Instructions for Form 313

Economic Recovery Tax Credit

The purpose of the Economic Recovery Tax Credit is to foster business investment in qualified municipalities established under the authority of the "Qualified Municipality Open For Business Incentive Program". A taxpayer that is engaged in the conduct of business within a qualified municipality and is not receiving a benefit under the New Jersey Urban Enterprise Zones Act, P.L.1983, c.303 (C.52:27H-60 et seq.) may apply to receive a tax credit against the amount of tax otherwise imposed under the Corporation Business Tax Act (1945), P.L.1945, c.162 (C.54:10A-1 et seq.) equal to: \$2,500 for each new full-time position at that location in credit year one and \$1,250 for each new full-time position at that location in credit year two. No taxpayer shall be allowed more than a single 24 month continuous period in which credits shall be allowed for activity at a location within a qualified municipality. The credit allowable under this section shall not exceed 50% of the tax liability otherwise due and shall not reduce the tax liability to an amount less than the statutory minimum. If the taxpayer claims this credit on Form CBT-100, Form CBT-100S or Form BFC-1, a completed Form 313 must be attached to the return to validate the claim.

Any unused credit may be carried forward, if necessary, for use in the five privilege periods following the privilege period for which the credit is allowed. The credit allowed for credit year one may be refundable at the close of the privilege period in which or with which credit year two ends. That amount of the credit received for credit year one remaining, if any, after the liabilities for the privilege period in which or with which credit year two ends and for any prior privilege period have been satisfied, multiplied by the sustained effort ratio, shall be an overpayment for the purposes of section R.S.54:49-15 for the privilege period in which or with which credit year two ends; that amount of the credit received for credit year one remaining, if any, that is not an overpayment may be carried forward.

DEFINITIONS

The hours of employees filling part-time positions shall be aggregated to determine the number of full-time position equivalents.
