

TITLE 52. STATE GOVERNMENT, DEPARTMENTS AND OFFICERS
SUBTITLE 3. EXECUTIVE AND ADMINISTRATIVE DEPARTMENTS
CHAPTER 18A. DEPARTMENT OF THE TREASURY

STATE PLANNING ACT

N.J. Stat. § 52:18A-196 (2006)

§ 52:18A-196. Findings, declarations

The Legislature finds and declares that:

a. New Jersey, the nation's most densely populated State, requires sound and integrated Statewide planning and the coordination of Statewide planning with local and regional planning in order to conserve its natural resources, revitalize its urban centers, protect the quality of its environment, and provide needed housing and adequate public services at a reasonable cost while promoting beneficial economic growth, development and renewal;

b. Significant economies, efficiencies and savings in the development process would be realized by private sector enterprise and by public sector development agencies if the several levels of government would cooperate in the preparation of and adherence to sound and integrated plans;

c. It is of urgent importance that the State Development Guide Plan be replaced by a State Development and Redevelopment Plan designed for use as a tool for assessing suitable locations for infrastructure, housing, economic growth and conservation;

d. It is in the public interest to encourage development, redevelopment and economic growth in locations that are well situated with respect to present or anticipated public services and facilities, giving appropriate priority to the redevelopment, repair, rehabilitation or replacement of existing facilities and to discourage development where it may impair or destroy natural resources or environmental qualities that are vital to the health and well-being of the present and future citizens of this State;

e. A cooperative planning process that involves the full participation of State, regional, county and local governments as well as other public and private sector interests will enhance prudent and rational development, redevelopment and conservation policies and the formulation of sound and consistent regional plans and planning criteria;

f. Since the overwhelming majority of New Jersey land use planning and development review occurs at the local level, it is important to provide local governments in this State with the technical resources and guidance necessary to assist them in developing land use plans and procedures which are based on sound planning information and practice, and to facilitate the development of local plans which are consistent with State and regional plans and programs;

g. An increasing concentration of the poor and minorities in older urban areas jeopardizes the future well-being of this State, and a sound and comprehensive planning process will facilitate the provision of equal social and economic opportunity so that all of New Jersey's citizens can benefit from growth, development and redevelopment;

h. An adequate response to judicial mandates respecting housing for low- and moderate-income persons requires sound planning to prevent sprawl and to promote suitable use of land; and

i. These purposes can be best achieved through the establishment of a State planning commission consisting of representatives from the executive and legislative branches of State government, local government, the general public and the planning community.

§ 52:18A-197. State Planning Commission

There is established in the Department of the Treasury a State Planning Commission, to consist of 17 members to be appointed as follows:

a. The State Treasurer and four other cabinet members to be appointed by and serve at the pleasure of the Governor. Each cabinet member serving on the commission may be represented by an official designee, whose name shall be filed with the commission. All other members of the cabinet, or their designees, shall be entitled to receive notice of and attend meetings of the commission and, upon request, receive all official documents of the commission;

b. Two other members of the executive branch of State government to be appointed by and serve at the pleasure of the Governor;

c. Four persons, not more than two of whom shall be members of the same political party, who shall represent municipal and county governments, and at least one of whom shall represent the interest of urban areas, to be appointed by the Governor with the advice and consent of the Senate for terms of four years and until their respective successors are appointed and qualified, except that the first four appointments shall be for terms of one, two, three and four years, respectively. In making these appointments, the Governor shall give consideration to the recommendations of the New Jersey League of Municipalities, the New Jersey Conference of Mayors, the New Jersey Association of Counties, and the New Jersey Federation of Planning Officials;

d. Six public members, not more than three of whom shall be of the same political party, and of whom at least one shall be a professional planner, to be appointed by the Governor with the advice and consent of the Senate for terms of four years and until their respective successors are appointed and qualified, except that of the first six appointments, one shall be for a term of one year, one for a term of two years, two for a term of three years and two for a term of four years.

Vacancies in the membership of the commission shall be filled for the unexpired terms only in the same manner as the original appointments were made. Members shall receive no compensation for their services but shall be entitled to reimbursement for expenses incurred in the performance of their official duties.

Members of the commission shall be subject to the provisions of the "New Jersey Conflicts of Interest Law," P.L. 1971, c. 182 (C. 52:13D-12 et seq.).

§ 52:18A-198. Organizational meeting

The commission shall meet for the purpose of organization as soon as may be practicable after the appointment of its members. The Governor shall select a chairman, who shall serve at the pleasure of the Governor, from among the public members and the members of the commission shall annually select a vice-chairman from among the representatives of the public or municipal or county governments. Nine members of the commission shall constitute a quorum and no matter requiring action by the full commission shall be undertaken except upon the affirmative vote of not less than nine members. The commission shall meet at the call of its chairman or upon the written request of at least nine members.

