(P.L. 1987, c. 7), the Secretary of Higher Education (Secretary) hereby publishes notice of the availability of funding from the Higher Education Facilities Trust Fund, as established at N.J.S.A. 18A:72A-49 et seq. (Higher Education Facilities Trust Fund Act) and implemented at N.J.A.C. 9A:15 (HEFT Regulations). **Please also take notice** that the Secretary is also publishing a notice of the availability of funding from the Higher Education Capital Improvement Fund, as established at N.J.S.A. 18A:72A-72 et seq. (collectively the "Higher Education Capital Facilities Programs") simultaneously with this notice in this issue of the New Jersey Register. The round of grant funding encompassed by these two notices of funding availability shall be referred to throughout this notice as the "Summer 2025 Cycle."

Applicants should consult both notices for the Summer 2025 Cycle prior to preparing an application for this competitive grant program. Applicants may submit multiple projects for consideration; however, the total aggregate amount of grant funds requested by a single applicant from the Higher Education Capital Facilities Programs during the Summer 2025 Cycle may not exceed \$ 20,000,000, with the exception of New Jersey City University (NJCU). Please see Section E for information regarding NJCU. An application may request funding from one or both of the Higher Education Capital Facilities Programs. The applicant should also consult the "Higher Education Capital Facilities Programs Joint Solicitation for Grant Applications-Summer 2025 Cycle" ("Solicitation") for more detailed information concerning the grant programs and the application submission requirements.

A. Name of grant program: Higher Education Facilities Trust Fund (HEFT Grant Program).

B. Purpose for which HEFT Grant Program funds will be used: To provide grants to New Jersey's public and private institutions of higher education for the cost, or a portion of the cost, of the construction, reconstruction, development, extension, and/or improvement of instructional, laboratory, communication, and/or research facilities. [page=1897] **C. Amount of funding available:** The total amount of funds available pursuant to the HEFT Grant Program during the Summer 2025 Cycle is \$ 140,000,000. \$ 100,000,000 will be available for aggregate award to all of New Jersey's public and private institutions of higher education (with the exception of NJCU) and \$ 40,000,000 will be available for award to NJCU. Each applicant to the Summer 2025 Cycle may request funding in an aggregate amount of no more than \$ 20,000,000 for all submitted projects. Please see Section E for more information regarding NJCU.
