Independent Auditors' Report

The Treasurer State of New Jersey:

Report on the Financial Statements

We have audited the accompanying financial statements of the State of New Jersey, Division of Pensions and Benefits (the Division), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Division's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the plan net position of the State of New Jersey, Division of Pensions and Benefits, as of June 30, 2013, and the respective changes in plan net position thereof for the year then ended in accordance with U.S. generally accepted accounting principles.

Emphasis of Matter

As discussed in note 2, the financial statements referred to above are intended to present the fiduciary net position and the changes in fiduciary net position of the benefit funds administered by the Division. As a result, these financial statements do not purport to, and do not, present fairly the financial position of the State of New Jersey as of June 30, 2013 and the changes in its financial position, or, where applicable, its cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require that the management's discussion and analysis and schedules of funding progress and employer contributions on pages 3–8 and 49-57, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Division's basic financial statements. The supplementary information included in schedules 3 through 28 as listed in the table of contents (the Schedules) are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Short Hills, New Jersey November 20, 2013

Management's Discussion and Analysis
June 30, 2013

Our discussion and analysis of the financial performance of the fiduciary funds (the Funds) administered by the Division of Pensions and Benefits (the Division) provides an overview of the Funds' financial activities for the fiscal year ended June 30, 2013. Please read it in conjunction with the basic financial statements and financial statement footnotes, which follow this discussion.

Financial Highlights

Fiduciary Funds - Pension Trust and State Health Benefit Program Funds

- Fiduciary net position increased by \$4.0 billion as a result of this year's operations, from \$77.9 billion to \$81.9 billion.
- Additions for the year are \$18.7 billion, which are comprised of member and employer pension contributions of \$10.4 billion and investment income of \$8.3 billion.
- Deductions for the year are \$14.7 billion, which are comprised of benefit and refund payments of \$14.6 billion and administrative expenses of \$49.5 million.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the basic financial statements. The basic financial statements are comprised of two components: 1) fiduciary fund financial statements and 2) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Division uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Fiduciary Funds

Fiduciary funds are used to account for the assets that the Division holds on behalf of others as their agent. Fiduciary funds are custodial in nature and do not involve measurement of results of operations.

The Division administers eighteen fiduciary funds: twelve pension trust funds, three health benefit program funds, and three agency funds. The basic fiduciary fund financial statements of the pension trust and state health benefit program funds consist of the statement of fiduciary net position and the statement of changes in fiduciary net position. The basic fiduciary fund financial statement of the agency fund is the statement of fiduciary net position.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements and includes a description of the fiduciary funds.

Management's Discussion and Analysis

June 30, 2013

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information, which includes information regarding the funding status and employer contributions to the pension trust and state health benefit program funds.

Financial Analysis

Summary of Fiduciary Net Position Pension Trust and State Health Benefit Program Funds

		2013	2012	Increase
Assets	\$	85,002,257,252	80,497,592,498	4,504,664,754
Liabilities	·	3,073,589,745	2,613,602,458	459,987,287
Net position	\$	81,928,667,507	77,883,990,040	4,044,677,467

Assets of the pension trust and state health benefit program funds consist of cash and cash equivalents, investments, securities lending collateral, contributions due from members and participating employers, accrued interest and dividends on investments, members' loans and other receivables. Between fiscal years 2012 and 2013, total assets increased by \$4.5 billion or 5.6%. This is due to an increase of \$4.8 billion in investment holdings that were utilized to pay benefits of the funds, an increase in the securities lending collateral of \$0.3 billion, offset by a net decrease in cash and cash equivalents and receivables of \$0.6 billion.

Liabilities of the pension trust and state health benefit program funds consist of retirement benefits payable to retirees and beneficiaries, contributory and noncontributory group life insurance (NCGI) premiums payable to the Funds' insurance provider, securities lending collateral and rebates payable and, classified under accounts payable and accrued expenses, outstanding medical claims payable to the medical providers under the State Health Benefits Program (SHBP). Also included with accounts payable and accrued expense are liabilities of the pension trust funds for unclaimed member accounts and checks issued to members that have not been negotiated by the members but remain due and payable. Total liabilities increased by \$0.5 billion or 17.6%. This is due to an increase in the securities lending collateral and rebates payable of \$0.4 billion and an increase in retirement benefits payable and others of \$0.1 billion.

Net position of the pension trust and state health benefit program funds increased by \$4.0 billion or 5.2%.

Summary of Fiduciary Net Position Agency Funds

	_	2013	2012	Increase
Assets	\$	66,414,176	60,038,707	6,375,469
Liabilities	_	66,414,176	60,038,707	6,375,469
Net position	\$	<u> </u>		

Management's Discussion and Analysis
June 30, 2013

Assets of the agency funds consist of cash and cash equivalents, investments and contributions due from the State and local employers. Between fiscal years 2012 and 2013, total assets increased by \$6.4 million or 10.6%. This is attributable to the increased amount invested in the Cash Management Fund (CMF) of \$4.7 million and a net increase in cash and cash equivalents and receivables of \$1.7 million.

Liabilities in the agency funds vary according to plan. In the Alternate Benefit Program (ABP), they include reimbursements to state and county colleges, reimbursement to the State of New Jersey general fund of any unused appropriations and noncontributory group life insurance benefits payable. In the Dental Expense Program (DEP), they include claims payable, and in the Pension Adjustment Fund (PAF), they include liabilities for payroll and amounts due to the State of New Jersey general fund and other pension funds. Between fiscal years 2012 and 2013, total liabilities increased by \$6.4 million or 10.6%. This is comprised of a \$0.3 million increase in liabilities in the PAF, a \$5.9 million increase in liabilities in DEP, and a \$0.2 million increase in ABP liabilities.

Summary of Changes in Fiduciary Net Position Pension Trust and State Health Benefit Program Funds

	2013	2012	Increase
Additions:			
Member contributions	\$ 2,474,368,350	2,309,269,955	165,098,395
Employer contributions and other	7,950,263,650	6,912,323,830	1,037,939,820
Net investment income	8,297,254,619	1,722,074,598	6,575,180,021
Total additions	18,721,886,619	10,943,668,383	7,778,218,236
Deductions:			
Benefits	14,455,603,860	13,923,519,412	532,084,448
Refunds of contributions	172,134,350	157,270,934	14,863,416
Administrative expenses	49,470,942	46,498,279	2,972,663
Total deductions	14,677,209,152	14,127,288,625	549,920,527
Changes in net position	\$ 4,044,677,467	(3,183,620,242)	7,228,297,709

Additions of the pension trust and state health benefit program funds consist of member and employer contributions and earnings from investment activities. There is an increase of \$7.8 billion or 71.1% in total additions, attributable to an increase in net investment income of \$6.6 billion and an increase of \$1.2 billion in member and employer contributions in fiscal year 2013 as compared to fiscal year 2012.

Member contributions increased by \$165.1 million overall, of which a \$60.2 million increase is attributable to the state health benefit program funds and a \$104.9 million increase is attributable to the pension trust funds. In SHBP – State, the member contributions increased by \$50.7 million or 33.3%, in SHBP – Local the member contributions increased by \$6.9 million or 16.1%, and in SHBP – Education, the member contributions increased by \$2.6 million or 5.2%. Active employee contribution increased as a result of Chapter 78, P.L. 2011 premium share requirements. In plan year 2013, the active employee group rate for SHBP – State increased by 6.9%, in SHBP – Local the increase was 7.9% and in SHBP – Education the increase was 14.7%. SHBP membership increases between plan years 2012 and 2013 also contributed to the higher member contributions.

5

Management's Discussion and Analysis

June 30, 2013

For the pension trust funds, the increase in member contributions is attributable to the higher member contribution rate for the various pension plans as required in Chapter 78, P.L. 2011.

Chapter 1, P.L. 2010, effective May 21, 2010, required the State to resume making actuarially recommended contributions to the pension plans on a phased-in basis over a seven-year period beginning in fiscal year 2012. For fiscal year 2013, the State's minimum required contribution was $2/7^{th}$ of the full recommended amounts determined on the basis of the July 1, 2011 actuarial valuation. Based on that, the State made pension contributions totaling \$1,029.3 million as follows: \$614.6 million to the Teachers' Pension and Annuity Fund (TPAF), \$264.1 million to Public Employees' Retirement System (PERS), \$112.5 million to Police & Firemen's Retirement System (PFRS), \$0.9 million to Consolidated Police & Firemen's Pension Fund (CPFPF), \$11.6 million to Judicial Retirement System (JRS), and \$25.6 million to the State Police Retirement System (SPRS).

State noncontributory group life insurance contributions for fiscal year totaling \$79.5 million were as follows: \$33.3 million for TPAF, \$36.9 million for PERS, \$6.4 million for PFRS, \$0.7 million for JRS, and \$2.2 million for SPRS. Between fiscal years 2012 and 2013, the State's contribution toward noncontributory group life insurance increased by \$12.1 million due to higher claims activity. State noncontributory life insurance benefits are funded on a pay-as-you-go basis. The local contributions for PERS and PFRS are included in the annual billings to local employers.

The annual local employer pension appropriation billings increased per the actuarial valuation as of July 1, 2011. For PERS, the amount accrued in fiscal year 2012 for normal contribution, accrued liability, and NCGI was \$784.7 million and was due on April 1, 2013. For fiscal year 2013, the total amount accrued was \$834.6 million and is due April 1, 2014. For PFRS, the total amount accrued in fiscal year 2012 for normal contributions, accrued liability, and NCGI was \$781.2 million and was due April 1, 2013. For fiscal year 2013, the total amount accrued was \$777.0 million and is due April 1, 2014.

The SHBP-State employer contributions increased by \$57.3 million. For the SHBP-Local, employer contributions increased by \$155.7 million. For the SHBP-Education, employer contributions increased by \$228.1 million. These increases are attributable to rate increases effective January 1, 2012 and 2013, as well as an increase in the number of covered members.

The total investment return for the pension trust funds was 11.78% compared to 2.52% in the prior year. Net investment income increased by \$6.6 billion or 381.3% due to realized and unrealized gains on U.S. equities, developed market non-U.S. equities, and high yield fixed income securities caused by improving economic conditions and accommodative monetary policies globally.

