

MBOS Applications

A Step-By-Step Guide

How to Apply for a Pension Loan

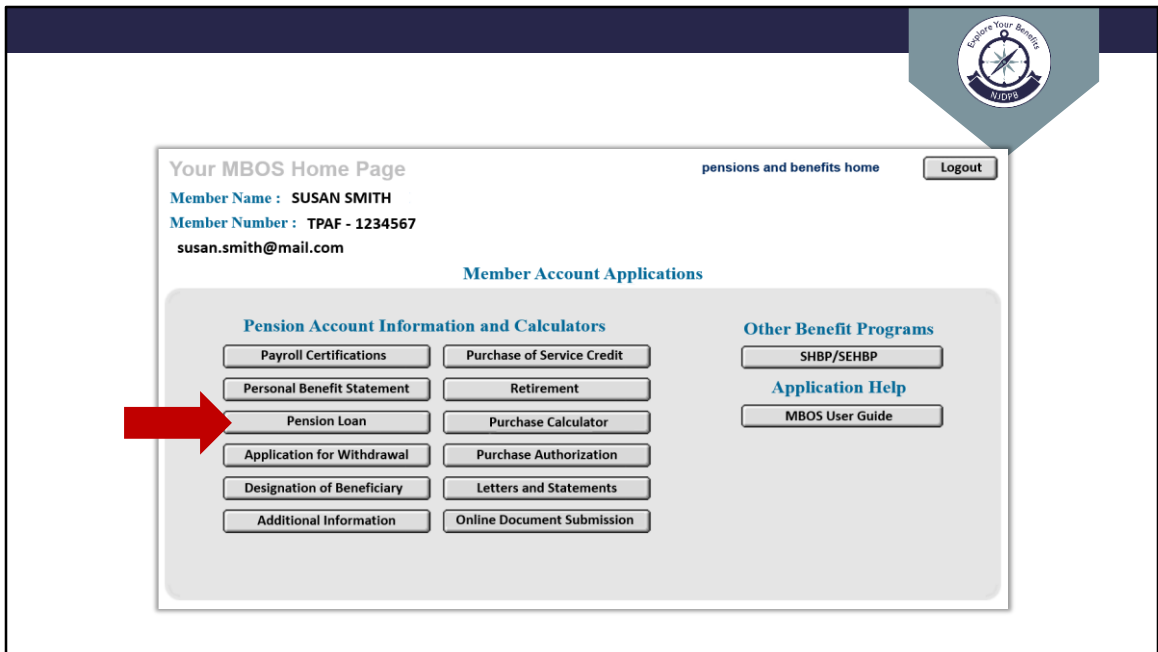

For Active PERS, TPAF, and PFRS Members

This step-by-step guide will assist active Public Employees' Retirement System (PERS), Teachers' Pension and Annuity Fund (TPAF), and Police and Firemen's Retirement System (PFRS) members with applying for a pension loan.

Active pension members must use the Member's Benefit Online System (MBOS) to apply for a pension loan. Authorized users can register for an MBOS account here: <https://www.nj.gov/treasury/pensions/mbos-register.shtml>