§ 52:18A-199. Duties of the commission

The commission shall:

a. Prepare and adopt within 36 months after the enactment of P.L. 1985, c. 398 (C. 52:18A-196 et al.), and revise and readopt at least every three years thereafter, the State Development and Redevelopment Plan, which shall provide a coordinated, integrated and comprehensive plan for the growth, development, renewal

and conservation of the State and its regions and which shall identify areas for growth, agriculture, open space conservation and other appropriate designations;

b. Prepare and adopt as part of the plan a long-term Infrastructure Needs Assessment, which shall provide information on present and prospective conditions, needs and costs with regard to State, county and municipal capital facilities, including water, sewerage, transportation, solid waste, drainage, flood protection, shore protection and related capital facilities;

c. Develop and promote procedures to facilitate cooperation and coordination among State agencies, regional entities, and local governments with regard to the development of plans, programs and policies which affect land use, environmental, capital and economic development issues;

d. Provide technical assistance to local governments and regional entities in order to encourage the use of the most effective and efficient planning and development review data, tools and procedures;

e. Periodically review State, regional, and local government planning procedures and relationships and recommend to the Governor and the Legislature administrative or legislative action to promote a more efficient and effective planning process;

f. Review any bill introduced in either house of the Legislature which appropriates funds for a capital project and may study the necessity, desirability and relative priority of the appropriation by reference to the State Development and Redevelopment Plan, and may make recommendations to the Legislature and to the Governor concerning the bill; and

g. Take all actions necessary and proper to carry out the provisions of P.L. 1985, c. 398 (C. 52:18A-196 et al.).

§ 52:18A-200. State Development and Redevelopment Plan

The State Development and Redevelopment Plan shall be designed to represent a balance of development and conservation objectives best suited to meet the needs of the State. The plan shall:

a. Protect the natural resources and qualities of the State, including, but not limited to, agricultural development areas, fresh and saltwater wetlands, flood plains, stream corridors, aquifer recharge areas, steep slopes, areas of unique flora and fauna, and areas with scenic, historic, cultural and recreational values;

b. Promote development and redevelopment in a manner consistent with sound planning and where infrastructure can be provided at private expense or with reasonable expenditures of public funds. This should not be construed to give preferential treatment to new construction;

c. Consider input from State, regional, county and municipal entities concerning their land use, environmental, capital and economic development plans, including to the extent practicable any State and regional plans concerning natural resources or infrastructure elements;

d. Identify areas for growth, limited growth, agriculture, open space conservation and other appropriate designations that the commission may deem necessary;

e. Incorporate a reference guide of technical planning standards and guidelines used in the preparation of the plan; and

f. Coordinate planning activities and establish Statewide planning objectives in the following areas: land use, housing, economic development, transportation, natural resource conservation, agriculture and farmland retention, recreation, urban and suburban redevelopment, historic preservation, public facilities and services, and intergovernmental coordination.

§ 52:18A-201. Office of State Planning

a. There is established in the Department of the Treasury the Office of State Planning. The director of the office shall be appointed by and serve at the pleasure of the Governor. The director shall supervise and direct the activities of the office and shall serve as the secretary and principal executive officer of the State Planning Commission.

b. The Office of State Planning shall assist the commission in the performance of its duties and shall:

(1) Publish an annual report on the status of the State Development and Redevelopment Plan which shall describe the progress towards achieving the goals of the plan, the degree of consistency achieved among municipal, county, regional, and State plans, the capital needs of the State, and progress towards providing housing where such need is indicated;

(2) Provide planning service to other agencies or instrumentalities of State government, review the plans prepared by them, and coordinate planning to avoid or mitigate conflicts between plans;

(3) Provide advice and assistance to regional, county and local planning units;

(4) Review and comment on the plans of interstate agencies where the plans affect this State;

(5) Compile quantitative current estimates and Statewide forecasts for population, employment, housing and land needs for development and redevelopment; and

(6) Prepare and submit to the State Planning Commission, as an aid in the preparation of the State Development and Redevelopment Plan, alternate growth and development strategies which are likely to produce favorable economic, environmental and social results.

c. The director shall ensure that the responsibilities and duties of the commission are fulfilled, and shall represent the commission and promote its activities before government agencies, public and private interest groups and the general public, and shall undertake or direct such other activities as the commission shall direct or as may be necessary to carry out the purposes of P.L. 1985, c. 398 (C. 52:18A-196 et al.).

d. With the consent of the commission, the director shall assign to the commission from the staff of the office at least two full-time planners, a full-time liaison to local and county governments and regional entities, and such other staff, clerical, stenographic and expert assistance as the director shall deem necessary for the fulfillment of the commission's responsibilities and duties.