Deductions of the pension trust and state health benefit program funds are mainly comprised of pension benefit payments to retirees and beneficiaries, refunds of contributions to former members, and administrative costs incurred by the Funds to operate the pension plans. Also included are claim charges for the self-insured health and prescription drug benefit programs. Between fiscal years 2012 and 2013, benefit payments increased by \$532.1 million or 3.8% due to an increase in the number of retirees receiving retirement and other benefits. The number of refunds processed increased by \$14.9 million or 9.5% compared to last year. Administrative expenses increased by \$3.0 million or 6.4%.

Management's Discussion and Analysis
June 30, 2013

The increase in net position of \$4.0 billion was mainly attributable to the increase in investment income when comparing fiscal year 2013 to fiscal year 2012.

Investment Performance

The rates of return (i.e. investment performance, which includes income and changes in the fair value of investments) for the Common Pension Funds, the Cash Management Fund, and various market indices are as follows:

	Year ended June 30		
	2013	2012	
Total rate of return (%):			
All Pension Trust Funds (1)	11.78%	2.52%	
Common Pension Fund A (Domestic equity)	21.56	3.58	
Common Pension Fund B (Fixed income)	1.73	15.89	
Common Pension Fund D (International equity)	11.90	(16.53)	
Common Pension Fund E (Alternative investments)	11.63	1.63	
Cash Management Fund (2)	0.14	0.17

3-month Treasury bills	0.11	0.04	

⁽¹⁾ Excludes returns on Police and Fire Mortgage Program.

Overall Financial Condition of the Funds

For the defined benefit pension trust funds, the combined funded ratio is 64.5% based on the current actuarial valuation dated July 1, 2012 with an unfunded actuarial accrued liability (UAAL) of \$47.2 billion on an actuarial basis per Governmental Accounting Standards Board (GASB) Statement No. 25, *Financial Reporting for Defined Benefit Plans and Note Disclosures for Defined Contribution Plans* as compared to 67.5% based on the prior year valuation with UAAL of \$41.7 billion. The increase in the unfunded pension liability and the decrease

7

Rate of return for State of New Jersey participants which includes the Pension Trust Funds.

⁽³⁾ Reported with a one quarter lag.

Management's Discussion and Analysis
June 30, 2013

in the overall funded ratio is mainly attributable to the State making phased-in contributions to the pension plans beginning in fiscal year 2012 under Chapter 1, P.L. 2010. For fiscal year 2013, the State contributed \$1.029 billion or approximately 2/7th of the full recommended contribution of \$3.600 billion determined on the basis of the July 1, 2011 actuarial valuation.

For the SHBP – Education, total revenues recognized exceeded total expenses incurred by \$41.3 million, increasing the surplus at the beginning of the year from \$183.9 million to \$225.2 million at year end. This increase is attributable to a gain on the active member side. The contribution rates for active members for calendar year 2012 and 2013 included a 2% margin in order to produce a gain to raise the Claim Stabilization Reserve (CSR). The target CSR is equivalent to 2 months of plan costs, and as of June 30, 2013, the CSR is approximately 1.5 months of plan costs. For the SHBP – State, total expenses incurred exceeded total revenues recognized by \$53.0 million, increasing the balance from a deficit at the beginning of the year of \$100.1 million to a deficit of \$153.2 million at year end. This increase in the deficit balance is due to the State contributing less than the full required premium contributions in order to utilize available cash reserves to meet incurred claim charges. For the SHBP – Local, total revenues recognized exceeded total expenses incurred by \$75.6 million, increasing the surplus at the beginning of the year from \$147.9 million to \$223.5 million at year end. The increase in the surplus is due to margin being added to the calendar year 2012 and 2013 premium rates in order to raise reserve levels.

For the state health benefit program funds for fiscal year 2013, based on the current actuarial valuation dated July 1, 2012, the State had a \$19.3 billion unfunded actuarial accrued liability for other post-employment benefits (OPEB) under GASB Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, for the SHBP – State active and retired members and \$32.2 billion for the SHBP – Education employees and retirees that become the obligation of the State of New Jersey upon retirement. In comparison, based on the prior year actuarial valuation, the State had a \$18.1 billion unfunded actuarial accrued liability for the SHBP – State active and retired members and \$30.9 billion for the SHBP – Education employees and retirees. This increase in the post-retirement medical UAAL is attributable to the State funding post-retirement medical benefits on a pay-as-you-go basis as opposed to funding on an actuarial reserve basis. The SHBP – Local fiscal year 2013 unfunded actuarial accrued liability for OPEB based on the same actuarial valuation was \$12.4 billion and, for the prior year actuarial valuation, the liability was \$11.1 billion.

During the year, the ABP and the PAF received sufficient funding to meet their benefit obligations.

For the State Employees Deferred Compensation Plan and the Supplemental Annuity Collective Trust, members are 100% vested in the present value of their contributions, and the funds have sufficient assets to meet future benefit obligations.

Contacting System Financial Management

This financial report is designed to provide our members, beneficiaries, investors, and other interested parties with a general overview of the Funds' finances and to show the Funds' accountability for the money it receives. This report is available on the Division of Pensions and Benefits website at www.state.nj.us/treasury/pensions. If you have any questions about this report or need additional financial information, contact the Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295.

Notes to Financial Statements

June 30, 2013

(1) Description of the Funds

The State of New Jersey (the State) sponsors and administers the following benefit funds which have been included in the basic financial statements of the State of New Jersey Division of Pensions and Benefits (the Division), collectively referred to as the Funds, Systems, and Trust or the pension funds:

Fiduciary Funds

Pension Trust and Health Benefit Program Funds

Judicial Retirement System (JRS)

Consolidated Police and Firemen's Pension Fund (CPFPF)

Police and Firemen's Retirement System (PFRS)

Prison Officers' Pension Fund (POPF)

Public Employees' Retirement System (PERS)

State Police Retirement System (SPRS)

Teachers' Pension and Annuity Fund (TPAF)

Supplemental Annuity Collective Trust (SACT)

Central Pension Fund (CPF)

New Jersey State Employees Deferred Compensation Plan (NJSEDCP)

Defined Contribution Retirement Program (DCRP)

Alternate Benefit Long-Term Disability Fund (ABPLTD)

State Health Benefit Program Fund (SHBP) – State

State Health Benefit Program Fund (SHBP) - Local

State Health Benefit Program Fund (SHBP) – Education

Agency Funds

Pension Adjustment Fund (PAF)

Alternate Benefit Program Fund (ABP)

Dental Expense Program Fund (DEP)

Stand alone financial reports for Agency Funds, SHBP, NJSEDCP, and SACT have been prepared. These financial reports, which can be obtained from the Division or on its website at www.state.nj.us/treasury/pensions, provide a description of the nature and purpose of each of these funds. Descriptions of the contribution requirements and benefit provisions for these funds are provided in notes 5 and 6, respectively.

The pension trust funds are single-employer defined benefit pension plans, except for PERS and PFRS, which are cost-sharing multiple-employer defined benefit plans, TPAF and CPFPF, which are cost-sharing defined benefit plans with a special funding situation, and SACT, NJSEDCP, DCRP, and ABPLTD which are single-employer defined contribution plans.

The Prescription Drug Program (PDP) of each respective SHBP are combined and reported as a trust fund with the respective SHBP – State, SHBP – Local and SHBP – Education plans. The SHBP – State is

Notes to Financial Statements
June 30, 2013

classified as a single-employer plan. The SHBP – Local and SHBP – Education are classified as cost-sharing multiple-employer plans.

(2) Summary of Significant Accounting Policies

The financial statements of the Division have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Reporting Entity

The financial statements include all funds which are administered by the Division over which operating controls are with the individual funds, systems, or trust governing Boards and/or the State of New Jersey. The financial statements of the Funds, Systems, and Trust are included in the financial statements of the State of New Jersey; however, the accompanying financial statements are intended to present solely the funds listed above which are administered by the Division and not the State of New Jersey as a whole.

Fund Accounting

The accounts of the Division are maintained in accordance with the principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The principles of fund accounting require that the resources be classified for accounting and reporting purposes into funds in accordance with activities or objectives specified for the resources. Each fund is a separate accounting entity with a self-balancing set of accounts.

Fiduciary Funds

Pension trust and State health benefit program funds – Account for monies received for, expenses incurred by and the net position available for plan benefits of the various public employee retirement systems and health benefit programs.

Agency funds – Agency funds are used to account for the assets that the Division holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All funds are accounted for using an economic resources measurement focus.

The accrual basis of accounting is used for measuring financial position and changes in net position of the pension trust and state health benefit program funds. Under this method, revenues are recorded in the accounting period in which they are earned, and deductions are recorded at the time the liabilities are incurred. The financial statements of the pension trust funds conform to the provisions of GASB Statement No. 25, Financial Reporting for Defined Benefit Plans and Note Disclosures for Defined Contribution Plans (GASB Statement No. 25). The financial statements of the health benefit program funds conform to the provisions of the GASB Statement No. 43, Financial Reporting for Postemployment Benefit Plans

Notes to Financial Statements
June 30, 2013

Other Than Pension Plans (GASB Statement No. 43). Employer contributions are recognized when payable to the Funds. Benefits and refunds are recognized when due and payable in accordance with the terms of the Funds.

Capital Assets

Capital assets utilized by the Division include equipment which is owned by the State of New Jersey.