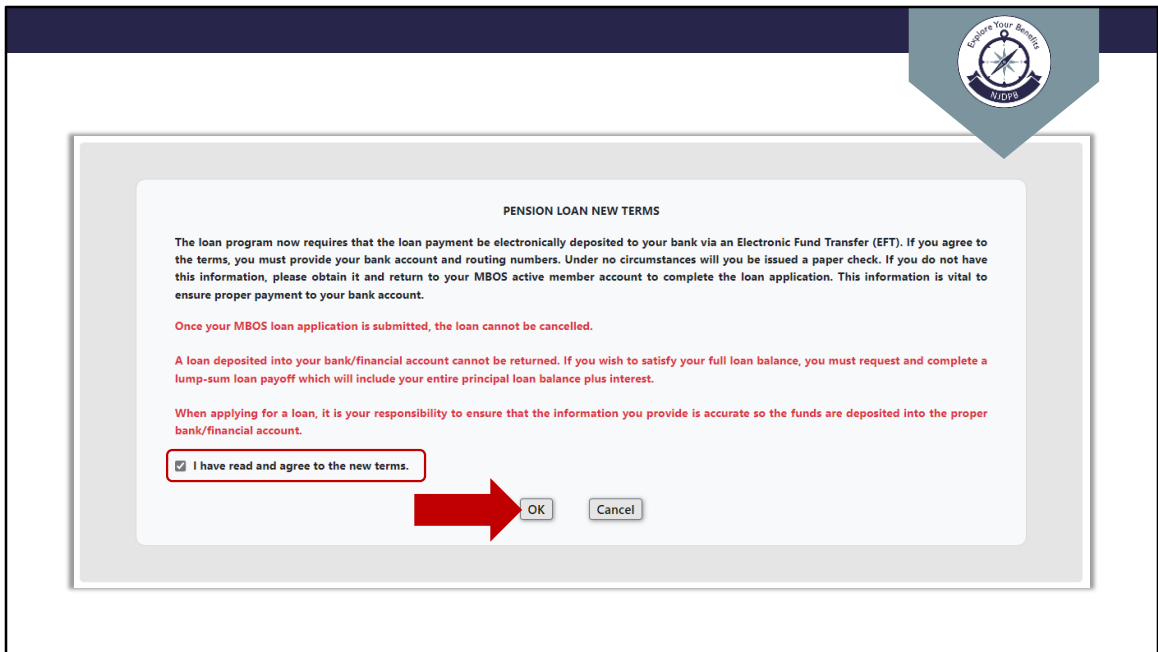

For assistance with the registration process, see the *Active MBOS Registration* video in our video gallery: <https://www.nj.gov/treasury/pensions/videos.shtml>

Please note, if you have already registered for MBOS, you will not be able to register again. If you need assistance accessing your existing MBOS account, please see our MBOS Troubleshooting videos in our video gallery.

Once you have accessed your MBOS account, click the “Pension Loan” button to begin the application.

To exit the Pension Loan application anytime before your final submission, click the “Home” button located at the top of your MBOS screen.

PENSION LOAN NEW TERMS

The loan program now requires that the loan payment be electronically deposited to your bank via an Electronic Fund Transfer (EFT). If you agree to the terms, you must provide your bank account and routing numbers. Under no circumstances will you be issued a paper check. If you do not have this information, please obtain it and return to your MBOS active member account to complete the loan application. This information is vital to ensure proper payment to your bank account.

Once your MBOS loan application is submitted, the loan cannot be cancelled.

A loan deposited into your bank/financial account cannot be returned. If you wish to satisfy your full loan balance, you must request and complete a lump-sum loan payoff which will include your entire principal loan balance plus interest.

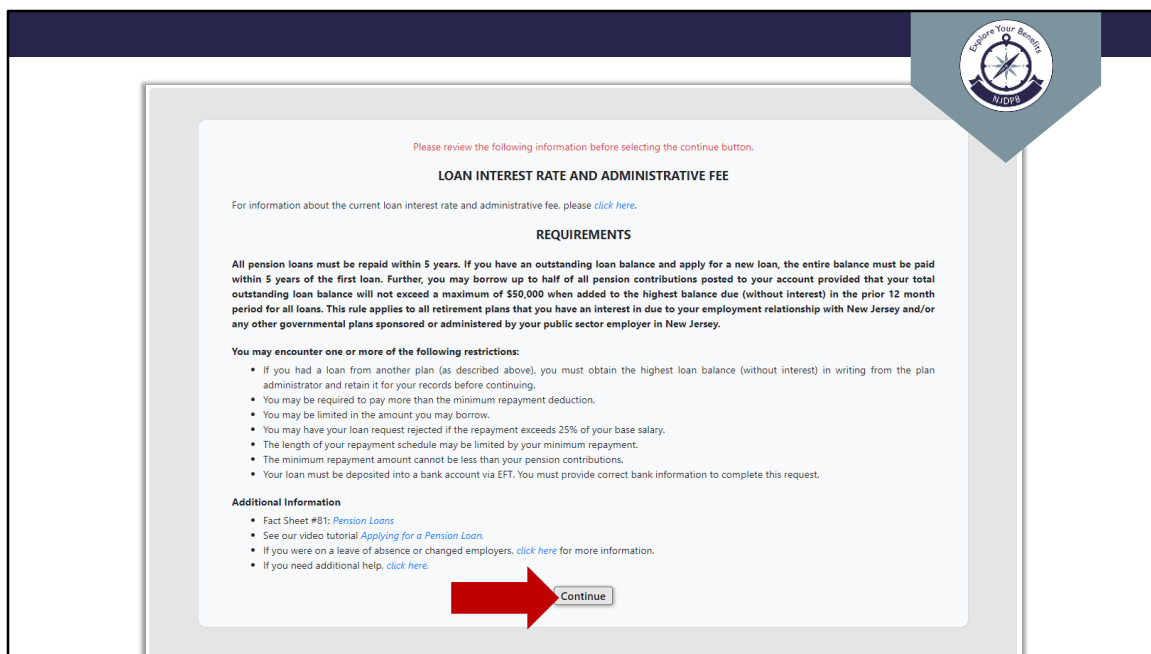

When applying for a loan, it is your responsibility to ensure that the information you provide is accurate so the funds are deposited into the proper bank/financial account.

