

Lauren Zyriek,

The Monmouth County Board of Elections performed a post-election audit, Monday, November 28, 2022, in compliance with the provisions outlined in N.J.S.A. 19:61-9 and guidelines issued by the New Jersey Secretary of State's office. The audit was open to the public.

The batches for the audit were randomly selected by the public on November 28, 2022. Attached is the listing of the batches divided by Congressional district and sorted alphabetically by town. The machine, mail-in and provisional ballots were subject to a hand-to-eye count for the offices of U.S. House of Representatives, General Assembly, Monmouth County Sheriff, Monmouth County Commissioners, and local Mayor and Council/Committee races.

The tabulation accuracy was 100% with the exception of ballots with stray marks. To clarify, the tabulators do not record all anomalies on the ballots as votes. These ballots are sent to adjudication for further review. There was one machine sleeve that was short one ballot. Upon further investigation, it was discovered that there was a paper jam with that machine and the ballot was not deposited into the sleeve.

If you should have any concerns or questions, please contact me.

Regards,

Tracee Johnson, Chief Clerk
Monmouth County Board of Elections
