I-80 eastbound daytime lane closures next week needed for retaining wall field investigation in Knowlton Expect possible congestion during the morning commute

(Trenton) – New Jersey Department of Transportation (NJDOT) officials today announced the right lane on I-80 eastbound before the S-curve is scheduled to be closed next week.

From Monday, July 11, and continuing daily through Friday, July 15 (from 10 a.m. until 3 p.m.), NJDOT will be closing the right lane on I-80 eastbound just before the S-curve near mile post 0.8 through mile post 1.4. One lane will remain open. The closure is necessary to conduct a field investigation as part of the Preliminary Engineering phase for an upcoming retaining wall project. Motorists are advised to slow down and use caution when driving through the work zone.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for construction updates and real-time travel information.
