

LARGE TRUCK MAP

Legend :

- NJ Access Network
- National Network
- Trucks Restricted

The large truck route designations depicted in this map are for illustrative purposes and are not to be construed as a guarantee of any kind. A complete description of the Large Truck Network and the proposed applicable restrictions may be found in the New Jersey Access Code at N.J.A.C. 16-22.

Note: Designation within the regulations and/or as depicted on this map does not always guarantee free movement of all double-trailer truck combinations and 353-inch wide standard trucks on a road. Some double-trailer truck combinations and 353-inch wide standard truck movements may be restricted on a route because of route or bridge weight restrictions and/or vertical clearance restrictions.
