N.J.S.A. 19:61-9 AUDITS OF ELECTION RESULTS

2022 GENERAL ELECTION

Audit Date: November 27 & 28, 2022

The Mercer County Board of Elections (MC BOE) performed an audit consistent with the provisions of N.J.S.A. 19:61-9.

The General Election held November 8, 2022 was conducted with Nine (9) days of early voting using the Dominion ICX Ballot Marking Devices and ICP2 Tabulators w/ paper ballots, Vote-By Mail Ballots, Provisional Ballots, Emergency Ballots and the Election Day ballots that were scanned at the Board of Elections.

Pursuant to the statute 2% of audit Units of the paper ballot batches for each Congressional District within Mercer County were to be audited. Mercer County is comprised of three (2) Congressional Districts; 3 & 12.

The MC BOE conducted a hand-to-eye count of the paper records for the General Election held November 8, 2022 for the following offices: US Congress, County Commissioner and Mayor or Municipal Council.

Audit units were comprised of early voting ballots, election day machine ballots, vote-by-mail ballots, and provisional ballots. Based on less than 100 voting districts in Congressional Districts 3, 2 Units were required to be audited in CD3, and 2% from CD12

The following batches were randomly selected for the audit:

CONGRESSIONAL DISTRICT 3:

LAWRENCE PROVISIONALS – SCANNER ICC03-BATCH 54
HAMILTON PROVISIONALS – SCANNER ICC03-BATCH 15
HAMILTON MIB – ICC04-BATCH 22

EARLY VOTING

HAMILTON EARLY VOTING TABULATOR 108

PRINCETON EARLY VOTING TABULATOR 117

In CD 3, East Windsor, Lawrence, Robbinsville and Hamilton Twp, each Municipality hand to eye audit was 100% consistent with the scanned tally report except East Windsor Batch 55 was 01-116, where the circle was not completed entirely and it was considered an undervote. Hamilton Batch 15 was 01-50, the voter wrote in red pen and the tabulator did not pick up votes for the 3 candidates. Lawrence Batch 6 was 03-225, the ballots were not marked correctly and was considered and undervote.

In CD 12, Ewing, Princeton, Trenton South, Trenton North and West Windsor, each Municipality also was 100% consistent with the hand to eye count compared to the scanner tally report, with the exception of 1 Batch of West Windsor, Batch 97 was 01-50. A write in was not picked up during adjudication and was considered an undervote.

Lastly, we completed 2 Early Voting Site Tabulator audits in Hamilton and Princeton and both tabulators selected were 100% consistent with the hand to eye count compared to the scanner tally report.

If a voter completed their ballot in red, or did not complete an oval significantly enough to be detected by the tabulation equipment, the result is not assigned a vote. Any paper ballot which contained an overvote for a contest recorded it as an overvote and did not count the vote.
