COMMENTS:

Total Ballots Issued are entered here once when sorting is completed for congressional districts or towns on election day. They are edited when sorting for early voting centers is completed, because provisionals submitted at early voting centers are sorted after individual towns on election day, and their provisionals tallied in the early voting center municipality. Thus, totals for all towns and districts for the entire election will only be final when all sorting is completed. Cells with asterisks will only match when all sorting is completed. Early voting provisionals are not yet included in this spreadsheet.
