

ON-LINE DEFENSIVE DRIVING COURSE

The Division of Risk Management (“DRM”) is seeking quotes for a four (4) to six (6) hour on-line defensive driving course and driver improvement program that can be successfully uploaded to the State of New Jersey LMS system.

SPECIFICATIONS FOR ON-LINE DEFENSIVE DRIVING COURSE- DIVISION OF RISK MANAGEMENT

The course must be Section 508 compliant and should be output in a single archive file, in zip format, preferably with no streaming video. The State’s LMS system may support the following:

*AICC HACP * SCORM 1.2 *SCORM 2004

The Course should deliver real life driving situations through State of the art technology using computer generated animation and adaptive interactivity, with content and strategies that address the most critical driving challenges and offer participants the highest level of interactivity through real life scenarios, gaming exercises, videos, and crash scenarios.

The course should offer an engaging interactive learning environment where participants analyze real driving situations, spot driving hazards and identify and execute the correct defenses. It should also offer a session quiz challenge, which gives appropriate feedback on answers provided, before participants can proceed to the next session or section of the course.

Pricing is for 15,000 licenses or individual courses, and should include costs for setting up, modifying and coordinating the uploading of the course onto the State’s LMS system.

All inquiries regarding this request should be directed, in writing to: peter.ramos@treas.nj.gov
