<i>Population Targets are for Average Weekly Forecasted Population for Fiscal Year 2015</i>							

NOTES: All monthly data in current reporting period represents Nov-2014 data unless otherwise noted. The annual current period is FY2015 with the exception of the 36 Month Reincarceration Rate for which the current period reflects the reincarceration rate for inmates released in CY2010.

Drug tests are ordered for a variety of reasons, making future metrics difficult to predict. Examples range from random testing, routine testing (Therapeutic Community Program, Pre-Release testing) to circumstances involving Reasonable Suspicion including orders by Disciplinary Program Hearing Officers.

Population counts are calculated by averaging all Friday census counts within each calendar month. Population targets are for Average Weekly Forecasted Population for Fiscal Year 2015.