Membership and Contributing Employers

Membership and contributing employers of the pension trust funds consisted of the following at July 1, 2012, the date of the most recent actuarial valuations. Membership of the health benefit program funds for OPEB is based on the valuation dated July 1, 2012, and its participating employer count is from the Division's data base as of June 30, 2013. Member counts of SACT, CPF, NJSEDCP, and ABPLTD are based on the Division's data base as of June 30, 2013:

	JRS	CPFPF	PFRS	POPF	PERS	SPRS

Investments

The Division of Investment, Department of the Treasury, State of New Jersey (Division of Investment) manages and invests certain assets of seven of the defined benefit plans (PERS, TPAF, JRS, PFRS, CPFPF, SPRS and POPF) and two defined contribution plans (SACT and NJSEDCP). The Division of Investment accounts included in the Division of Pensions and Benefits report are: Common Pension Fund A, Common Pension Fund B, Common Pension Fund D, Common Pension Fund E (collectively known as the Common Pension Funds), Police and Firemen's Mortgage Program accounts, and other investments owned directly by the seven defined benefit pension plans. Common Pension Fund A invests primarily in domestic equity securities. Common Pension Fund B invests primarily in fixed income securities. Common Pension Fund D invests primarily in international equity securities. Common Pension Fund E invests primarily in alternative investments, which includes private equity, real estate, real asset, and absolute return strategy funds. The Police and Firemen's Retirement System includes a mortgage loan program administered by the New Jersey Housing and Mortgage Finance Agency that provides participants with

16

^{**} Including those receiving long-term disability benefits

Notes to Financial Statements
June 30, 2013

mortgages from the program at rates which are fixed by formula. The law establishing the program provides that the pension fund may not sell the mortgages, and no independent market exists for them.

Prudential Retirement is the third-party administrator for the NJSEDCP. Prudential Retirement provides recordkeeping, administration services and access to 22 investments through a combination of their separate account product offerings and retail branded mutual funds. The four state-managed investments options (DCP Bond Fund, DCP Equity Fund, DCP Small Cap Equity Fund and DCP Money Market Fund) are closed to new investments. The Division of Investment is the fiduciary for the investments of the Plan. The Division of Pensions and Benefits maintains its administrative oversight functions for the Plan.

Investments are reported at fair value as follows:

- U.S. Government and Agency, Sovereign and Corporate obligations prices quoted by a major dealer in such securities.
- Police and Firemen's mortgages estimated market prices obtained from an independent broker.
- Domestic and Foreign Equity Securities, Exchanged Traded Funds, Forward Foreign Exchange Contracts closing prices as reported on the primary market or exchange on which they trade.
- Money Market Instruments amortized cost which approximates fair value.
- Cash Management Fund closing net position on the last day of trading during the period as determined by the Transfer Agent.
- Alternative investments (private equity, real estate, real asset, and absolute return strategy funds) Fair values for the individual funds are based upon the net asset values for the funds at the closest available reporting date, adjusted for subsequent contributions, distributions, management fees and reserves. The valuation techniques vary based upon investment type and involve a certain degree of expert judgment. The most significant input into the net asset value of an entity is the value of its investment holdings. The net asset value is provided by the general partner and/or investment manager and reviewed by management. The net asset values are audited annually. The strategy of private equity and real estate funds are long term and illiquid in nature which can prevent the investment from being readily marketable. Hedge funds may be subject to redemption restrictions which can limit distributions and restrict the ability of a limited partner to exit a partnership. For alternative investments, the realized value received upon the sale of these investments in the open market might be different than the fair value reported in the accompanying financial statements.
- Common Pension Funds net position of the fund on the last day of the period as determined by the custodian.

Investment transactions are accounted for on a trade or investment date basis. Gains and losses from investment transactions are determined by the average cost method. Interest and dividend income is recorded on the accrual basis, with dividends accruing on the ex-dividend date.

Securities Lending

The State Investment Council policies permit Common Pension Funds A, B and D, and several of the direct pension plan portfolios to participate in securities lending programs, whereby securities are loaned to

Notes to Financial Statements
June 30, 2013

brokers or other borrowers and, in return, the pension funds have rights to the collateral received. All of the publicly traded securities held in Common Pension Funds A, B and D, and certain securities held directly by the pension plans, are eligible for the securities lending program. Collateral received may consist of cash, letters of credit, or government securities having a market value equal to or exceeding 102% (U.S. dollar denominated) or 105% (non-U.S. dollar denominated) of the value of the loaned securities at the time the loan is made. Collateral is marked to market daily and adjusted as needed to maintain the required minimum level.

For loans of U.S. government securities or sovereign debt issued by non-U.S. governments, in the event that the market value of the collateral falls below 100% of the market value of the outstanding loaned securities to an individual borrower, or the market value of the collateral of all loans of such securities falls below the collateral requirement, additional collateral shall be transferred by the borrower to the respective funds no later than the close of the next business day so that the market value of such additional collateral together with collateral previously delivered meets the collateral requirements.

For loans of all other types of securities, in the event that the market value of the collateral falls below the collateral requirement of either 102% or 105% (depending on whether the securities are denominated in U.S. dollars or a foreign currency, respectively) of the market value of the outstanding loaned securities to an individual borrower, additional collateral shall be transferred in an amount that will increase the aggregate of the borrower's collateral to meet the collateral requirements. As of June 30, 2013, the Common Pension Funds have no aggregate credit risk exposure to borrowers because the collateral amount held by the Common Pension Funds exceeded the market value of the securities on loan.

The contracts with the Common Pension Funds' securities lending agent require them to indemnify the Common Pension Funds if the brokers or other borrowers fail to return the securities and provides that collateral securities may be sold in the event of a borrower default. The Common Pension Funds are also indemnified for any loss of principal or interest on collateral invested in repurchase agreements. The Common Pension Funds cannot participate in any dividend reinvestment program or vote with respect to any securities that are on loan on the applicable record date. The securities loans can be terminated by notification by either the borrower or the Common Pension Funds. The term to maturity of the securities loans is generally matched with the term to maturity of the investment of the cash collateral.

Derivatives

The Division of Investment, from time to time, utilizes forward foreign currency contracts, a derivative security, as a means to hedge against currency risks in the Common Pension Funds' foreign equity and fixed income portfolios. Forward foreign currency contracts are agreements to buy or sell a specific amount of a foreign currency at a specified delivery or maturity date for an agreed upon price.

Notes to Financial Statements
June 30, 2013

The fair value of foreign forward currency contracts held directly by the Common Pension Funds as of June 30, 2013 was as follows:

Forward currency receivable	\$ 902,092,557
Forward currency payable	893,530,515
Net unrealized gain	\$ 8,562,042

The Common Pension Funds utilize covered call and put options in an effort to add value to or reduce the risk level in the portfolio. Options are agreements that give the owner of the option the right, but not obligation, to buy (in the case of a call option) or to sell (in the case of a put option) a specific amount of an asset for a specific price (called the strike price) on or before a specified expiration date. The Common Pension Funds enter into covered calls when its writes (or sells) call options on underlying stocks held by the Common Pension Funds or stock indices. The Common Pension Funds or stock indices. The Common Pension Funds or stock indices. The Common Pension Fund enters into put spreads when it purchases put options while simultaneously writing put options on the same underlying securities of indices at a lower strike price. The purchaser of put options pays a premium at the outset of the agreement and stands to gain from an unfavorable change (i.e., a decrease) in the price of the instrument underlying the option. The writer of call options receives a premium at the outset of the agreement and may bear the risk of an unfavorable change (i.e., an increase) in the price of the instrument underlying the option.

The Common Pension Funds had written call options as of June 30, 2013 on 5,325,000 shares, and these options had a fair value of (\$6,750,100). As of June 30, 2013 the Common Pension Funds owned 15,000 put option contracts with a fair value of \$6,675,000.

The fair values of all derivative instruments as of June 30, 2013 are included within the net position of the Common Pension Funds at fair value, in the Division's statement of fiduciary net position. The change in fair value for all derivative instruments from fiscal year 2012 to fiscal year 2013 was \$12,871,341 and is included as a component of the net appreciation in fair value of investments in the Division's statement of changes in fiduciary net position.

Certain of the alternative investment funds and partnerships may use derivative instruments to hedge against market risk and to enhance investment returns. At any point during the year, the Common Pension Funds may have additional exposure to derivatives primarily through limited liability vehicles such as limited partnerships and commingled investment funds.

Members' Loans

Members of JRS, PFRS, SPRS, PERS and TPAF who have at least three years of service in these plans may borrow up to 50% of their accumulated member contributions. Repayment of loan balances is deducted from payroll checks and bears a commercially reasonable interest rate as set by the State Treasurer. For 2013 the interest rate is 5.25%, and there is an \$8 processing fee per loan. Members who retire with an outstanding loan have the option of paying the loan in full prior to receiving any benefits or continuing their monthly loan payment schedule into retirement.

19

Notes to Financial Statements
June 30, 2013

Administrative Expenses

Administrative expenses are paid by the Funds and the Systems to the State of New Jersey, Department of the Treasury and are included in the accompanying financial statements.

In certain funds (JRS, PFRS, PERS, SPRS and TPAF) miscellaneous expenses and reimbursements from the fund that comprise various adjustments to member and employer accounts are incorporated into the administrative expense amounts included in the accompanying financial statements. These miscellaneous items are not part of the supplementary information included in the Schedule of Administrative Expenses (Schedule 3). Additionally, State Health Benefit Program Fund – State, Local and Education administrative expenses are included in administrative expenses in the accompanying financial statements but are not included in the supplementary information in Schedule 3.

Income Tax Status

Based on Internal Revenue Service (IRS) determination letters received in January 2012 for TPAF, PERS, POPF, JRS, and SPRS and in June 2012 for PFRS and CPFPF, the seven pension funds comply with the qualification requirements of the Internal Revenue Code (IRC). The ABP received a determination letter that it complies with the qualification requirements of the IRC in September 2012. The DCRP received a similar determination letter in January 2013.

The NJSEDCP is an eligible plan as described in Section 457 of the IRC.

Commitments

The Common Pension Funds are obligated, under certain private equity, real estate, real asset, and absolute return strategy alternative investment and global diversified credit fund agreements to make additional capital contributions up to contractual levels over the investment period specified for each investment. As of June 30, 2013, the Common Pension Funds had unfunded commitments totaling approximately \$8.9 billion.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

Funded Status and Funding Progress

The required supplementary information regarding the funded status and funding progress is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

The required schedule of funding progress presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Notes to Financial Statements
June 30, 2013

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under State statutes in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at that point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions

In the July 1, 2012 actuarial valuations, the date of the most recent actuarial valuations, the projected unit credit was used as actuarial cost method, and the five year average of market value was used as asset valuation method for pension trust funds. The actuarial assumptions included (a) 7.90% for investment rate of return for all the retirement systems except POPF (5.00%) and CPFPF (2.00%) and (b) changes to projected salary increases, which vary by fund and are presented on the following pages.

