Spring into Volunteerism!

Breaking News!

We are thrilled to announce the receipt of a grant to launch the Youth Mental Health Corps in NJ! With this innovative and youth-led solution, our state will be able to address the barriers many young people face when accessing mental health care while at the same time creating pathways to careers in the behavioral health workforce. This new program was created by **Pinterest** and the **Schultz Family Foundation** in partnership with **AmeriCorps**, to create on-ramps to behavioral health careers for young people across the country.

We encourage you to learn more about this new initiative and how our state is showing up for young people at www.YouthMentalHealthCorps.org

Older Americans Month

***Celebrating 140K+
Older Americans
Getting Things
Done Each Year!***

For 30 years, thousands of older Americans have chosen to give back to their country by serving with AmeriCorps; and for almost 60 years, hundreds of thousands have served with AmeriCorps Seniors. Older Americans tackle some of our nation's toughest challenges and are vital to the fabric of our communities and nation. Every May, during **Older Americans Month**, we honor the older adult volunteers that make a difference in communities large and small by using their time, talents, and wisdom to make us a stronger, more informed, and better connected.

AmeriCorps is an opportunity to harness the experience and dedication of every generation for the greater good. So, please join us in celebrating and thanking our older adult volunteers and members who utilize their lifetime of experience, knowledge, and skills to inspire other generations, drive change, and get things done for America.
