

2019 NJ History Conference  
*NJ Women Make History*  
November 1, 2019  
Douglass Residential College, Rutgers University, New Brunswick, NJ

### Call for Posters and Projects

The [2019 NJ History Conference](#), *NJ Women Make History*, invites poster and project submissions for our 2019 Posters and Projects Session.

**Deadline:** Monday, October 7, 2019

**Submission:** <https://form.jotform.com/92514331271146>

**Questions?** Contact Greer Luce, NJ Historical Commission Chief Communications Officer, at [greer.luce@sos.nj.gov](mailto:greer.luce@sos.nj.gov).

We invite submissions from undergraduate and graduate students and early career professionals (three or fewer years in the field) interested in sharing their work at the conference. Posters should be no larger than 36 inches x 48 inches. We also encourage other forms of display, such as multimedia options (e.g., oral history recordings or GIS “Story Maps”), online exhibitions, and digital archives related to New Jersey’s history, which can be displayed at the conference venue. Posters and projects related to the conference theme, women’s history in New Jersey, will be given priority.

Posters and projects will be displayed at the conference during breakfast and registration, which lasts from 7:30 to 9:00 a.m. Judging and the announcement of the top three posters or projects will take place during lunch from 12:00 to 1:30 p.m.

Complete your submission using the submission [form](#). You will be asked to submit a 200–300 word abstract about your poster or project and a brief biographical summary. (If the submission is for a group or class project, the biographical summary can provide information on how the project group or project was formed). The deadline for submission is Monday, October 7, 2019. You will be informed about acceptance by Friday, October 11, 2019.

Please note the following:

- Presenters must bring their own posters.
- Posters must have the ability to stand alone on an easel (please don’t print on fabric).
- We ask that presenters using technology supply or arrange to borrow their own equipment. If you don’t have access to equipment, please address your presentation needs in the Additional Information section of the submission form. Please include any other needs—easel, table, electrical outlets, etc.—in the same section of the submission form.
- If submitting a poster, we ask that you provide a PDF mock-up. The mock-up does not need to show final text or design, but should offer a sense of the poster’s visual direction and how you intend to organize information. If submitting a digital or multimedia project, you may submit a JPG screenshot sampling the project in progress. Please see the [form](#) to submit.