OPEB used the projected unit credit as actuarial cost method. The actuarial assumptions for OPEB included 4.50% for investment rate of return.

A summary of the significant actuarial methods and assumptions used by the Funds and Systems as of the most recent actuarial date of July 1, 2012 are as follows:

		JRS		CPFPF		PFRS – State		PFRS - Local	_	POPF

For medical benefits, the healthcare cost trend rate assumption initially is at 8.5% and decreases to a 5.0% long-term trend rate for all medical benefits after 8 years, except for NJ Direct Post-65 whose rate assumption is 5.0% throughout 8 years. For prescription drug benefits, the initial healthcare cost trend rate assumption is 8.5%, decreasing to a 5.0% long-term trend rate after 8 years. For Medicare Part B reimbursement, the healthcare cost trend rate assumption is 5.0% throughout 8 years.

⁽¹⁾ Primarily US dollar denominated securities

On June 12, 2013 Common Pension Fund E entered into a secondary sale agreement to sell 25 real estate funds valued at approximately \$925 million. The agreement included a \$50 million deposit, which will be applied to the first \$50 million of transferred interest. The sales agreement called for 55% of purchase price to be paid upon closing and the remaining 45% to be paid over the course of four years. Subsequent to June 30, 2013, Common Pension Fund E closed on 10 of the 25 real estate funds included in the secondary sale agreement that was entered into on June 12, 2013.

New Jersey state statute provides for a State Investment Council (Council) and a Director. Investment authority is vested in the Director of the Division of Investment and the role of the Council is to formulate investment policies. The Council issues regulations which establish guidelines for permissible investments for the Common Pension Funds managed by the Division of Investment, which include domestic and international equities and exchange traded funds, covered call options, put options, equity futures contracts, obligations of the U.S. Treasury, government agencies, corporations, international governments and

agencies, global diversified credit investments, interest rate swap transactions, credit default swaps, fixed income exchange traded funds, U.S. Treasury futures contracts, state and municipal general obligations, public authority revenue obligations, collateralized notes and mortgages, commercial paper, certificates of deposit, repurchase agreements, bankers acceptances, guaranteed income contracts, funding agreements, money market funds, private equity funds, real estate funds, other real assets, absolute return strategy funds, and the State of New Jersey Cash Management Fund (CMF). The CMF is a short-term cash fund and is open to state and certain nonstate participants.

The funds' investment in the CMF is not evidenced by securities that exist in physical or book entry form held by the funds.

Custodial credit risk, as it relates to investments, is the risk that in the event of the failure of the custodian, the funds will not be able to recover the value of investments or collateral securities that are in the possession of the third-party. The funds' investment securities are not exposed to custodial credit risk as they are held in segregated trust accounts in the name of the funds with the custodians.

The Division's investments are subject to various risks. Among these risks are credit risk, concentration of credit risk, interest rate risk, and foreign currency risk. Each one of these risks is discussed in more detail below.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The credit risk of issuers and debt instruments is evaluated by nationally recognized statistical rating agencies such as Moody's Investors Service, Inc. (Moody's), Standard & Poor's Corporation (S&P), and Fitch Ratings (Fitch). Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. There are no restrictions in the amount that can be invested in United States Treasury and government agency obligations. Council regulations require minimum credit ratings for certain categories of fixed income obligations held directly by the various funds and limit the amount that can be invested in any one issuer or issue.

Notes to Financial Statements June 30, 2013

The credit ratings and limits for the Common Pension Funds as of June 30, 2013 are as follows:

⁽¹⁾ Short term ratings (e.g. P-1, A-1, F1) are used for commercial paper and certificates of deposit.

The above table does not include Prudential Retirement investments for the NJSEDCP. The NJSEDCP consists of a number of individual investment managers, which individually have investment guidelines that they comply with and follow.

Up to 8% of the market value of the combined assets of the pension funds may be invested in corporate obligations, international corporate obligations, collateralized notes and mortgages, global diversified credit investments, nonconvertible preferred stock, and mortgage-backed pass-through securities that do not meet the minimum credit rating requirements set forth above.

The tables do not include certain domestic and international corporate obligations and certain exchange traded funds (ETFs) totaling \$110,622,390 which invest in an underlying portfolio of fixed income securities and do not have a Moody's, Standard & Poor's or Fitch rating. The above tables also do not include Police and Firemen's mortgages totaling \$835,483,242, and the Cash Management Fund totaling \$2,287,515,729, which are not rated.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Commercial paper must mature within 270 days. Certificates of deposits and bankers acceptances are limited to a term of one year or less. Repurchase agreement must mature within 30 days. The investment in guaranteed income contracts and funding agreements is limited to a term of 10 years or less.

Notes to Financial Statements
June 30, 2013

As of June 30, 2013, the credit ratings of the counterparties to the forward currency contracts held by the Common Pension Funds had a Moody's credit rating of no less than A3.

The following table summarizes the maturities (or, in the case of Remics, Police and Firemen's Mortgages and mortgage-backed securities, the expected average life) of the fixed income portfolio as of June 30, 2013. The table includes investments held directly by the Common Pension Funds, as well as those held by Prudential Retirement (in thousands).

	Maturities in years

The Common Pension Funds invest in global markets. Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The market value of international preferred and common stocks and debt issues convertible into common stock, and the shares or interest in international exchanged-traded, global, regional, or country funds, when combined with the market value of international government, agency and corporate obligations, cannot exceed 30% of the market value of the pension funds. The market value of emerging market securities cannot exceed 50% of the percentage derived by dividing the total market capitalization of companies included in the Morgan Stanley Capital International (MSCI) Emerging Market Index by the total market capitalization of the companies included in the MSCI All-Country World Ex-United States Index of the total market value of the combined assets of the pension funds. Not more than 10% of the market value of the emerging market securities held by the Common Pension Funds can be invested in the common and preferred stock of any one corporation. The total amount of stock purchased of any one corporation cannot exceed 5% of its stock classes eligible to vote. Council regulations permit the pension funds to enter into foreign exchange contracts for the purpose of hedging the international portfolio.

Notes to Financial Statements
June 30, 2013

The Common Pension Funds and Prudential Retirement had the following foreign currency exposure as of June 30, 2013 (expressed in U.S. dollars):

The pension funds' interests in alternative investments may contain elements of credit, currency and market risk. Such risks include, but are not limited to, limited liquidity, absence of regulatory oversight, dependence upon key individuals, speculative investments (both derivatives and nonmarketable investments), and nondisclosure of portfolio composition. Council regulations provide that not more than 38% of the market value of the pension funds can be invested in alternative investments, with limits on the individual investment categories of real estate (9%), real assets (7%), private equity (12%) and absolute return strategy (15%). Not more than 5% of the market value of Common Pension Fund E, plus outstanding commitments, may be committed to any one partnership or investment, without the prior

Notes to Financial Statements
June 30, 2013

written approval of the Council. The investments in Common Pension Fund E cannot comprise more than 20% of any one investment manager's total assets.

As of June 30, 2013, the net position of Common Pension Fund E included \$299 million related to the secondary sale of certain private equity funds which is due from the purchasers in November and December 2013.

(4) Securities Lending Collateral

The securities lending collateral is subject to various risks. Among these risks are custodial credit risk, credit risk, concentration of credit risk, and interest rate risk. Securities lending collateral is invested in repurchase agreements, the maturities of which cannot exceed 30 days. The collateral for repurchase agreements is limited to obligations of the U.S. Government or certain U.S. Government agencies, collateralized notes and mortgages and corporate obligations meeting certain minimum rating criteria. Total exposure to any individual issuer is limited consistent with internal policies for funds managed by the Division of Investment.

For securities exposed to credit risk in the collateral portfolio, the following table discloses aggregate fair value, by major credit quality rating category as of June 30, 2013 (in thousands).

		Rating				
	_	Aaa/AAA	Not rated	Totals		
Repurchase agreements	\$	1,650,000	_	1,650,000		
Cash	_		(94,563)	(94,563)		
	\$ _	1,650,000	(94,563)	1,555,437		

Custodial credit risk for investments is the risk that in the failure of the counterparty to the transaction, the pension funds will not recover the value of the investments that are in the possession of an outside party. The repurchase agreement's underlying securities are held in the pension funds' name.

As of June 30, 2013, the pension funds had outstanding loaned investment securities with an aggregate market value of \$1,508,264,740 and did not hold any noncash collateral. There were no borrowers or lending agent default losses, and no recoveries or prior period losses during the year. Overinvested cash is the result of loans being returned after investments in repurchase agreements were already finalized for the day.

(5) Contributions

The information as reflected below represents actual contributions from the State, and the percentages as derived are inclusive of such actual contributions made for fiscal year 2013. These amounts and percentages as presented below may be different than those reflected in Schedule 2, as the amounts and percentages as shown in Schedule 2 include NCGI contributions for the applicable funds and are estimates based upon the most recent actuarial valuations.

Notes to Financial Statements
June 30, 2013

Contribution Requirements – JRS

The contribution policy is set by N.J.S.A. 43:6A and requires contributions by active members and the State of New Jersey. Plan member and employer contributions may be amended by State of New Jersey legislation. Members enrolled on January 1, 1996 or after, contribute at 3% on their entire base salary. Contributions by active members enrolled prior to January 1, 1996 are based on 3% of the difference between their current salary and the salary of the position on January 18, 1982. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate is being increased from 3% to 12%, phased-in over seven years for members hired or reappointed after June 28, 2011. For fiscal year 2012, the member contribution rate for new members increased in October 2011. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent fiscal year. The member contribution rate was 5.56% in fiscal year 2013. The State of New Jersey contribution amount is based on an actuarially determined rate. The annual employer contributions include funding for basic retirement allowances, cost-of-living adjustments and noncontributory death benefits.

Chapter 1, P.L. 2010, effective May 21, 2010, required the State to resume making actuarially recommended contributions to the pension plans on a phased-in basis over a seven-year period beginning in fiscal year 2012. For fiscal year 2013, the State's minimum required contribution was 2/7th of the full recommended amounts determined on the basis of the July 1, 2011 actuarial valuation. The State made a contribution of \$11.6 million, excluding the State's contribution for noncontributory group life insurance (NCGI) of \$0.7 million, for fiscal year 2013. The amount contributed for fiscal year 2013 is equal to 2/7th or 28.6% of the actuarially determined contribution amount per State statute. Additionally, the amount contributed equals 25.6% of the Annual Required Contribution (ARC) determined per the requirements of GASB Statement No. 25 and GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers* (GASB Statement No. 27).

