Damaged Records Report

Agency Name: Montville Township Board of Education
Address: 86 River Road, Montville, NJ 07045
Phone: 973-331-7100 X2247
Email: katine.slunt@montville.net
Contact Person: Katine Slunt
Date the Damage Occurred: Early 2000s
Date the Damage was Discovered & Investigated: 2017 through Present

Overview

NOTE: The incident in which the records that were damaged in this report, occurred under another administration of the district (two (2) previous administrations- during the early 2000s).

I was hired as School Business Administrator in 2017.

In 2017, shortly after I began my employment, I asked to view the district's Minutes. I was told that the Minutes (from 1986 back to the district's inception), Debt Statements and Annual Adopted Budgets were missing; through further investigation, I learned that these records had been severely damaged in a flood in the early 2000s, suffering extensive mold and rodent infestation. The previous administration determined that these records could not be salvaged and disposed the records fifteen-years prior to my arrival as Business Administrator.

In 2017, I inquired as to the district's records storage and archiving efforts; I was told that records had been and were still being stored in multiple sites:

- External Shipping Containers
- Township Basement Storage
- Closets throughout the District
- Interior Garage at Montville Township High School

I visited each of these locations. Upon my review of these locations, I determined that the district's records were not properly safeguarded. My staff gathered the records from the various sites throughout the district and relocated

them to a secure, climate-controlled location. Once the records were secured, my staff and I inventoried and categorized the hardcopy records, hoping to locate copies of the original missing documents. Because of the volume and conditions of the district's records, this process took six (6) years, from 2017 to present, as the process still continues.

Throughout the project, we interviewed staff members regarding the missing permanent records, notably the missing Minutes. I do not believe that the majority of these records will be found. However, while conducting the inventory, copies of the some of the damaged records were found, such as:

- Board Minutes 1976 - 1977
- Annual Adopted Budgets 2003-2012

In good faith, I am submitting the *Damaged Records Report* to the State Records Committee (SRC) and the Department of the Treasury, Division of Revenue and Enterprise Services (DORES) – Records Management Services (RMS). I am documenting the damaged records incident that my predecessors had not reported to the SRC and DORES-RMS. I am also documenting the initial and ongoing recovery efforts taken by my staff and I, from 2017 to present, to locate any and all existing copies of the damaged records.

1. Describe the circumstances in which the damage occurred.

In the *Report of the Secretary to the Business Administrator* (1982 – 2000), it was noted that the Montville Board of Education Office was located at the Robert R. Lazar Middle School in Montville Township NJ (around the year 2000). This location was small, resulting in limited storage within the building for the district's records. As a solution to the limited space, the district's standard practice was to place items into External Shipping Containers (Picture #1).

According to the *Report of the Secretary*, records of the Board of Education were stored in these shipping containers, including the Permanent records, such as Annual Budgets, Debt Statements and Board Minutes.

It was later discovered that the External Shipping Containers were:

- Not water tight, which allowed rainwater to infiltrate.
- Located in a flood prone area, within close proximity to the Rockaway River and its tributaries.
- Not properly sealed, which allowed mice and other creatures to nest inside the container and record boxes.

Around 2005, Montville Township provided a storage space to the district located in the basement of Town Hall. An attempt was made to physically move the district's records from the External Shipping Containers to the Montville Town Hall, but due to extensive rodent and water damage, the records were wet, mold-ridden pulp and not physically able to be handled and identified. They were deemed "damaged" by the prior administration and discarded without reporting the loss to the Records Management Bureau, Division of Archives and Records Management (DARM). This decision occurred under another district administration (in the early 2000s), fifteen-years before my arrival as Business Administrator.

PICTURE #1: External Shipping Containers

2. How was the damage discovered?

As stated above, when I arrived as Business Administrator in 2017, I inquired about the district's Minutes and was eventually told about the flood damaged records.

Additionally, I was told that records were still being stored in Exterior Shipping Containers, basements, closets and an Interior Garage at Montville Township High School (Picture #2). Upon visiting these locations, I noted:

- Storage boxes against damp exterior walls,
- Boxes infested with rodents, and
- Collapsed storage containers with loose records covering the floor.

NOTE: This was the records storage and archival system still in use by the district upon my arrival in 2017.

Picture #2: Interior Garage at Montville Township High School

3. Were any records affected by this event salvageable? Detail salvage attempts made.

Upon my investigation, the *Report of the Secretary to the Business Administrator* detailed the damaged records incident; the district's previous administration deemed the records unsalvageable due to the water, mold and rodents; no attempts to salvage the records were made.

NOTE: The decision, deeming the records unsalvageable and disposing of them, occurred under another district administration (in the early 2000s), fifteen-years before my arrival as Business Administrator.