I have read and agree to the new terms.

Please review the following information before selecting the continue button.

LOAN INTEREST RATE AND ADMINISTRATIVE FEE

REQUIREMENTS

All pension loans must be repaid within 5 years. If you have an outstanding loan balance and apply for a new loan, the entire balance must be paid within 5 years of the first loan. Further, you may borrow up to half of all pension contributions posted to your account provided that your total outstanding loan balance will not exceed a maximum of \$50,000 when added to the highest balance due (without interest) in the prior 12 month period for all loans. This rule applies to all retirement plans that you have an interest in due to your employment relationship with New Jersey and/or any other governmental plans sponsored or administered by your public sector employer in New Jersey.

You may encounter one or more of the following restrictions:

- If you had a loan from another plan (as described above), you must obtain the highest loan balance (without interest) in writing from the plan administrator and retain it for your records before continuing.
- You may be required to pay more than the minimum repayment deduction.
- You may be limited in the amount you may borrow.
- You may have your loan request rejected if the repayment exceeds 25% of your base salary.
- The length of your repayment schedule may be limited by your minimum repayment.
- The minimum repayment amount cannot be less than your pension contributions.
- Your loan must be deposited into a bank account via EFT. You must provide correct bank information to complete this request.

**Internal Revenue Service (IRS) Regulations
For Pension Loans**

Loan balances must be repaid within five (5) years. Furthermore, the new loan amount, when added to the highest balance due (without interest) during the prior 12 month period for all loans from all retirement plans that you have an interest in due to your employment relationship with New Jersey and/or any other governmental plans sponsored or administered by your public sector employer in New Jersey — cannot exceed \$50,000.

Internal Revenue Service regulations also require members to make timely payments toward outstanding loan balances. Failure to repay the loan as scheduled may result in the unpaid loan balance being declared a deemed distribution that is taxable under the rules of Section 72(p) of the Internal Revenue Code.

- In this event, the Division of Pensions and Benefits will report the distribution to the IRS and send you a Form 1099-R for tax filing purposes in January of the year following distribution.
- You will be required to include the portion of the loan representing before-tax contribution as income on your federal return.
- In addition, if you are under age 59 1/2, you will be required to pay an additional 10% tax for taking an early pension distribution.

A deemed distribution *cannot* be cancelled by resuming loan payments or repaying the loan in full prior to the end of the tax year in which the deemed distribution occurs. Unlike a normal pension distribution, a loan treated as a distribution cannot be rolled over to an IRA or another qualified retirement plan.

Members who take a loan and subsequently fail to remit loan payments may also be subject to additional IRS penalties.

I agree to comply with the repayment terms and conditions which are in accordance with federal guidelines. Should I fail to make the required repayments, the unpaid balance will be considered a distribution from my retirement account subject to the distribution rules under Section 72(p) of the Internal Revenue Code.

