

REAL ID TIP!

In preparation for having your documents scanned, know that financial information and account numbers can be blacked out on forms and cards such as checking account statements or ATM/Debit cards.

You can use a **black marker** on paper statements and **tape** on cards to black out this information.

REAL ID requires that we scan your identity documents. In most cases, as with debit cards and bank statements, this **ONLY** requires scanning the front of the document.

Avoid blacking out **names** and **address** on documents.