4. If records were not salvageable, who made the determination and why were they not salvageable?

I was not employed by Montville Township Public Schools at the time; therefore, I can only assume that the residing School Business Administrator made this determination. The records went to pulp and were wet with mold and rodent droppings.

NOTE: The decision, deeming the records unsalvageable and disposing of them, occurred under another district administration (in the early 2000s), fifteen-years before my arrival as Business Administrator.

5. Are there other copies of the damaged records or can they be reconstructed (e.g. payroll records may be recovered from a payroll service provider)?

Upon my arrival in 2017, I visited the storage locations throughout Montville Township, assessing the security of the district’s records. As noted in the timeline below, my staff and I consolidated all existing records from these locations into one location, for the purpose of inventorying the records. We then organized, archived and secured storage space in order to safeguard the district’s records. The process began by sorting records from the hundreds of boxes (as seen in Picture #2).

Through this process, we attempted to locate any and all records that are considered Permanent according to the DORES-RMS’ *School District Records Retention Schedules*. We evaluated each document to determine the nature of the document and sorted it into ‘like-kind’ Record Series piles; for example, all financial reports were placed together, enabling us to locate the documents on the *School District Records Retention Schedules* with greater ease. From these schedules, we determined the retention and archival requirement.

This process continued for four (4) years; with each new container of records, we hoped to find copies of the missing Board Minutes, Debt Statements or Annual Budgets.

We were able to locate copies Board Minutes (1976-1977) and Annual Budgets (2003-2004, 2004-2005, 2006-2007, 2008-2009, 2009-2010, 2010-2011 and 2011-2012).

Winter 2018 thru Fall 2019	Located previous Secretary to Business Administrator (1982-2000) Obtained Report (oral) that indicated that some of the Permanent Record were lost
Summer 2019 thru Fall 2023	Began Process to inventory the collected Boxes of Records Sorted Records by ‘like-kind’ Record Series Determined Retention and Archival Requirements Requested Permission to Dispose Records from DORES-RMS, according to <i>Retention Schedules</i> Sought Copies of Original Permanent Records that are missing
Summer 2022 thru Fall 2023	Reorganized Archival Records into Secure Permanent Storage Locations
Fall 2023 thru Present	Continue reviewing Records from remaining Records Series Determined Retention and Archival Requirements Requested Permission to Dispose Records from DORES-RMS, according to <i>Retention Schedules</i>

However, we were not able to locate any additional copies of the Minutes, Debt Statements or Annual Budgets.

6. Are records still kept where the incident occurred? If yes, how are these records now being protected?

The records have been collected from various unsecured locations throughout the district. Additionally, records are no longer stored in External Shipping Containers.

However, they are still being stored in the basement of Town Hall which has been retrofitted with elevated shelving away from exterior walls (Picture #4), and at the Interior Garage at Montville Township High School which is climate-controlled with elevated shelving (Picture #3). The elevated shelving systems mitigate water damage and rodent infestation. Records are maintained in elevated shelving units in records storage boxes (no longer in piles on the floor) and are regularly inspected for damage.

Picture #3: Interior Garage at Montville Township High School

Picture #4: Montville Town Hall

7. What measures is your agency taking to prevent future damage to your agency's records?

As a result of the incident, the district purchased a Fire-proof/ Flood-proof Safes in April 2001, for the remaining Board Minutes (1987 to present) (Pictures #5-7).

Upon my knowledge of the incident, my staff and I executed an inventorying and archiving initiative to organize, archive and safeguard the district's records. The process began by sorting the non-damaged records from the hundreds of boxes collected (Picture #2). Through this process, we attempted to locate any and all records that are considered Permanent in accordance with the *School District Records Retention Schedules*. We evaluated each document to determine the nature of the document and sorted it into 'like-kind' piles by Record Series; then, we determined the retention and archival requirement. Those retained were placed in shortage boxes with proper labeling and destruction dates. These records were then stored in climate-controlled, interior shortage areas on elevated shelving systems (Pictures #3-4). For the records whose retention periods had expired, through DORES-RMS' Artemis, we submitted *Requests and Authorization for Records Disposal*. This ongoing process has continued for four (4) years.

In addition, all Permanent Records are housed in Flood-Proof/Fire-Proof Safes (Pictures #5-7).

Pictures #5-7: Fire-Proof/ Flood-Proof Safes

All other records have been inventoried, labeled and sorted by their destruction date and retained in storage boxes on elevated shelves (Pictures #3-4). Upon expiration of their retentions, DORES-RMS' Artemis Records Disposal Requests will be submitted.

While we have made great headway in organizing and locating records, there are still records that may never be retrieved or duplicated from other sources and remain missing. In good, faith I am reporting those records that I know Montville Township Public Schools no longer have.
