

Special Initiative Grant FY23 New Project Narrative Questions

1. What project will be supported with this funding? Be detailed.

Successful applicants will provide clear, specific, and thorough explanation of the proposed activities with detailed evidence of significant impact to the organization or to its community.

2. How does this project differ from the organization's regular annual operations, and why it was not accounted for in initial annual planning?

Successful applicants will clearly demonstrate how the project is separate from the organization's planned fiscal year operations and detail the circumstance/event that led to the request.

3. Why is this project a priority or important to the organization?

Successful applicants will identify priorities that are clearly and thoroughly described with multiple references to specific elements of the organization's/program's mission and vision.

4. What is the timeline for the project?

Successful applicants will provide a clear, specific and realistic timeline demonstrating expenditure of funds, including any relevant planning, activity implementation, and evaluation. Please remember that all grant activities must conclude on or before December 31, 2023.

5. How will the success of your project be measured?

Successful applicants will detail clear, specific and realistic indicators of success for the proposed activity. Moreover, a clear process for evaluation of these indicators must be explained in accordance to those metrics.