Contribution Requirements - CPFPF

There are no active members in the CPFPF.

The State made a contribution of \$0.9 million. Local employers contributed \$14.1 thousand, representing administrative fees billed to various locations in fiscal year 2013.

Contribution Requirements – PFRS

The contribution policy is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Employers' contribution amounts are based on an actuarially determined rate. The annual employer contributions include funding for basic retirement allowances, cost-of-living adjustments, and noncontributory death benefits. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 8.5% to 10% in October 2011.

Chapter 19, P.L. 2009, effective March 17, 2009, provided an option for local employers to contribute 50% of the normal and accrued liability contribution amounts certified by PFRS for payments due in State fiscal year 2009. This law also provided that a local employer may pay 100% of the required contribution. Such an employer will be credited with the full payment and any such amounts will not be included in their

Notes to Financial Statements
June 30, 2013

unfunded liability. The actuaries for PFRS will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the State fiscal year ending June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

Chapter 1, P.L. 2010, effective May 21, 2010, required the State to resume making actuarially recommended contributions to the pension plans on a phased-in basis over a seven-year period beginning in fiscal year 2012. For fiscal year 2013, the State's minimum required contribution was 2/7th of the full recommended amounts determined on the basis of the July 1, 2011 actuarial valuation. The State made this contribution of \$112.5 million, excluding \$6.4 million for NCGI and \$0.2 million for miscellaneous items due to the system, for fiscal year 2013. The amount contributed for fiscal year 2013 is equal to 2/7th or 28.6% of the actuarially determined contribution amount per State statute. Additionally, the amount contributed equals 25.8% of the ARC determined per the requirements of GASB Statements No. 25 and 27.

The local employers' contribution amounts include the billing for their pension, NCGI, Early Retirement Incentive (ERI) contributions for those who participate in the various ERI programs, and other miscellaneous items that are due to the system. For fiscal year 2013, the amount accrued for the annual appropriation billings due April 1, 2014 is \$777.0 million.

Contribution Requirements – POPF

There are no active members in the POPF. Accordingly, based on actuarial valuation, there is no normal cost or accrued liability contribution required by employers for fiscal year 2013.

Contribution Requirements - PERS

The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Members contribute at a uniform rate. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years beginning in July 2012. The member contribution rate was 6.64% in fiscal year 2013. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent fiscal year. The rate for members who are eligible for the Prosecutors Part of PERS (Chapter 366, P.L. 2001) increased from 8.5% of base salary to 10%. Employers' contribution amounts are based on an actuarially determined rate. The annual employer contributions include funding for basic retirement allowances, cost-of-living adjustments, and noncontributory death benefits.

Chapter 19, P.L. 2009, effective March 17, 2009, provided an option for local employers to contribute 50% of the normal and accrued liability contribution amounts certified by PERS for payments due in State fiscal year 2009. This law also provided that a local employer may pay 100% of the required contribution. Such an employer will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries for PERS will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years

Notes to Financial Statements
June 30, 2013

beginning with the payments that were due in the State fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

Chapter 1, P.L. 2010, effective May 21, 2010, required the State to resume making actuarially recommended contributions to the pension plans on a phased-in basis over a seven-year period beginning in fiscal year 2012. For fiscal year 2013, the State's minimum required contribution was 2/7th of the full recommended amounts determined on the basis of the July 1, 2011 actuarial valuation. The State made this contribution of \$264.1 million, excluding \$36.9 million for NCGI, \$1.5 million for miscellaneous items due to the system and \$42.6 million for the current year present value of the State's ERI liability, for fiscal year 2013. The amount contributed for fiscal year 2013 is equal to 2/7th or 28.6% of the actuarially determined contribution amount per State statute. Additionally, the amount contributed equals 25.3% of the ARC determined per the requirements of GASB Statements No. 25 and 27.

The local employers' contribution amounts include the billing for their pension, NCGI, ERI contributions for those who participate in the various ERI programs, and other miscellaneous items that are due to the system. For fiscal year 2013, the amount accrued for the annual appropriation billings due April 1, 2014 is \$834.6 million.

Contribution Requirements – SPRS

The contribution policy is set by N.J.S.A. 53:5A and requires contributions by active members and the State of New Jersey. Plan member and employer contributions may be amended by State of New Jersey legislation. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 7.5% to 9% in October 2011. The State of New Jersey contribution amount is based on an actuarially determined rate. The annual employer contributions include funding for basic retirement allowances, cost-of-living adjustments and noncontributory death benefits.

Chapter 1, P.L. 2010, effective May 21, 2010, required the State to resume making actuarially recommended contributions to the pension plans on a phased-in basis over a seven-year period beginning in fiscal year 2012. For fiscal year 2013, the State's minimum required contribution was $2/7^{th}$ of the full recommended amounts determined on the basis of the July 1, 2011 actuarial valuation. The State made a contribution of \$25.6 million, excluding the State's contribution for NCGI of \$2.2 million, for fiscal year 2013. The amount contributed for fiscal year 2013 is equal to $2/7^{th}$ or 28.6% of the actuarially determined contribution amount per State statute. Additionally, the amount contributed equals 25.6% of the ARC determined per the requirements of GASB Statements No. 25 and 27.

Contribution Requirements – TPAF

The contribution policy is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years beginning in July 2012. The member contribution rate was 6.64% in fiscal year 2013. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent fiscal year. The State of New Jersey contribution amount is based on an actuarially determined rate. The annual employer

Notes to Financial Statements
June 30, 2013

contributions include funding for basic retirement allowances, cost-of-living adjustments, and noncontributory death benefits.

Chapter 1, P.L. 2010, effective May 21, 2010, required the State to resume making actuarially recommended contributions to the pension plans on a phased-in basis over a seven-year period beginning in fiscal year 2012. For fiscal year 2013, the State's minimum required contribution was 2/7th of the full recommended amounts determined on the basis of the July 1, 2011 actuarial valuation. The State made this contribution of \$614.6 million, excluding \$33.3 million for NCGI, \$5.8 million for miscellaneous items due to the system, and \$1.7 million for the current year present value of the State's ERI liability, for fiscal year 2013. The amount contributed for fiscal year 2013 is equal to 2/7th or 28.6% of the actuarially determined contribution amount per State statute. Additionally, the amount contributed equals 26.4% of the ARC determined per the requirements of GASB Statements No. 25 and 27.

Contribution Requirements – SACT

Participants contribute through payroll deductions and may contribute from 1% to 100% of their base salary, as defined. Contributions are voluntary and may be suspended at the beginning of any quarter. Contributions under the Tax Sheltered Supplemental Annuity Plan are subject to Federal law limitations and qualify for tax-sheltered treatment permitted under Section 403(b) of the IRC. Participants are always fully vested for the accumulated units in their accounts.

Contribution Requirements - CPF

The State of New Jersey makes an annual appropriation payment to the CPF to pay current year benefits. The contribution requirements were established by the aforementioned statutes and are not actuarially determined.

The contribution amount required and paid by the State of New Jersey for the fiscal year ended June 30, 2013 was \$168.0 thousand.

Contribution Requirements – SHBP – State (Including PDP – State)

Contributions to pay for the health premiums of participating employees in the SHBP – State are collected from the State of New Jersey, active and retired members, and former active and retired members who have elected to participate under the rules of the Consolidated Omnibus Budget Reconciliation Act (COBRA). The State of New Jersey provides contributions for State employees through State appropriations. These appropriations are generally distributed to the SHBP on a monthly basis. Active and retired member contributions are generally received on a monthly basis.

Contributions to pay for the premiums of participating employees in the PDP are collected from the State of New Jersey, and former active and retired members who have elected to participate under the rules of COBRA. The State of New Jersey provides contributions for State employees through State appropriations. These appropriations are distributed to the PDP on a monthly basis.

The State made a contribution of \$1.7 billion, including administrative revenue of \$3.9 million, for fiscal year 2013.

Notes to Financial Statements
June 30, 2013

Chapter 103, P.L. 2007 implemented changes to SHBP and established an employee contribution of 1.5% of the employee's base salary for State employees, effective July 1, 2007.

Chapter 2, P.L. 2010, effective May 21, 2010, requires a minimum contribution of 1.5% of base salary toward the cost of health care benefits coverage by all active public employees. Employees of the State, local governments, and boards of education who become a member of a State or locally administered retirement system on or after the law's effective date would be required to pay in retirement 1.5% of their pension benefit toward the cost of health care coverage under the SHBP.

Chapter 78, P.L. 2011, effective June 28, 2011, established new employee contribution requirements towards the cost of employer provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a four-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary. For those employed on or after June 28, 2011, the four-year phase-in does not apply, and contributions based on the full percentage rate of contribution are required. Under Chapter 78, certain future retirees eligible for state-paid health care coverage at retirement are also required to pay a percentage of the cost of their medical coverage determined on the basis of their annual retirement benefit.

Contribution Requirements – SHBP – Local (Including PDP – Local)

Contributions to pay for the health premiums of participating employees in the SHBP – Local are collected from the State of New Jersey, participating local employers, active members and retired members. Local employer payments and active and retired member contributions are generally received on a monthly basis.

Contributions to pay for the premiums of participating employees in the PDP are collected from participating local employers, and former active and retired members who have elected to participate under the rules of COBRA. Local employer payments as well as COBRA contributions are also received on a monthly basis.

Local employers participating in the SHBP – Local made a contribution of \$1.1 billion, including administrative revenue of \$2.1 million, for fiscal year 2013.

Chapter 2, P.L. 2010, effective May 21, 2010, requires a minimum contribution of 1.5% of base salary toward the cost of health care benefits coverage by all active public employees. Employees of the State, local governments, and boards of education who become a member of a State or locally administered retirement system on or after the law's effective date would be required to pay in retirement 1.5% of their pension benefit toward the cost of health care coverage under the SHBP.

