Route 139 Lower Level westbound to be closed Friday night for bridge joint repairs Traffic will be diverted to Route 139 Upper Level

(Trenton) – New Jersey Department of Transportation (NJDOT) officials today announced Route 139 Lower Level westbound will be closed and detoured Friday night for bridge joint repairs in Jersey City.

Beginning at 10 p.m. Friday, September 11 until 6 a.m. Saturday, September 12, NJDOT's contractor, Schiavone Construction, is scheduled to close Route 139 Lower Level westbound to repair the asphalt portion of a bridge joint on the Conrail Viaduct. Route 139 Lower Level westbound traffic will be diverted to the Upper Level.

Motorist are advised to take the NJ Turnpike-Hudson County Extension tonight to avoid this construction. Motorists traveling westbound from the Holland Tunnel should stay to the far right following signs to I-78 Westbound and the NJ Turnpike to all destinations west and south. The following detours will be in place:

Route 139 westbound traffic heading toward the Pulaski Skyway:

- Route 139 Lower Level westbound will be diverted to the Upper Level
- Turn left onto Kennedy Boulevard
- Turn right onto the ramp leading to Tonnele Circle
- Use the left lane to enter the circle and go straight to ramp onto Pulaski Skyway and Route 1&9 South/Newark

Route 139 westbound traffic heading toward the Route 1&9 Truck or Route 7 west:

- Route 139 Lower Level westbound will be diverted to the Upper Level
- Turn left onto Kennedy Boulevard
- Turn right onto the ramp leading to Tonnele Circle
- Turn right onto Route 1&9 northbound
- Take the County Road jughandle, cross Route 1&9 and then turn immediate left onto County Road Ramp
- Turn left onto Manhattan Avenue eastbound
- At the signal, turn right onto Route 1&9 southbound to the ramp for Route 1&9 Truck and Route 7

This work is part of the Pulaski Contract 2, which repaired and improved the upper and lower levels of Route 139. Route 139 links the eastern end of the Pulaski Skyway to the Jersey City waterfront. During this contract, the deck on Route 139 Upper Level eastbound was replaced, along with five cross street

bridges from Palisade Avenue to Kennedy Boulevard. Contract 2 is part of the \$1 billion Pulaski Skyway rehabilitation project, which is being advanced through 10 separate construction contracts into the year 2024. The massive improvement project will extend the life of the Skyway by 75 years.

Community Outreach

NJDOT created a project-specific website - www.pulaskiskyway.com - which contains a wealth of information about the Skyway and the project, and will be updated with relevant new information as work progresses. The Department is carefully coordinating the Pulaski Skyway project with other regional transportation infrastructure projects to minimize traffic congestion.

The Department has a project hotline telephone number, 973-776-7400, and email, Pulaski.Skyway@dot.nj.gov. Anyone who has questions, concerns, or suggestions is encouraged to contact the Project Outreach Team as work progresses.

NJDOT will be using Variable Message Signs to provide advance notification to motorists of traffic pattern changes associated with the work. The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for real-time travel information and for NJDOT news follow us on Twitter [@NJDOT_info](https://twitter.com/NJDOT_info) or on the [NJDOT Facebook page](#).
