**COMMENTS:**

47 Federal and State ballots are included in the total tally, but they are not specific to municipalities; rather, they pertain only to legislative districts. This is why there is a discrepancy between the municipal totals and the overall count of ballots.

545 Provisional ballots issued during early voting are included in the total received tally but they have not been sorted into their respective municipalities as of yet. This is why there is a discrepancy between the municipal totals and overall count of ballots.
