POSTPONED

I-80 westbound Truck Rest Area to be closed tonight in Mount Arlington, Morris County

Truck Rest Area to be closed for approximately 10 days

(Trenton) – The I-80 westbound Truck Rest Area closure that was scheduled to start tonight as part of the I-80 Bridges over Howard Boulevard bridge replacement project in Mount Arlington, Morris County **has been postponed.**

The Truck Rest Area on I-80 westbound at mile post 32.3, just before Exit 30 to Howard Boulevard/Mount Arlington, was scheduled to be closed for milling and paving, as well as curb repairs. NJDOT will provide advanced notice when the work is rescheduled.

The \$65.4 million federally funded project will replace the existing bridges carrying I-80 eastbound and I-80 westbound over Howard Boulevard/CR 516, which are in poor condition. Improvements will include raising the vertical clearance of each bridge, widening the shoulders, lengthening acceleration and deceleration lanes on I-80, and widening the ramps to and from Howard Boulevard. The Howard Boulevard intersection will be reconfigured to improve operational performance.

The project will also include upgraded traffic signals and lighting, and ADA-compliant sidewalks and crosswalks. Sidewalks will be extended to the Mount Arlington Train Station for improved pedestrian and bicycle safety and mobility. The project is expected to be completed in summer 2027.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for construction updates and real-time travel information.