Chapter 78, P.L. 2011, effective June 28, 2011, established new employee contribution requirements towards the cost of employer provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a four-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary. For those employed on or after June 28, 2011, the

Notes to Financial Statements
June 30, 2013

four-year phase-in does not apply, and contributions based on the full percentage rate of contribution are required. Under Chapter 78, certain future retirees eligible for state-paid health care coverage at retirement are also required to pay a percentage of the cost of their medical coverage determined on the basis of their annual retirement benefit.

Contribution Requirements – SHBP – Education (Including PDP – Education)

Contributions to pay for the health premiums of participating employees in the SHBP – Education are collected from the State of New Jersey, participating local employers, active members and retired members. Local employer payments and active and retired member contributions are generally received on a monthly basis.

Contributions to pay for the premiums of participating employees in the PDP are collected from participating local employers, and former active and retired members who have elected to participate under the rules of COBRA. Local employer payments as well as COBRA contributions are also received on a monthly basis.

Local employers participating in the SHBP – Education made a contribution of \$2.3 billion, including administrative revenue of \$4.9 million, for fiscal year 2013.

Chapter 2, P.L. 2010, effective May 21, 2010, requires a minimum contribution of 1.5% of base salary toward the cost of health care benefits coverage by all active public employees. Employees of the State, local governments, and boards of education who become a member of a State or locally administered retirement system on or after the law's effective date would be required to pay in retirement 1.5% of their pension benefit toward the cost of health care coverage under the SHBP.

Chapter 78, P.L. 2011, effective June 28, 2011, established new employee contribution requirements towards the cost of employer provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a four-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary. For those employed on or after June 28, 2011, the four-year phase-in does not apply, and contributions based on the full percentage rate of contribution are required. Under Chapter 78, certain future retirees eligible for state-paid health care coverage at retirement are also required to pay a percentage of the cost of their medical coverage determined on the basis of their annual retirement benefit.

Contribution Requirements – NJSEDCP

Participants may defer between 1% and 100% of their salary and less any IRC Section 414(h) reductions or \$17.5 thousand annually. Under the limited "catch-up" provision, a participant may be eligible to defer up to a maximum of twice the annual maximum in the three years immediately preceding the retirement age at which no reduction in benefits would be applicable. The employer does not make contributions to the Plan.

Notes to Financial Statements
June 30, 2013

Contribution Requirements – DCRP

The DCRP was established for elected and certain appointed officials by Chapter 92, P.L. 2007, effective July 1, 2007. State and local government employers contribute 3% of the employees' base salary. Active members contribute 5.5% of base salary.

Chapter 103, P.L. 2007, effective July 1, 2007, imposed an annual maximum wage contribution base (equivalent to the annual maximum wage base for Social Security deductions) to new employees (Tier 2) of the TPAF and the PERS. This provision was extended by Chapter 1, P.L. 2010, effective May 21, 2010, to new employees (Tier 2) of the PFRS and the SPRS. Based on Chapter 89, P.L. 2008, effective November 2, 2008, new employees with a base salary between \$5,000 and the current minimum TPAF and PERS Tier 3 salary are eligible for participation in the DCRP. Also, based on Chapter 1, P.L. 2010, effective May 21, 2010, new employees who would otherwise be eligible to participate in TPAF and PERS (Tier 4 and Tier 5) and do not work the minimum required hours but earn a base salary of at least \$5,000 are eligible for participation in the DCRP.

Contribution Requirements – ABPLTD

The State of New Jersey makes an annual contribution to the ABPLTD, as required, toward the cost of long-term disability benefits which extend beyond the calendar year following the year in which the disability benefits commence for those with a benefit commencement date on or after October 1, 1986.

The State made a contribution of \$3.0 million for fiscal year 2013.

Contribution Requirements – ABP

Members contribute a mandatory 5% of base or contractual salary that is tax deferred under the Section 414(h) provisions of the IRC. Members are also permitted to make voluntary federal tax-deferred contributions under IRC Section 403(b). The State of New Jersey pays the employer contribution for all State and county employees participating in the plan. The employer contribution is based on 8% of base or contractual salary. The State of New Jersey is also responsible for the cost of noncontributory life insurance coverage and disability coverage for its plan members.

The State made a contribution of \$158.1 million, excluding NCGI of \$17.6 million and short-term disability of \$3.0 million, for fiscal year 2013.

Contribution Requirements - PAF

The contribution requirements were established by N.J.S.A. 43:3B-4. The State of New Jersey is required to make an annual appropriation payment to fund the cost-of-living increases payable to retirees and beneficiaries of retired members in the CPFPF, POPF and CPF. Funding is on a pay-as-you-go basis.

The State made a contribution of \$1.1 million for fiscal year 2013.

Contribution Requirements – DEP – State and Local

Contributions to pay for the premiums of participating employees in the Dental Expense Program Fund are collected from the State of New Jersey, local governmental and educational employers, active employees,

Notes to Financial Statements
June 30, 2013

and former and retired members who have elected to participate under the rules of COBRA. The cost of the premiums is shared by the State of New Jersey and active State employees. Former and retired employees who have chosen to participate under the rules of COBRA pay the full cost of the premium. The employers are billed for the full cost of coverage. The State of New Jersey provides contributions through State appropriations. These appropriations are distributed to the DEP on a biweekly and monthly basis. The active member share of the cost of premiums, which is included in the billing to the employers, is paid to the State on a biweekly and monthly basis. Members participating under COBRA remit their payments on a monthly basis. Retirees pay 100% of the overall dental cost.

The State made a contribution of \$33.6 million, excluding administrative and other revenue of \$24.5 thousand, for fiscal year 2013. The local contribution was \$3.5 million for fiscal year 2013.

(6) Vesting and Benefits

Vesting and Benefit Provisions – JRS

The vesting and benefit provisions are set by N.J.S.A. 43:6A. The JRS provides retirement benefits as well as death and disability benefits. Retirement benefits for age and years of service are as follows:

Age		Years of judicial service	Benefit as a percentage of final salary
70 65-69		at least 10 at least 15	75% 75
60-64		at least 20	75 75
Age	Years of judicial service	Years of public and judicial service	Benefit as a percentage of final salary
65 60	5 5	15 20	50% 50

Retirement is mandatory at age 70. Early retirement benefits are available with 5 years of judicial service plus 25 years in the aggregate of public service with the benefit determined to be 2% of final salary plus 1% of final salary for each year in excess of 25 years. An actuarial reduction will be made if retirement is before age 60.

Retirement benefits are also available at age 60 with five years of judicial service plus 15 years in the aggregate of public service, or at age 60 while serving as a judge with the benefit determined to be 2% of final salary, as defined, for each year of public service up to 25 years plus 1% of final salary for each year in excess of 25 years. Deferred retirement benefits are also available.

Notes to Financial Statements
June 30, 2013

Eligible retirees receiving monthly benefits are entitled to cost-of-living adjustment (COLA) increases equal to 60% of the change in the average consumer price index for the calendar year in which the pensioner retired, as compared to the average consumer price index for a twelve-month period ending with each August 31st immediately preceding the year in which the adjustment becomes payable. The regular retirement allowance is multiplied by the 60% factor as developed and results in the dollar amount of the adjustment payable. Retired members become eligible for pension adjustment benefits after 24 months of retirement. Pursuant to the provisions of Chapter 78, P.L. 2011, COLA increases are suspended for all current and future retirees of all retirement systems. The law does not reduce any COLA increases that have already been added to retiree benefits.

Vesting and Benefit Provisions – CPFPF

The vesting and benefit provisions were set by N.J.S.A. 43:16. There are no active members in the CPFPF.

Vesting and Benefit Provisions – PFRS

The vesting and benefit provisions are set by N.J.S.A. 43:16A. The PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after four years of service. Retirement benefits for age and service are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Final compensation equals the compensation for the final year of service prior to retirement. Members may seek special retirement after achieving 25 years of creditable service or they may elect deferred retirement after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service. The annual benefit under special retirement is 65% of the member's final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. The maximum allowance is therefore 70% of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years but not to exceed 30 years. The maximum allowance is therefore 65% of final compensation.

Widow/widowers of members retired since December 18, 1967 receive 50% of the retiree's final compensation.

Members are always fully vested for their own contributions. In the case of death before retirement, members' beneficiaries are entitled to full payment of members' contributions providing no survivor death benefits are payable.

Eligible retirees receiving monthly benefits are entitled to COLA increases equal to 60% of the change in the average consumer price index for the calendar year in which the pensioner retired, as compared to the average consumer price index for a twelve-month period ending with each August 31st immediately preceding the year in which the adjustment becomes payable. The regular retirement allowance is multiplied by the 60% factor as developed and results in the dollar amount of the adjustment payable. Retired members become eligible for pension adjustment benefits after 24 months of retirement. The COLA increases are funded by the retirement system and are included in the annual actuarial calculations of the required state and state-related employer contributions. Pursuant to the provisions of Chapter 78,

39

Notes to Financial Statements
June 30, 2013

P.L. 2011, COLA increases are suspended for all current and future retirees of all retirement systems. The law does not reduce any COLA increases that have already been added to retiree benefits.

Pursuant to Chapter 1, P.L. 2010, for new members of PFRS hired after May 21, 2010 (Tier 2 members), this law capped the maximum compensation that can be used to calculate a pension from these plans at the annual wage contribution base for Social Security, and required the pension to be calculated using a three year average annual compensation instead of the last year's salary.

Vesting and Benefit Provisions – POPF

The vesting and benefit provisions were set by N.J.S.A. 43:7. There are no active members in the POPF.

Vesting and Benefit Provisions – PERS

The vesting and benefit provisions are set by N.J.S.A. 43:15A. The PERS provides retirement, death and disability benefits. All benefits vest after eight (legislators) to ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of the PERS.

