N.J.S.A. 19:61-9: AUDITS OF ELECTION RESULTS November 4, 2025

General Election Audit Date: November 17, 2025

The Middlesex County Board of Elections (BOE) performed a post-election audit consistent with the provisions of N.J.S.A. 19:61-9 and the guidelines promulgated by the New Jersey Secretary of State's Office on Sunday, November 16th, and Monday, November 17th. The BOE conducted a hand-to-eye count of the voter-verifiable paper records for the November 4, 2025, General Election, covering the offices of Governor, State Assembly, Middlesex County Clerk, and local mayor and/or council contests. The County Commissioners' and Board of Education elections, as well as public questions, were excluded from the audit.

Pursuant to the statute, "the audit shall be conducted in at least 2% of the election districts in which each audited election appears on the ballot." The guidelines provided for this audit require 2% of audit units if there are 100 or more election districts within the legislative district, or 2 audit units if there are fewer than 100 election districts within the legislative district to be randomly selected.

Audit units included: voter-verified paper audit trails from each voting machine, vote-by-mail ballots by municipality/ward, and provisional ballots by municipality/ward.

As provided for in the statute, the following audit units were randomly selected for audit on Sunday, November 16, 2025, at 2:00 pm at a publicly noticed meeting:

21 st LD	Mail-In	#D0102	Dunellen	140
21 st LD	Provisional	#E0055	Dunellen/Middlesex	150

In each district, the hand-to-eye audit was 100% consistent with the machine tally. The audit did not result in a change in the number of votes counted for any candidate. The voting machines do not allow overvotes. Any paper ballot that contained an overvote for a particular contest recorded it as an overvote and did not count a vote. Undervotes were recorded by the vote tabulation system and were reconciled during the audit.
