- Added “SHARED ALL MOVEMENT ARROW” detail to be consistent with the MUTCD.

Sheet CD-610-13

- Added “EXIT” traffic marking symbol detail.
- Added the Alphabet and Numbers lettering for 6” line width with grid to provide the square footage of the traffic marking symbols.
- “NOTES” has been revised accordingly.

Sheet CD-610-14

- Revised the Numbers lettering for 4” line width with grid to provide the square footage of the traffic markings route symbols.
- Revised the INTERSTATE, US, and STATE shields with various widths with grid to provide the square footage of the traffic markings route symbols.
- “NOTE” added to state that traffic marking route symbols can be pre-formed thermoplastic as per the NJDOT Standard Specifications for Road and Bridge Construction.

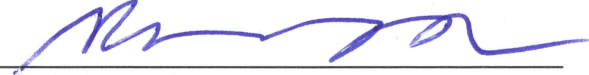

**Implementation Code R (ROUTINE)**

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for addenda or postponement of advertisement or receipt of bids.
