION AND TIMELINE**

---

#### **DESCRIPTION OF THE GRANT PROGRAM**

AmeriCorps is a national service network that provides full- and part-time opportunities for AmeriCorps members to serve their communities and build the capacity of organizations to meet local needs. In exchange for their service, AmeriCorps members are provided with a living allowance of approximately (\$20,400 for a FT term), training, and the ability to earn a Segal Education Award (currently about \$7,395) to pay future education costs at qualified institutions of higher education including in part: eligible college tuition, cost of attendance, or eligible college loans or to repay qualified student loans.

The New Jersey Commission on National and Community Service, in partnership with AmeriCorps State and National (ASN), seeks single-state applicants within New Jersey to apply for this AmeriCorps Competitive Notice of Funding Opportunity (NOFO). Single-state applicants apply through their respective state commissions. National organizations operating in more than one state need to apply directly to [AmeriCorps State and National.](#)

The New Jersey Commission on National and Community Service, New Jersey Department of State, seeks to fund local initiatives and utilize the AmeriCorps model to increase civic engagement and improve New Jersey's communities by deploying AmeriCorps members to provide services in the six focus areas identified in detail in Section II of this NOFO, i.e., Disaster Services, Economic Opportunity, Education, Environmental Stewardship, Healthy Futures, and/or Veterans and Military Families.

## Funding Priorities

For this funding opportunity, AmeriCorps will prioritize consideration from organizations that fall within the following categories:

Faith-Based:

- **Organizations that are faith-based.**

Serve Communities:

- **Serve communities with concentrated poverty**, rural communities, and tribal communities.
- Implement programs for or **expand access to high-quality youth mental health and substance use recovery services** and prepare AmeriCorps members to enter behavioral health careers. These may include individuals who have experienced substance use and mental health challenges.
- **Focus on improving quality of life for veterans, active-duty members of the Armed Forces, and their families** through models that provide effective interventions or services or that are designed to recruit veterans, military spouses, and their older children into national service, e.g., veterans serving in mentorship roles.
- **Focus on public safety, crime prevention, and/or partnerships between law enforcement and the community.**
- **Focus on expanding outdoor recreation opportunities for future generations** by maintaining public lands; supporting wildland fire mitigation and sustainable forest management; and providing reforestation services.
- **Create workforce pathways for AmeriCorps members**, including deliberate training, such as pre-apprenticeship and apprenticeship opportunities, certifications, and hiring preferences or support;
- **Focus on strengthening families**, e.g., activities that aim to support low-income parents through parenting education, responsible parenting and healthy relationship skills.
- 

Benefit AmeriCorps Members:

- **Enhanced member experience** by providing opportunities for skill attainment, personal growth and connection to the community they are serving in support of a lifetime of civic participation.
- **Enhance and expand services to formerly incarcerated and at-risk youth** and/or engage those youth as AmeriCorps members.

Use Evidence:

- Utilize reports from the [AmeriCorps Evidence Exchange](#) on programs assessed as having Moderate or Strong evidence to scale, replicate, or adapt the intervention.

To receive priority consideration, applicants must show the priority area is a significant part of the program focus and intended outcomes. Priority consideration does not guarantee funding.

Through this AmeriCorps Competitive Notice of Funding Opportunity (NOFO), the New Jersey Commission on National and Community Service (hereinafter, the NJ Commission) seeks submission of applications that demonstrate that they will engage AmeriCorps members in an evidence-informed and evidence-based approach to providing a service intervention that will result in intended solutions to community problems (e.g., based on proposed program's performance and evaluation data or research demonstrating the effectiveness of a similar intervention). Applicants will be awarded points for providing evidence that their proposal intervention will lead to the outcomes identified in the logic model. Applicants shall provide evidence that the proposed intervention is effective for the proposed population and community challenge.

## **Changes from the prior year's Competitive NOFO:**

- NOFO Priorities
  - Added a public safety, crime prevention, and partnerships priority
  - Added an expanding outdoor recreation for future generations priority
  - Added a strengthening family priority
- New threshold requirement of a minimum of 20 AmeriCorps members per application for new and recompete competitive applicants. This threshold does not apply to Native Nations or formula applicants.
- Streamlined available slot types from seven to five, removing Reduced Half Time and Abbreviated Time for new and recompete competitive and formula applicants.
- Applicants are approved for pre-award costs for one month prior to the start of their program.
- Changes to *Selection Criteria* point values for Community and Logic Model, Notice Priority, and Member Supervision.
- Disclosure: Any award made under this Notice may be terminated by the agency if it no longer effectuates the program goals or agency priorities.
- Disclosure: AmeriCorps reserves the right to award applications in an amount less than the requested level of funding.

