Route 30/White Horse Pike lane closures required as roadway improvement project advances in Egg Harbor City Closures necessary for drainage and utility work

(Trenton) – New Jersey Department of Transportation (NJDOT) officials today announced lane closures on Route 30/White Horse Pike as a roadway improvement project advances in Egg Harbor City, Atlantic County.

Beginning at 7 a.m., Monday, October 12, until 4 p.m., and continuing daily Monday through Friday, until Monday, November 9, NJDOT's contractor, South State Inc., is scheduled to close both eastbound lanes on Route 30/White Horse Pike between Garden Alley and 7th Terrace in Egg Harbor City as part of a moving operation. Eastbound traffic will be shifted onto the westbound side of the roadway, with at least one lane of traffic maintained in each direction at all times. These closures will allow the contractor to complete drainage and utility work.

As the project progresses, overnight construction may be required between 8 p.m. and 6 a.m., Monday through Friday.

The \$33 million federally-funded project will rehabilitate approximately 14 miles of Route 30/White Horse Pike between Elwood Road in Mullica Township, Atlantic County through Haddon Avenue in Absecon, Atlantic County. Several traffic signals will be replaced within the project limits, and drainage improvements will be made at various locations. Additionally, the project will reconstruct existing curbs, sidewalks and provide for ADA compliant curb ramps at intersections. The project is anticipated to be complete by fall 2021.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for real-time travel information and for NJDOT news follow us on Twitter [@NJDOT_info](https://twitter.com/NJDOT_info) or on the [NJDOT Facebook page](https://www.facebook.com/NJDOT).