§ 52:18A-201.1. "Military facility," "military facility commander," notification of land use plan

a. As used in this section: "military facility" means any facility located within the State which is owned or operated by the federal government, and which is used for the purposes of providing logistical, technical, material, training, and any other support to any branch of the United States military; and "military facility commander" means the chief official, base commander or person in charge at a military facility.

b. Whenever any State department, office, agency, authority, or commission proposes a plan that would impact the use of land within 3,000 feet in all directions of any military facility, it shall notify the Director of the Office of State Planning in the Department of Community Affairs prior to finalizing its plan. The director shall contact the appropriate military facility commander in order to solicit comments addressing any land use compatibility issues which may be of concern to the military and shall forward those comments to the appropriate State department, office, agency, authority, or commission. The State department, office, agency, authority, or commission shall not finalize its plan until it has reviewed any comments submitted by the military facility commander on its proposed plan.

c. The Adjutant General of the Department of Military and Veterans' Affairs shall, within 30 days of the effective date of P.L. 2005, c. 41 (C. 40:55D-12.4 et al.), forward a list of military facilities to the Director of

the Office of State Planning. The director shall circulate the list to each State department, office, agency, authority or commission.

d. The Director of the Office of State Planning, upon receiving the list of military facilities from the Adjutant General, shall forthwith notify those municipalities and State departments, offices, agencies, authorities and commissions of the requirements of this section.

§ 52:18A-202. Advice of other entities; plan cross-acceptance

a. In preparing, maintaining and revising the State Development and Redevelopment Plan, the commission shall solicit and give due consideration to the plans, comments and advice of each county and municipality, State agencies designated by the commission, the Highlands Water Protection and Planning Council established pursuant to section 4 of P.L. 2004, c. 120 (C. 13:20-4), and other local and regional entities. Prior to the adoption of each plan, the commission shall prepare and distribute a preliminary plan to each county planning board, municipal planning board and other requesting parties, including State agencies, the Highlands Water Protection and Planning Council, and metropolitan planning organizations. Not less than 45 nor more than 90 days thereafter, the commission shall conduct a joint public informational meeting with each county planning board in each county and with the Highlands Water Protection and Planning Council for the purpose of providing information on the plan, responding to inquiries concerning the plan, and receiving informal comments and recommendations from county and municipal planning boards, local public officials, the Highlands Water Protection and Planning Council, and other interested parties.

b. The commission shall negotiate plan cross-acceptance with each county planning board, which shall solicit and receive any findings, recommendations and objections concerning the plan from local planning bodies. Each county planning board shall negotiate plan cross-acceptance among the local planning bodies within the county, unless it shall notify the commission in writing within 45 days of the receipt of the preliminary plan that it waives this responsibility, in which case the commission shall designate an appropriate entity, or itself, to assume this responsibility. Each board or designated entity shall, within ten months of receipt of the preliminary plan, file with the commission a formal report of findings, recommendations and objections concerning the plan, including a description of the degree of consistency and any remaining inconsistency between the preliminary plan and county and municipal plans. In any event, should any municipality's plan remain inconsistent with the State Development and Redevelopment Plan after the completion of the cross-acceptance process, the municipality may file its own report with the State Planning Commission, notwithstanding the fact that the county planning board has filed its report with the State Planning Commission. The term cross-acceptance means a process of comparison of planning policies among governmental levels with the purpose of attaining compatibility between local, county, regional, and State plans. The process is designed to result in a written statement specifying areas of agreement or disagreement and areas requiring modification by parties to the cross-acceptance.

c. Upon consideration of the formal reports of the county planning boards, the commission shall prepare and distribute a final plan to county and municipal planning boards, the Highlands Water Protection and Planning Council, and other interested parties. The commission shall conduct not less than six public hearings in different locations throughout the State for the purpose of receiving comments on the final plan. The commission shall give at least 30 days' public notice of each hearing in advertisements in at least two newspapers which circulate in the area served by the hearing and at least 30 days' notice to the governing body and planning board of each county and municipality in the area served by the hearing and to the Highlands Water Protection and Planning Council for any area in the Highlands Region served by the hearing.

d. Taking full account of the testimony presented at the public hearings, the commission shall make revisions in the plan as it deems necessary and appropriate and adopt the final plan by a majority vote of its authorized membership no later than 60 days after the final public hearing.

§ 52:18A-202a. Extended period for filing report on preliminary plan

The extended period for the filing of a formal report of findings, recommendations and objections concerning the preliminary plan provided for in section 7 of P.L.1985, c.398 (C.52:18A-202), as amended by P.L.1998, c.109, shall apply to any preliminary plan which has not been finalized by the commission, as provided in subsection c. of section 7 of P.L.1985, c.398 (C.52:18A-202) prior to the effective date of P.L.1998, c.109.