### **A. Purpose of AmeriCorps Funding**

AmeriCorps grants are awarded to eligible organizations that engage AmeriCorps members in evidence-based or evidence-informed interventions to strengthen communities. An AmeriCorps member is a person who does community service through AmeriCorps. Members may receive a living allowance and other benefits. After successful completion of their service, members earn a [Segal AmeriCorps Education Award](#) they can use to pay for higher education expenses or apply to qualified student loans. The Education Award can be used for a period of up to seven (7) years following successful completion of a term of service. Members over the age of 55 at the start of service may transfer their Education Award to a child, grandchild, stepchild, or foster child which is held in trust for up to ten years.

*This is for informational purposes only and the New Jersey Commission on National and Community Service makes no representations or guarantees as to the availability or continued existence of any such benefits.*

Single state applicants from New Jersey will submit directly to the NJ Commission on eGrants. The application will be reviewed and scored among other New Jersey applicants. Selected applications which score 75 points or above will be submitted to the NJ Commission Board for review. Those that are favorably voted on by the Board, will be included in the application package submitted to the national AmeriCorps competition where they will compete with submissions from other state commissions for final selection. Applications must score above 75 points in order to be elevated to the national competition. Applications submitted for the Competitive NOFO will also be eligible to apply for funding consideration in the subsequent state-level Formula NOFO process.

The AmeriCorps cost per Member Service Year (MSY) is determined by dividing the AmeriCorps share of budgeted grant costs by the number of MSYs requested. It does not include childcare or the value of the education award a member may earn.

AmeriCorps is keeping the maximum cost per MSY at the same amount as FY 2025 as a safeguard to ensure the number of members serving remains the same or grows.

**Table: Maximum Cost per MSY**

<b>Grant Program</b>	<b>Maximum</b>
Individual Competitive State/Territory Program (cost reimbursement)	\$25,000
Multi-state competitive (cost reimbursement)	\$25,000

If a member who previously had coverage loses it through no deliberate act of his or her own, such as parental or spousal job loss or other qualifying event, the grantee must provide the member with basic health insurance that meets AmeriCorps requirements. In general, AmeriCorps does not pay the costs of health benefits for half-time members unless they serve in a full-time capacity.

### **Reasonable Accommodation for Individuals with Disabilities**

Increasing the participation of individuals with disabilities in national and community service programs is a key interest of AmeriCorps State and National. All AmeriCorps programs are required to actively reach out to people with disabilities for inclusion in AmeriCorps service.

### **Participation in National Days of Service**

As part of the National Service Network, there are a number of opportunities for grantees to participate in national service days. AmeriCorps State and National and the NJ Commission expects all national service programs, including AmeriCorps programs, to participate in one or more days of service, including the 9/11 Commemorative, the Martin Luther King, Jr. Holiday and AmeriCorps Week. In addition, AmeriCorps State and National and the NJ Commission expects programs with AmeriCorps members to participate in other national service activities such as common opening ceremonies (including the administration of an oath at Launch), orientations, and training.

Program directors are also required to participate in all monthly conference calls or meetings.

## **EVALUATION OF NEW AND RECOMPETING APPLICATIONS**

### **State-level Review Process**

All applications for AmeriCorps Competitive grants will be reviewed first through the NJ Commission.

In year one, the application is evaluated and rated by a panel of three readers. The evaluation panel typically consists of one reader from the originating office, one from another office within the NJ Department of State, and one reader external to the NJ Department of State who is knowledgeable in the content area. Readers of grant applications for the NJ Department of State certify that no conflict of interest exists that would create an undue advantage or disadvantage for any applicant in the application evaluation and scoring process.

Applications are evaluated on the basis of quality, comprehensiveness, completeness, accuracy and appropriateness of response to the guidelines and requirements of the governing NOFO. Applicants may request information about their evaluation scores by writing to the NJ Commission on National and Community Service. The Commission reserves the right to withdraw from consideration any application that does not include each and every component to be evaluated and scored in the evaluation process.

Applications must receive a score of at least 75 points out of 100 and include all required components to be eligible for funding. Eligible applications are ranked and funded in descending order, from highest to lowest score. In the event of a tied score at or above the NJ Department of State's cutoff score of 75, the NJ Department of State will select the applicant with the highest combined score for the Program Design section.

Selected applications which score 75 points or above will be submitted to the NJ Commission on National and Community Service Board for review. Those that are voted on by the Board, will be included in the application package submitted to the national competition conducted by AmeriCorps State and National, where they will compete with submissions from other state commissions. Applications must score above 75 points in order to be elevated to the national competition. Applications submitted for the Competitive NOFO will also be eligible to apply for funding consideration in the subsequent state-level Formula NOFO process.