For Tier 1 members, retirement benefits for age and service are available at age 60 and are generally determined to be 1/55 of final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three fiscal years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years service credit, as defined, or they may elect deferred retirement after achieving eight to ten years of service credit, in which case benefits would begin the first day of the month after the member attains normal retirement age.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for earnings on their contributions at 2% per annum. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Eligible retirees receiving monthly benefits are entitled to COLA increases equal to 60% of the change in the average consumer price index for the calendar year in which the pensioner retired, as compared to the average consumer price index for a twelve-month period ending with each August 31st immediately preceding the year in which the adjustment becomes payable. The regular retirement allowance is multiplied by the 60% factor as developed and results in the dollar amount of the adjustment payable. Retired members become eligible for pension adjustment benefits after 24 months of retirement. The COLA increases are funded by the retirement system and are included in the annual actuarial calculations of the required state and state-related employer contributions. Pursuant to the provisions of Chapter 78, P.L. 2011, COLA increases are suspended for all current and future retirees of all retirement systems. The law does not reduce any COLA increases that have already been added to retiree benefits.

Chapter 103, P.L. 2007 amended the early retirement reduction formula for members hired on or after July 1, 2007 and prior to November 2, 2008 (Tier 2 members) and retiring with 25 years of service to be reduced by 1% for every year between age 55 and 60, plus 3% for every year under age 55. Also, this law provided that the amount of compensation for Tier 2 members used for employer and member

Notes to Financial Statements
June 30, 2013

contributions and benefits under the PERS cannot exceed the annual maximum wage contribution base for Social Security, pursuant to the Federal Insurance Contributions Act.

Chapter 89, P.L. 2008 increased the PERS eligibility age for unreduced benefits from age 60 to age 62 for members hired on or after November 2, 2008 and on or before May 21, 2010 (Tier 3 members). It also increased the minimum annual compensation required for membership eligibility for new Tier 3 members from \$1,500 to \$7,500 with annual adjustments (\$7,900 in 2012 and \$8,000 in 2013) in addition to amending the early retirement reduction formula for Tier 3 members retiring with 25 years of service to 1% for every year between age 55 and 62, plus 3% for every year under age 55.

Chapter 1, P.L. 2010, effective May 21, 2010, changed the membership eligibility criteria for new members of PERS hired after May 21, 2010 (Tier 4 and Tier 5 members) from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for these members of PERS to 1/60 from 1/55, and it provided that the retirement allowance for these members be calculated using the average annual compensation for the last five years of service instead of the last three years of service. Tier 4 and Tier 5 members of PERS no longer receive pension service credit from more than one employer. Pension service credit is earned for the highest paid position only. This law also closed the Prosecutors Part of the PERS to new members.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for Tier 4 and Tier 5 members of the PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 78, P.L. 2011, provides that new members of PERS hired on or after June 28, 2011 (Tier 5 members) need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of 1/4 of 1% for each month that the member is under age 65. Tier 5 members are eligible for a service retirement benefit at age 65.

Vesting and Benefit Provisions – SPRS

The vesting and benefit provisions are set by N.J.S.A. 53:5A. The SPRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, as defined. Retirement benefits are available after 20 years of service as defined at any age with mandatory retirement at age 55. The retirement benefit is based upon final compensation, which for Tier 1 members is defined as salary plus maintenance allowance during the last 12 months prior to retirement, and is a life annuity equal to the greater of the following: (a) 50% of final compensation; (b) for members retiring due to mandatory retirement, 50% of final compensation, plus 3% for each year of service in excess of 20 years up to 25 years to a maximum of 65% of final compensation; or (c) for members retiring with 25 or more years of service, 65% of final compensation, plus 1% for each year of service in excess of 25 years, to a maximum of 70% of final compensation. Members may elect deferred retirement after ten years of service in which case benefits in the form of life annuity would begin at age 55 equal to 2% of final compensation for each year of service up to 25 years with 1% for every year over 25 years.

Members are always fully vested for their own contributions.

Notes to Financial Statements
June 30, 2013

Eligible retirees receiving monthly benefits are entitled to COLA increases equal to 60% of the change in the average consumer price index for the calendar year in which the pensioner retired, as compared to the average consumer price index for a twelve-month period ending with each August 31st immediately preceding the year in which the adjustment becomes payable. The regular retirement allowance is multiplied by the 60% factor as developed and results in the dollar amount of the adjustment payable. Retired members become eligible for pension adjustment benefits after 24 months of retirement. Pursuant to the provisions of Chapter 78, P.L. 2011, COLA increases are suspended for all current and future retirees of all retirement systems. The law does not reduce any COLA increases that have already been added to retiree benefits.

Pursuant to Chapter 1, P.L. 2010 for new members of SPRS hired after May 21, 2010 (Tier 2 members), this law capped the maximum compensation that can be used to calculate a pension from these plans at the annual wage contribution base for Social Security, and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary.

Vesting and Benefit Provisions – TPAF

The vesting and benefit provisions are set by N.J.S.A. 18A:66. The TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of the TPAF.

For Tier 1 members, retirement benefits for age and service are available at age 60 and are generally determined to be 1/55 of final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three fiscal years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years service credit, as defined, or they may elect deferred retirement after achieving ten years of service credit, in which case benefits would begin the first day of the month after the member attains normal retirement age.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Eligible retirees receiving monthly benefits are entitled to COLA increases equal to 60% of the change in the average consumer price index for the calendar year in which the pensioner retired, as compared to the average consumer price index for a twelve-month period ending with each August 31st immediately preceding the year in which the adjustment becomes payable. The regular retirement allowance is multiplied by the 60% factor as developed and results in a dollar amount of the adjustment payable. Retired members become eligible for pension adjustment benefits after 24 months of retirement. Pursuant to the provisions of Chapter 78, P.L. 2011, COLA increases are suspended for all current and future retirees of all retirement systems. The law does not reduce any COLA increases that have already been added to retiree benefits.

Chapter 103, P.L. 2007 amended the early retirement reduction formula for members hired on or after July 1, 2007 and retiring with 25 years of service to be reduced by 1% for every year between age 55 and 60, plus 3% for every year under age 55. Also, this law provided that for members hired on or after July 1,

Notes to Financial Statements
June 30, 2013

2007, the amount of compensation used for employer and member contributions and benefits under the TPAF cannot exceed the annual maximum wage contribution base for Social Security, pursuant to the Federal Insurance Contributions Act.

Chapter 89, P.L. 2008 increased the TPAF eligibility age for unreduced benefits from age 60 to age 62 for members hired on or after November 2, 2008 and on or before May 21, 2010 (Tier 3 members). It also increased the minimum annual compensation required for membership eligibility for new Tier 3 members from \$1,500 to \$7,500 with annual adjustments (\$7,900 in 2012 and \$8,000 in 2013) in addition to amending the early retirement reduction formula for Tier 3 members retiring with 25 years of service to 1% for every year between age 55 and 62, plus 3% for every year under age 55.

Chapter 1, P.L. 2010, effective May 21, 2010, changed the membership eligibility criteria for new members of TPAF from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of TPAF to 1/60 from 1/55, and it provided that new members of TPAF have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of TPAF no longer receive pension service credit from more than one employer. Pension service credit is earned for the highest paid position only.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the TPAF with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 78, P.L. 2011, provides that new members of TPAF hired on or after June 28, 2011 (Tier 5 members) need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of 1/4 of 1% for each month that the member is under age 65. Tier 5 members are eligible for a service retirement benefit at age 65.

Vesting and Benefit Provisions – SACT

Upon retirement, a participant receives a life annuity benefit or may elect to receive a benefit paid as a single cash payment or various forms of monthly annuity payments with a beneficiary provision based on the value of the participant's account in the month of retirement. Upon the death of a participant, the designated beneficiary may elect to receive a lump sum equal to the account value or an annuity under any of the settlement options which a retiree could elect under the Trust. Upon termination of employment and withdrawal from the basic retirement systems, a participant must also withdraw his account under the Trust as a lump-sum settlement.

Benefit Provisions – CPF

Benefits are payable under various State of New Jersey acts in an amount equal to one-half of the compensation received by the participant for his/her service. In the case of Disabled Veterans' Pensions and Surviving Spouses, the amount is \$62.50 per month.

Notes to Financial Statements
June 30, 2013

Vesting and Benefit Provisions – NJSEDCP

Assets in the Plan are held in trust for the exclusive benefit of Plan members and their beneficiaries in accordance with GASB Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*. Plan members are fully vested for the current valuation of their account from the date of enrollment in the Plan. Benefits are payable upon separation from service with the State of New Jersey.

Vesting and Benefit Provisions – DCRP

Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable Federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and nonforfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and nonforfeitable on the date the participant commences the second year of employment or upon his or her attainment, while employed by an employer, of age 65, whichever occurs first.

Benefit Provisions - ABPLTD

Members who are totally disabled due to an occupational or nonoccupational condition are eligible to receive a regular monthly benefit equal to 60% of the base salary earned over the twelve-month period preceding the onset of the disability. The long-term disability benefits continue until such time as the member retires or attains the age of 70, whichever comes first.

Vesting and Benefit Provisions – SHBP – State (Including PDP – State)

The Program provides medical coverage to qualified active and retired participants. Under Chapter 136, P.L. 1977, the State of New Jersey pays for the health insurance coverage of all enrolled retired State employees (regardless of age) whose pensions are based upon 25 years or more of credited service or a disability retirement regardless of years of service. Retirees who are not eligible for state-paid health coverage at retirement can continue in the program by paying the cost of the insurance for themselves and their covered dependents. The PDP was established in December 1974, under N.J.S.A. 52:14-17.29 to provide coverage to employees and their eligible dependents for drugs which under federal or State law may be dispensed only upon a prescription written by a physician. State employees are eligible for PDP coverage after 60 days of employment.

Vesting and Benefit Provisions – SHBP – Local (Including PDP – Local)

The Program provides medical coverage to qualified local active and retired participants. Partially funded benefits are also provided to local police officers and firefighters who retire with 25 years of service (or on disability) from an employer who does not provide coverage under the provisions of Chapter 330, P.L. 1997. Also, local employees are eligible for the PDP coverage after 60 days of employment.

Notes to Financial Statements
June 30, 2013

Vesting and Benefit Provisions – SHBP – Education (Including PDP – Education)

The program provides medical coverage to qualified local education active and retired participants. Members of the TPAF who retire from a board of education or county college with 25 years of service or on a disability retirement receive state-paid post-retirement medical coverage. Under the provisions of Chapter 126, P.L. 1992, the program also provides state-paid coverage to members of the PERS and ABP who retire from a board of education or county college with 25 years of service or on a disability retirement if the member's employer does not provide this coverage. Certain local participating employers also provide post-retirement medical coverage to their employees. Retirees who are not eligible for state-paid health coverage at retirement can continue in the program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare Parts A and B by paying the cost of the insurance for themselves and their covered dependents. Also, education employees are eligible for the PDP coverage after 60 days of employment.