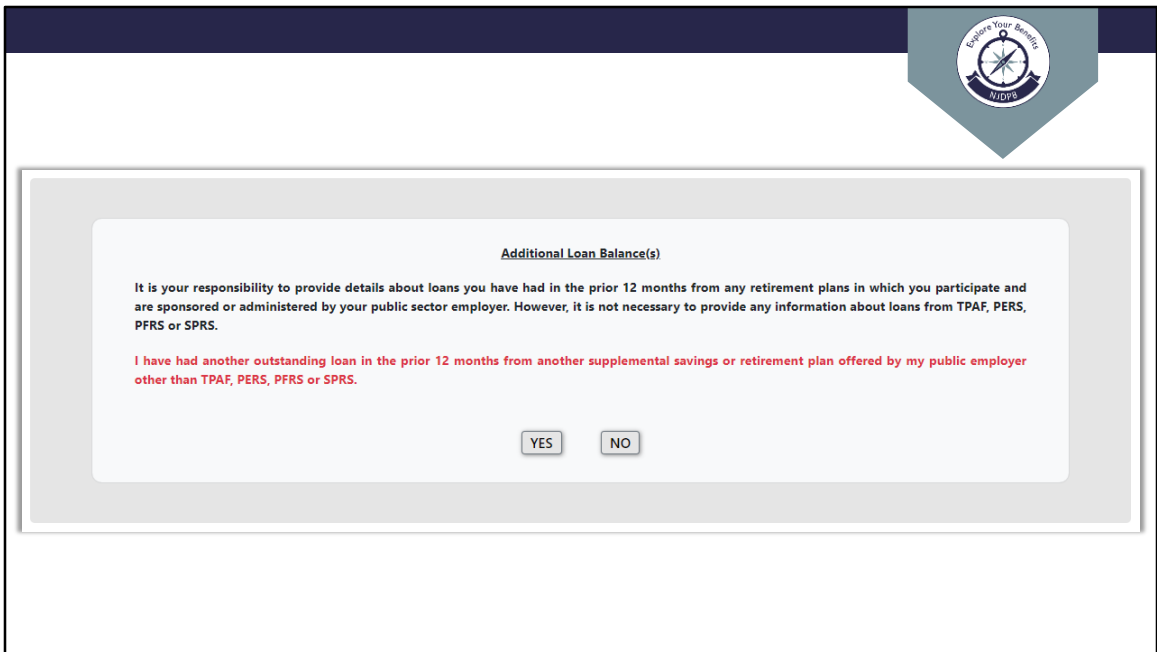

You will then review the IRS Regulations for Pension Loans. Again, thoroughly review this information.

In order to proceed, you **MUST** acknowledge if you “Agree” or “Disagree” with the IRS Regulations.

If you click “Disagree” you will exit the loan application and will not be allowed to borrow.

If you click “Agree” you will continue with the loan application.

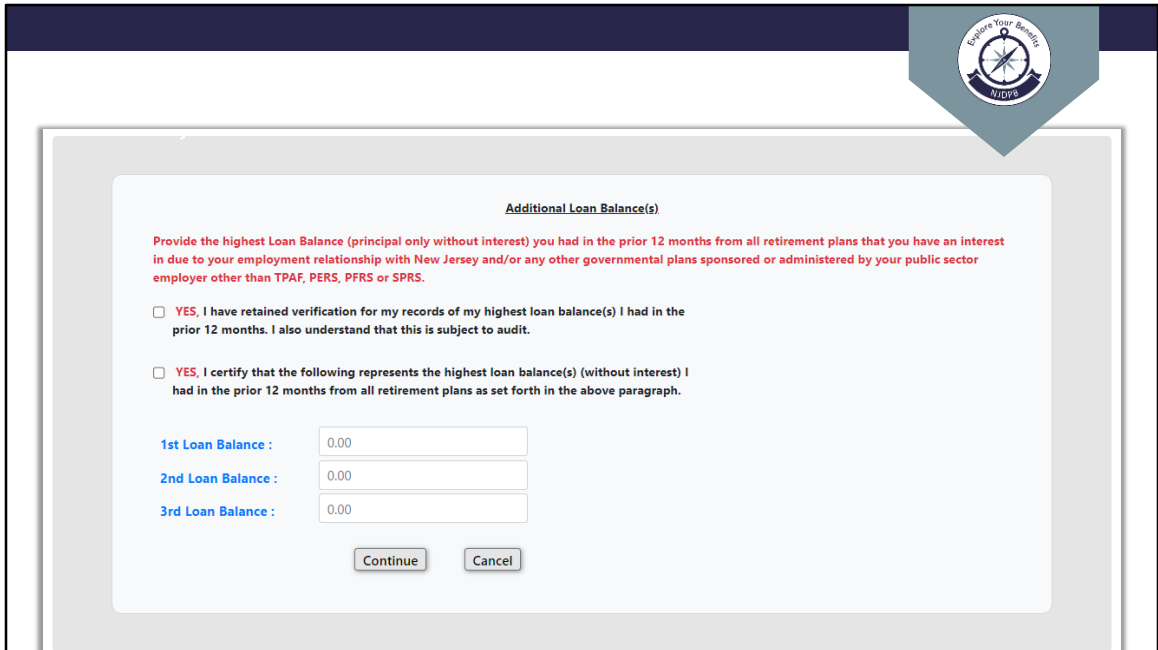

Click the appropriate button to acknowledge your response.
