## **Route 4/Broadway lane closures begin tonight in Paterson and Elmwood Park, Passaic County** **One lane of traffic will be maintained during construction**

**(Trenton)** – Route 4/Broadway is scheduled to have lane closures in both directions between East 39th Street in Paterson and Sterling Street in Elmwood Park as the Route 20 Paterson Safety, Drainage, and Resurfacing project advances in Passaic County.

Beginning at 9 p.m. tonight, Friday, August 11 until 6 a.m. tomorrow, Saturday, August 12, the left lane on Route 4/Broadway in both directions is scheduled to be closed between East 39th Street in Paterson and Sterling Street in Elmwood Park, with traffic shifted to the right. The closures are necessary to restripe the road to implement a traffic shift and create a work zone in the median. One lane of traffic will be maintained in both directions during construction. This traffic pattern is expected to be in place for approximately two weeks to construct median barrier.

The \$48.5 million federally funded Route 20 Paterson Safety, Drainage, and Resurfacing project will make upgrades and repairs along approximately five miles of Route 20 in Clifton and Paterson, Passaic County. In addition to drainage improvements, the project will include repaving, guiderail replacement, lighting and overhead sign installation, as well as upgrades to traffic signals, curbs and sidewalks. The project is expected to be completed by fall 2025.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website [www.511nj.org](http://www.511nj.org) for construction updates and real-time travel information.
