Commercial Vehicle Travel Restrictions Lifted on all Interstate highways as of 7 p.m. today, Friday, January 19
Motorists urged to use caution as road conditions can change quickly

(Trenton) – New Jersey Department of Transportation (NJDOT) officials announced **the Commercial Vehicle Travel Restriction will be lifted effective at 7 p.m. today, Friday, January 19 for all highways.**

All vehicles previously listed in the restriction are able to resume normal travel on the following highways in both directions:

- I-76 (entire length)
- I-78 (entire length)
- I-80 (entire length)
- I-195 (entire length)
- I-280 (entire length)
- I-287 (entire length)
- I-295 (entire length)
- I-676 (entire length)
- NJ Route 440 (both directions from the Outerbridge Crossing to I-287)

Interstate and State highways are in good condition, but with high winds and freezing temperatures there is a potential for roads to be slippery. It is important to remember road conditions can change quickly. Our crews will continue to monitor conditions through the night to make sure roads remain in good condition.

NJDOT will be using Variable Message Signs throughout the storm to provide updates. For winter weather and preparedness updates, motorists are encouraged to check the New Jersey Office of Emergency Management's website, www.Ready.NJ.gov and NJDOT's traffic information website www.511nj.org for real-time travel information.
