

Brittany Giampola,

The Monmouth County Board of Elections performed a post-election audit, Wednesday, November 19 in compliance with the provisions outlined in N.J.S.A. 19:61-9 and guidelines issued by the New Jersey Secretary of State Office. The audit was open to the public.

The batches for the audit were randomly selected by the public on November 18, 2025. Attached is the listing of the batches divided by Legislative district and sorted alphabetically by town. The voting machine, mail-in and provisional ballots were subject to a hand-to-eye count for the offices of State Senate, General Assembly, Board of County Commissioners, and local Mayor and Council/Committee races.

The tabulation accuracy was 100% with the exception of mail-in ballots containing ambiguous marks. To clarify, the tabulators may not record contests containing check marks, resting pen points or marks adjacent of the oval in contrast to completely filled-in ovals. These ballots are sent to adjudication for further review. A discrepancy in what was considered to be a ballot eligible for adjudication and a ballot with a voters initials accounted for the differences between the final results and the audited results.

Tracee Johnson, Chief Clerk