Vesting and Benefit Provisions – ABP

ABP provides retirement benefits, disability benefits, and group life insurance benefits to eligible participants. Retirement benefits are payable upon separation from service with no age or service requirements. However, distributions under age 55 are limited to employee contributions and accumulations. The remaining employer's contributions and earnings are available for distribution upon attaining age 55. New ABP participants are vested after one year of service. Participants are immediately vested if the participant has an existing retirement account containing employer and employee contributions based on employment in public education, or is an active or vested member of a federal or state retirement system.

Benefit Provisions - PAF

The Pension Adjustment Fund covers eligible retirees and survivors of CPFPF, POPF and CPF. Eligible retirees and/or survivors are those who have been retired at least 24 months.

Those eligible for benefits are entitled to COLA increases equal to 60% of the change in the average consumer price index for the calendar year in which the pensioner retired, as compared to the average consumer price index for a twelve-month period ending with each August 31st immediately preceding the year in which the adjustment becomes payable. The regular retirement allowance is multiplied by the 60% factor as developed and results in a dollar amount of the adjustment payable. Retired members become eligible for pension adjustment benefits after 24 months of retirement.

Chapter 4, P.L. 2001 provided increased benefits to certain members of the Consolidated Police and Firemen's Pension Fund who retired prior to December 29, 1989 with at least 25 years of creditable service. The benefit increase is effective November 1, 2001. The maximum amount of the increase was 5% of the retiree's final compensation. For those with 30 or more years of service, the total pension benefit would increase from 65% to 70% of final compensation.

As a result of this legislation, cost-of-living benefits payable to eligible retirees also increased. The State, not the local municipalities, is responsible for these costs.

Notes to Financial Statements
June 30, 2013

Pursuant to the provisions of Chapter 78, P.L. 2011, COLA increases are suspended for all current and future retirees of all retirement systems. The law does not reduce any COLA increases that have already been added to retiree benefits.

Benefit Provisions - DEP - State and Local

The Program provides coverage to employees and their eligible dependents for dental services performed by a qualified dentist. Employees are eligible for coverage after 60 days of employment.

(7) Funds

The Funds maintain the following legally required funds as follows (amounts indicated in parenthesis represent net position held in trust for the respective fund as indicated):

Members' Annuity Savings Fund and Accumulative Interest Fund – JRS (\$46,650,937); TPAF (\$10,145,584,757); PERS (\$12,177,319,873); PFRS (\$3,319,977,601); SPRS (\$180,019,772)

The Members' Annuity Savings Fund (ASF) is credited with all contributions made by active members of the Funds. Interest earned on member contributions is credited to the Accumulative Interest Fund, which is applied to TPAF, PERS, and JRS. Member withdrawals are paid out of these Funds.

Contingent Reserve Fund – JRS (\$-27,351,176); TPAF (\$-17,265,872,607); PERS (\$-9,998,792,588); SPRS (\$783,302,755)

The Contingent Reserve Fund is credited with the contributions of contributing employers. Interest earnings, after crediting the Accumulative Interest Fund and Retirement Reserve Fund, as required, are credited to this account. Additionally, payments for administrative and miscellaneous expenses are made from this Fund.

Retirement Reserve Fund – JRS (\$206,531,056); TPAF (\$33,042,421,138); PERS (\$25,032,882,018); PFRS (\$20,044,311,736); SPRS (\$825,303,195)

The Retirement Reserve Fund is the account from which retirement benefits including COLA adjustments are paid. Upon retirement of a member, accumulated contributions together with accumulated interest are transferred to the Retirement Reserve Fund from the Members' ASF and Accumulative Interest Fund. Any additional reserves needed to fund the balance of the retirement benefit are transferred from the Contingent Reserve Fund or Pension Accumulation Fund. Annually, interest as determined by the State Treasurer (7.95% for fiscal year 2013 and 8.25% for fiscal year 2012) is credited to the Retirement Reserve Fund.

Retirement Reserve Fund – POPF (\$8,171,919)

The Retirement Reserve Fund is credited with State of New Jersey contributions and investment income. In addition, all benefits are paid from this account.

Contributory Group Insurance Premium Fund – TPAF (\$137,239,453); PERS (\$384,313,550)

The Contributory Group Insurance Premium Fund represents the accumulation of member group life insurance contributions in excess of premiums disbursed to the insurance carrier since the inception of the contributory death benefit program plus reserves held by the insurance carriers. Members are required by

Notes to Financial Statements
June 30, 2013

statute to participate in the contributory group life insurance plan in the first year of membership and may cancel the contributory coverage thereafter. The current contribution rate for active members is 0.4 of 1% of salary for TPAF and 0.5 of 1% of salary for PERS, as defined.

Non-Contributory Group Insurance Premium Fund – PERS – Local (\$44,579,485); PFRS – Local (\$7,779,399)

The Non-Contributory Group Insurance Premium Fund represents the accumulation of employer group life insurance contributions in excess of premiums disbursed to the insurance carrier since the inception of the noncontributory death benefit program plus reserves held by the insurance carrier. Members are eligible by statute for the noncontributory group life insurance plan in the first year of membership. TPAF, PERS – State, and PFRS – State show a zero balance as these premium expenses are funded on a monthly basis.

Pension Accumulation Fund – PFRS (\$-867,131,191)

The Pension Accumulation Fund is credited with the contributions of the State of New Jersey and other employers. Interest earnings, after crediting the Retirement Reserve Fund, as required, are credited to this account. Additionally, payments for administrative and miscellaneous expenses are made from this Fund.

Pension Reserve Fund – CPFPF (\$4,353,816)

The Pension Reserve Fund is credited with State of New Jersey contributions and investment income.

Reserve Fund – Alternate Benefit – Long Term Disability (\$1,646,696)

The fund balance of the ABPLTD is available for future payments to participants.

Benefit Enhancement Reserve Fund – PERS – Local (\$279,733,836)

The Benefit Enhancement Reserve Fund is a special reserve fund from which the required normal contributions to provide benefit increases under Chapter 353, P.L. 2001 and Chapter 133, P.L. 2001 will be charged. The fund was established in 2002 and credited with excess assets equivalent to member contributions for fiscal years 2000 and 2001 by transferring reserves in the Contingent Reserve Fund to the Benefit Enhancement Fund. Additional transfers will be made, as required, to maintain a fund balance equal to the present value of expected additional normal contributions due to the increased benefits.

Reserve Fund – SHBP – State (Including PDP – State) (\$-153,167,314)

The State uses this fund to cover claims payments.

Reserve Fund – SHBP – Local (Including PDP – Local) (\$225,182,796)

The net position of the SHBP – Local are available to pay claims of future periods. These reserves are maintained by the fund to stabilize rates and to meet unexpected increase in claims.

Reserve Fund – SHBP – Education (Including PDP – Education) (\$223,551,953)

The net position of the SHBP – Education are available to pay claims of future periods. These reserves are maintained by the fund to stabilize rates and to meet unexpected increase in claims.

(8) Contingencies

The Division is a party to various legal actions arising in the ordinary course of its operations. While it is not feasible to predict the ultimate outcome of these actions, it is the opinion of management that the resolution of these matters will not have a material adverse effect on the Division's financial statements.

Required Supplementary Information

Schedule of Funding Progress – Additional Actuarial Information

(Unaudited – See accompanying independent auditors' report)

Significant actuarial methods and assumptions used in the most recent 2012 actuarial valuation include the following:

Actuarial cost method Projected unit credit
Amortization method Level dollar, open

Remaining amortization period 30 years

Actuarial assumptions:

Interest rate 4.50% (assuming no prefunding)

Salary range N/A
Cost-of-living adjustments N/A

Valuation date July 1, 2012

For medical benefits, the healthcare cost trend rate assumption initially is at 8.5% and decreases to a 5.0% long-term trend rate for all medical benefits after 8 years, except for NJ Direct Post-65 whose rate assumption is 5.0% through 8 years. For prescription drug benefits, the initial healthcare cost assumption is 8.5%, decreasing to a 5.0% long-term trend rate after 8 years. For Medicare Part B reimbursement, the healthcare cost trend rate assumption is 5.0% throughout 8 years.

Notes to schedule:

- (1) In accordance with Chapter 115, P.L. 1997, available excess valuation assets were used to cover, in full or in part, the employer pension contributions. In fiscal year 2004, only PFRS State and SPRS were able to utilize excess assets to cover, in full or in part, the employer contributions. In fiscal year 2005, only SPRS had excess assets available to utilize. In fiscal year 2006, no excess assets were available to be utilized toward State contributions. On the local side, excess assets were utilized to cover, in full or in part, the employer contributions for PERS through fiscal year 2004 and for PFRS through fiscal year 2003.
- (2) The local employer pension contributions to PERS from 1999 to 2004 represent the required contributions under the early retirement incentive programs.
- (3) The annual required contribution reflects a 30-year, 4.0% annual increasing amortization of the unfunded actuarial accrued liability. Based on expected benefit payments plus retiree drug subsidy for the applicable fiscal year end.
- (4) Differences between the amounts in the employer contribution column in this schedule and the amounts recorded in the financial statements and footnotes are attributed to timing differences between the 2012 actuarial valuations and the actual amounts received in fiscal year 2013. Employer contributions per this schedule represent anticipated contribution amounts determined at the time the actuarial valuations were prepared and finalized prior to the end of fiscal year 2013. The financial statements and footnotes reflect the actual amounts received in 2013.
- (5) For State, the fiscal year 2008 annual required contribution and the fiscal year 2007, 2008, 2009, 2010, and 2012 contributions have been reduced in accordance with the provisions of the Appropriation Act for fiscal year 2007, 2008, 2009, 2010, and 2012, respectively.
- (6) For local, the fiscal year 2008 annual required contribution and the fiscal year 2008 through 2010 contributions have been reduced in accordance with Chapter 108, P.L. 2003.
